SPF/N1176: Plan golf coaching sessions

Description

This unit is about planning for golf coaching sessions.

Scope

The scope covers the following :

- Collect and analyse information about participants
- Select and plan activities for the golf coaching session

Elements and Performance Criteria

Collect and analyse information about participants

To be competent, the user/individual on the job must be able to:

- PC1.** collect relevant information using appropriate methods of initial assessment
- PC2.** undertake performance analysis of participants
- PC3.** analyse the information and identify participants' needs and implications for planning the coaching sessions
- PC4.** identify the skills of golf to be developed in participants
- PC5.** identify physical, psychological and social factors which may affect the acquisition of the skills of golf

Select and plan activities for the golf coaching session

To be competent, the user/individual on the job must be able to:

- PC6.** access and interpret the key rules and etiquette requirements of golf
- PC7.** identify the type of golf facility and the resources needed for sessions
- PC8.** brief participant on the rules, equipment, types of golf course and other relevant information about the game of golf
- PC9.** identify and agree goals for coaching sessions with the participant
- PC10.** ensure session goals are consistent with the overall aims of the coaching programme
- PC11.** identify activities for each session that will motivate the participant and achieve the planned goals
- PC12.** plan for fun and enjoyment in the sessions
- PC13.** plan for a balance of golf instruction, activity and discussion within the sessions
- PC14.** select activities to improve the skills of golf - putting, chipping, pitching, bunker play, full swing, and on course situations
- PC15.** identify appropriate teaching methods and coaching styles to develop the skills of golf
- PC16.** carry out a risk assessment for planned activities
- PC17.** identify the information which should be collected to evaluate sessions

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** organizational procedure for accidents, safety response
- KU2.** relevant coaching resources from the National PGA / Federation or other coach related organisations
- KU3.** types of learning and coaching styles
- KU4.** fun and enjoyment in the sessions and their impact on the learning process
- KU5.** the stages of development and how they affect golf coaching sessions
- KU6.** the types of information which can be collected from participants
- KU7.** how to use different methods of initial assessment with participants such as physical, technical screening, interview, observation, etc.
- KU8.** how to plan golf coaching sessions for both individuals and groups
- KU9.** types of resources required for golf coaching sessions. e.g. equipment, clothing, teaching aids.
- KU10.** how to identify activities that will help the participants to achieve the goals
- KU11.** how to plan and take account of the type, intensity, duration and sequencing of activities appropriate to the participants
- KU12.** how to plan golf coaching sessions for participants with a disability
- KU13.** how to plan for evaluation of the golf coaching session
- KU14.** how to analyse information and identify the implications for the coaching sessions and the participants
- KU15.** the definition, role, purpose, technology and benefit of performance analysis in the coaching process
- KU16.** types of goals that participants can have including improve skills and techniques, improve tactical ability, fun and enjoyment, improve score performance, eg: golf handicap
- KU17.** the purpose of goal selection to motivate, inform and create a learning environment to improve the performance

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and understand all usage and safety manuals
- GS2.** develop safety guidelines/instructions
- GS3.** analyze the needs, expectation and limitation of participants
- GS4.** document health and fitness information
- GS5.** monitor participant behaviour and activities
- GS6.** maintain count of equipment, machinery, participants, etc.

SPF/N1177: Organise the golf coaching environment

Description

This unit is about preparing the golf coaching environment for safe and effective learning.

Scope

The scope covers the following :

- Prepare resources and facilities for golf coaching sessions
- Establish and maintain a safe environment for golf coaching
- Work effectively with others

Elements and Performance Criteria

Prepare resources and facilities for golf coaching sessions

To be competent, the user/individual on the job must be able to:

- PC1.** organise the golf facility and resources in a way that is appropriate for planned coaching sessions
- PC2.** ensure the coaching environment is safe, appropriate and conducive to learning for all participants
- PC3.** ensure other people involved in the session have the information they need
- PC4.** assist with the development of the facility in relation to improving the coaching environment

Establish and maintain a safe environment for golf coaching

To be competent, the user/individual on the job must be able to:

- PC5.** ensure participants and others have the necessary information about health and safety requirements for the session and relevant emergency procedures
- PC6.** ensure all golf equipment and facilities meet health, safety and other legal requirements
- PC7.** identify possible hazards and assess the likelihood of causing harm
- PC8.** implement planned procedures for managing risk during the sessions
- PC9.** follow organisational health and safety requirements

Work effectively with others

To be competent, the user/individual on the job must be able to:

- PC10.** interact (verbal, non-verbal and written) in a gender, disability, and culturally sensitive manner
- PC11.** promote a safe and interactive environment
- PC12.** identify and report inappropriate behaviour (e.g. sexual harassment) to appropriate authority

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** how to prepare resources for golf coaching sessions, e.g. facility, personal clothing and equipment, support from other staff, teaching aids and technological devices
- KU2.** the correct procedures associated with preparing golf resources such as checking the resources, correct lift and handling techniques, correct set up and arrangement of resources
- KU3.** how to ensure sure different environments are safe, appropriate and conducive to learning
- KU4.** role of other people involved in the golf coaching process, e.g., coaching staff, support
- KU5.** staff, facility staff, parents, etc.
- KU6.** how to prepare the golf coaching environment for both individuals and groups
- KU7.** typical hazards which can relate to activities in golf coaching sessions
- KU8.** conditions and external influences which can affect golf coaching sessions: environmental/ weather conditions, golf course access, cost to participate, etc.
- KU9.** health and safety requirements which can relate to the golf coaching process, including teaching bay and range organisation, personal equipment, golf etiquette
- KU10.** the requirements for health and safety that are relevant to the planned activities
- KU11.** how to revise session planning to minimise any risks due to the environment change, emergency and external influences
- KU12.** health and safety information

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** resolve conflicts
- GS2.** communicate in a clear and polite manner
- GS3.** report and record incidents and emergency situations
- GS4.** plan and facilitate effective group functioning for a diverse group of participants
- GS5.** interpret manufacturer guidelines to maintain and use equipment
- GS6.** create plan and progress report
- GS7.** remain updated about the latest golf related research
- GS8.** question participants appropriately to understand the nature of the problem and make a diagnosis
- GS9.** communicate in a polite and clear manner

SPF/N1178: Conduct effective golf coaching sessions

Description

This unit is about coaching different techniques of golf to participants

Scope

The scope covers the following :

- Prepare participants for golf coaching
- Analyse the skills and techniques of golf
- Conduct drills, activities and/or games to teach or develop the skills of golf
- Conclude golf coaching sessions

Elements and Performance Criteria

Prepare participants for golf coaching

To be competent, the user/individual on the job must be able to:

- PC1.** ensure proper dress code required for the game of golf - participant's and self
- PC2.** identify and assess participant's need and characteristics
- PC3.** provide useful information in regards to club selection pertaining the approach shot
- PC4.** identify the difference between male clubs, female clubs and senior citizen clubs
- PC5.** identify the pace of the game

Analyse the skills of golf

To be competent, the user/individual on the job must be able to:

- PC6.** provide participants with the information required to play the shot
- PC7.** identify swing fundamentals in terms of their effect on the ball flight laws, (along with swing principles and preferences)
- PC8.** identify and document golf swing movement from a bio-mechanical perspective and linked to ball flight laws
- PC9.** identify cause and effect relationships and document their relationship to error identification and correction
- PC10.** identify the golf swing and its purpose and break the swing into components, of pre-swing (set-up), backswing and forward swing fundamentals
- PC11.** identify observable body movements for each stage of the swing in priority of importance
- PC12.** identify pre-swing and in-swing fundamentals
- PC13.** identify variances in swing mechanics for an extensive variety of shot types
- PC14.** evaluate a variety of techniques of the skills of golf
- PC15.** use appropriate technological aids to assist the assessment of technique e.g. video assessment, computer enhanced assessment systems, etc.
- PC16.** detect patterns of errors, by use of round analysis charts and statistical results

Conduct drills, activities to teach or develop participant's skill

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC17.** select teaching methods and coaching style to match the participants readiness to learn the skills
- PC18.** identify sufficient space and resources for the drills, activities and/or games
- PC19.** conduct sessions to teach fundamentals of golf, e.g. top hand grip, bottom hand grip, body alignment, ball positioning, etc.
- PC20.** conduct sessions to introduce swing; takeaway, L-position, transition and top of backswing, impact, follow through and finish, etc.
- PC21.** conduct drills to improve the swing
- PC22.** conduct drills, activities and/or games to teach ball flight laws
- PC23.** conduct drills to teach putting, chipping, pitching, bunker play, etc.
- PC24.** conduct drills to teach chip, punch, flop, lay-up, putt, etc.
- PC25.** deliver drills, activities and/or games to increase consistency, reliability and develop accuracy
- PC26.** select relevant and technically correct information, explanations and demonstrations to conduct drills, activities and/or games
- PC27.** use appropriate teaching aids and technological devices to assist in diagnosis of errors and their correction
- PC28.** select practical involvement when adjusting and refining skills on an individualised basis
- PC29.** ensure drills, activities are conducted in accord with the safety considerations and accepted good practice of golf
- PC30.** identify when and how intervention should take place to improve individual skill performance
- PC31.** analyse participants skill execution and apply a range of correction techniques to all learning stages and player ability levels
- PC32.** apply specific and appropriate correction techniques to improve skill execution on an individualised and/or group basis
- PC33.** undertake observation with minimal disruption to the flow of the drills, activities and/or games

Conclude golf coaching sessions

To be competent, the user/individual on the job must be able to:

- PC34.** allow sufficient time to end the session
- PC35.** conduct cool down activities appropriate to the session and participants
- PC36.** encourage the participants to give feedback and identify further needs
- PC37.** provide participants an accurate summary of your feedback on the session
- PC38.** select and use methods of motivating the participants
- PC39.** provide information about the sport/activity and future opportunities to take part
- PC40.** follow the correct procedures for checking and dealing with any equipment used
- PC41.** leave the environment in a condition acceptable for future use

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the rules/regulations of golf appropriate to the level of participant

Qualification Pack

- KU2.** the history, traditions and spirit of the game and golf etiquette
- KU3.** the golf handicap system and how to score and process results
- KU4.** control of ball flight
- KU5.** factors associated with accuracy, distance, direction and spin
- KU6.** golf terminology: appropriate golf terms and their definitions
- KU7.** pre-swing factors and the effect on in swing factors
- KU8.** in-swing factors: movement of the body
- KU9.** use of computer aided devices
- KU10.** mental game factors: concentration, visualisation, emotional control etc.
- KU11.** tactics and playing strategy
- KU12.** the plan for the tournament play
- KU13.** the cause-and-effect relationships in the skills of golf
- KU14.** drills, activities and games to teach the skills of golf
- KU15.** relevant equipment and safety requirements for safe participation
- KU16.** golf organisation and governance
- KU17.** • factors effecting skill development including environmental, physiological, psychological
• and biomechanical constraint
- KU18.** • definitions of skill coordination, motor skill learning, skill acquisition, skill retention, skill
• transfer etc.
- KU19.** the methods of performance analysis, purpose and their benefits
- KU20.** the process of interpreting and using analysis information to inform coaching practice
- KU21.** types of feedback such as intrinsic, extrinsic, knowledge of results, knowledge of performance, frequency, accuracy, timing, nature etc.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret golf teaching manuals
- GS2.** brief participants in all aspects of the session
- GS3.** convey information about the safety aspects of the session
- GS4.** give and receive feedback
- GS5.** recognise and correct player performance errors
- GS6.** apply first aid and emergency response

SPF/N1179: Evaluate golf coaching

Description

This unit is about monitoring and evaluating golf coaching sessions and programs.

Scope

The scope covers the following :

- Evaluate participant performance
- Evaluate golf coaching sessions

Elements and Performance Criteria

Evaluate participant performance

To be competent, the user/individual on the job must be able to:

- PC1.** conduct participant evaluations at planned points incorporating the skills of golf
- PC2.** review participant performance against their planned goals
- PC3.** measure and identify participant progress
- PC4.** use golf related monitoring techniques in the evaluation of performance
- PC5.** brief the outcomes of your evaluation with the participants
- PC6.** agree how to progress or adapt participant goals
- PC7.** record all aspects of your evaluation for future reference
- PC8.** create an evaluation report for the participant

Evaluate golf coaching sessions

To be competent, the user/individual on the job must be able to:

- PC9.** review all aspects of the planning and delivery of the coaching sessions
- PC10.** review the outcomes of coaching sessions in the light of feedback from participants and other people involved in the session
- PC11.** review the sessions in terms of fun, enjoyment, motivation and retention
- PC12.** identify how closely the outcomes and feedback met the critical success factors for the sessions
- PC13.** identify how effective your management of the sessions were, including health, safety and welfare issues
- PC14.** identify ways in which future coaching sessions could be improved
- PC15.** record all aspects of your evaluation for future reference

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** types of performance evaluation used in golf
- KU2.** ways to verify the information

Qualification Pack

- KU3.** external factors affecting the outcome of the program
- KU4.** ways to provide positive and timely feedback during the review
- KU5.** the most appropriate way of evaluating the programme
- KU6.** ways to record recommendations for improvement to future programmes

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** report and record incidents and emergency situations
- GS2.** create plan and progress report
- GS3.** remain updated about the latest golf related research
- GS4.** question participants appropriately to understand the nature of the problem and make a diagnosis
- GS5.** communicate in a polite and clear manner

SPF/N1169: Improve workplace resource usage

Description

This unit is about increasing efficiencies and maximizing the use of materials, particularly resources, energy, and trash, in workplace operations.

Scope

The scope covers the following :

- conservation procedures for materials
- power conservation methods
- waste management/recycling procedures

Elements and Performance Criteria

conservation procedures for materials

To be competent, the user/individual on the job must be able to:

- PC1.** determine ways to optimize usage of material including water in various tasks/activities/processes
- PC2.** examine various tasks/activities/processes for spills/leaks
- PC3.** eliminate spills/leaks and escalate to appropriate authorities if they cannot be corrected
- PC4.** conduct routine cleaning of tools, machines, and equipment

power conservation practices

To be competent, the user/individual on the job must be able to:

- PC5.** determine ways to optimize usage of electricity/energy in various tasks/activities/processes
- PC6.** ensure if the equipment/machine is functioning normally before commencing work and rectify wherever required
- PC7.** report equipment malfunctions (fumes/sparks/emission/vibration/noise) and lapses in maintenance
- PC8.** ensure that all electrical equipment and appliances are correctly connected and turned off when not in use

waste management/recycling procedures

To be competent, the user/individual on the job must be able to:

- PC9.** determine recyclable and non-recyclable, and hazardous waste generated
- PC10.** separate waste into different categories
- PC11.** discard non-recyclable waste appropriately
- PC12.** store recyclable and reusable materials in a designated spot

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** potential hazards, risks and threats based on the nature of work
- KU2.** layout of the workstation and electrical and thermal equipment used
- KU3.** organizations' procedures for minimizing waste
- KU4.** efficient and inefficient utilization of material and water
- KU5.** ways of efficiently managing material and water in the process
- KU6.** basics of electricity and prevalent energy efficient devices
- KU7.** ways to recognize common electrical problems
- KU8.** common practices of conserving electricity
- KU9.** usage of different colours of dustbins
- KU10.** categorization of waste into dry, wet, recyclable, non-recyclable and items of single-use plastics
- KU11.** waste management and methods of waste disposal
- KU12.** common sources of pollution and ways to minimize it

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record data on waste disposal at workplace
- GS2.** complete statutory documents relevant to safety and hygiene
- GS3.** read Standard Operating Practices (SOP) documents
- GS4.** communicate with colleagues on the significance of greening of jobs
- GS5.** make timely decisions for efficient utilization of resources
- GS6.** complete tasks efficiently and accurately within stipulated time
- GS7.** work with supervisors/team members to carry out work related tasks
- GS8.** identify cause and effect of greening of jobs

Qualification Pack

DGT/VSQ/N0103: Employability Skills (90 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC5.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC6.** recognize the significance of 21st Century Skills for employment

Qualification Pack

- PC7.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC8.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC9.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC10.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC11.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC12.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC13.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC14.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC15.** use active listening techniques for effective communication
- PC16.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC17.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC18.** communicate and behave appropriately with all genders and PwD
- PC19.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC20.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC21.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC22.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC23.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC24.** operate digital devices and use their features and applications securely and safely
- PC25.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC26.** display responsible online behaviour while using various social media platforms

Qualification Pack

- PC27.** create a personal email account, send and process received messages as per requirement
- PC28.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC29.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC30.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC31.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC32.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of customers and ways to communicate with them
- PC34.** identify and respond to customer requests and needs in a professional manner
- PC35.** use appropriate tools to collect customer feedback
- PC36.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC37.** create a professional Curriculum vitae (Résumé)
- PC38.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC39.** apply to identified job openings using offline /online methods as per requirement
- PC40.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC41.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** need for employability skills and different learning and employability related portals
- KU2.** various constitutional and personal values
- KU3.** different environmentally sustainable practices and their importance
- KU4.** Twenty first (21st) century skills and their importance
- KU5.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU6.** importance of career development and setting long- and short-term goals
- KU7.** about effective communication
- KU8.** POSH Act
- KU9.** Gender sensitivity and inclusivity
- KU10.** different types of financial institutes, products, and services

Qualification Pack

- KU11.** components of salary and how to compute income and expenditure
- KU12.** importance of maintaining safety and security in offline and online financial transactions
- KU13.** different legal rights and laws
- KU14.** different types of digital devices and the procedure to operate them safely and securely
- KU15.** how to create and operate an e- mail account
- KU16.** use applications such as word processors, spreadsheets etc.
- KU17.** how to identify business opportunities
- KU18.** types and needs of customers
- KU19.** how to apply for a job and prepare for an interview
- KU20.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and write different types of documents/instructions/correspondence in English and other languages
- GS2.** communicate effectively using appropriate language in formal and informal settings
- GS3.** behave politely and appropriately with all to maintain effective work relationship
- GS4.** how to work in a virtual mode, using various technological platforms
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of aggregate marks to successfully clear the assessment.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(**Please note:** Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
