SPF/N1201: Plan for camping and trekking activities

Description

This unit is about planning for outdoor, camping and trekking activities.

Scope

The scope covers the following :

- Prepare logistics for the trek
- Set fitness expectations for the trek
- Prepare navigation and orientation
- Select gear and equipment for the trek

Elements and Performance Criteria

Prepare logistics for the trek

To be competent, the user/individual on the job must be able to:

- PC1.** assess trekkers' preferences, skill levels, and physical capabilities for outdoor activities
- PC2.** create detailed itineraries, including transportation arrangements and accommodation options
- PC3.** assist in obtaining necessary permits and ensuring compliance with local regulations to ensure a smooth and legal outdoor experience
- PC4.** consider factors like weather conditions, seasonal variations, and terrain challenges
- PC5.** identify suitable routes, estimating distances, rest stops and water sources

Set fitness expectations for the trek

To be competent, the user/individual on the job must be able to:

- PC6.** assess trekkers' fitness levels and provide guidance on physical preparation
- PC7.** recommend appropriate clothing and footwear for trekking
- PC8.** discuss pacing, rest stops, and managing fatigue during long treks
- PC9.** educate on the importance of hydration and nutrition during trekking activities

Prepare navigation and orientation

To be competent, the user/individual on the job must be able to:

- PC10.** utilize topographic maps, compasses, GPS devices, and trail markers for navigation
- PC11.** interpret trail maps, understanding elevation changes, and identifying landmarks
- PC12.** teach navigation skills to trekkers, including route planning and map reading
- PC13.** adapt navigation strategies in response to unexpected circumstances or changes in trail conditions

Select gear and equipment for the trek

To be competent, the user/individual on the job must be able to:

- PC14.** recommend appropriate gear based on camping activity, climate, and duration
- PC15.** assist trekkers in selecting camping gear and clothing

Qualification Pack

- PC16.** explain proper use of equipment, such as tents, backpacks, sleeping bags, and cooking utensils
- PC17.** teach trekkers equipment maintenance and repair techniques
- PC18.** suggest alternative equipment or gear modifications that can enhance comfort, safety, or efficiency based on specific circumstances

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** difference between hiking, trekking, expedition, etc.
- KU2.** outdoor areas, trails, camping sites, and points of interest in the region where the activities take place
- KU3.** local regulations, permits, and any specific guidelines for camping and trekking in the area
- KU4.** cultural, historical, or natural significance of the region
- KU5.** local flora, fauna, and their habitats, and the ability to educate trekkers on the importance of conservation and preservation
- KU6.** environmental principles and practices
- KU7.** wide range of camping and trekking gear
- KU8.** group dynamics and facilitation techniques

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively and clearly in a polite manner
- GS2.** plan and organize
- GS3.** build rapport
- GS4.** optimize the time available to achieve the desired outcomes
- GS5.** address issues and challenges
- GS6.** demonstrate empathy
- GS7.** remain updated with the latest trends, and advancements
- GS8.** maintain detailed records of trekkers, adjustments, and outcomes
- GS9.** evaluate the effectiveness of guiding strategies and adjust them as needed
- GS10.** lead and motivate trekkers in creating a positive learning environment and promote physical fitness

SPF/N1202: Guide and monitor trekkers

Description

This unit is about guiding and monitoring trekkers

Scope

The scope covers the following :

- Educate trekker on basics of hiking and trekking
- Guide trekkers on nature observation
- Manage waste during camping and trekking
- Work effectively with others

Elements and Performance Criteria

Educate trekkers on basics of hiking and trekking

To be competent, the user/individual on the job must be able to:

- PC1.** guide trekkers to explore trek through diverse terrains
- PC2.** guide trekkers to watch their foot placement on uneven terrain, including rocks, roots, or slippery surfaces, to prevent slips, trips, or falls.
- PC3.** guide trekkers to maintain good balance by keeping the center of gravity aligned and using trekking poles if necessary
- PC4.** guide trekkers to cultivate a positive mindset and maintain mental resilience during challenging sections of the hike or trek
- PC5.** guide trekkers in practicing mindfulness and deep breathing exercises to stay present and engaged in the experience
- PC6.** ensure that trekkers drink water regularly, even before feeling thirsty to prevent dehydration
- PC7.** ensure that trekkers consume nutritious snacks or meals, such as energy bars, fruits, and trail mix, provides sustained energy throughout the outdoor, camping and trekking
- PC8.** ensure that trekkers are mindful of dietary restrictions or allergies and carrying suitable food options is essential for maintaining energy levels and overall well-being
- PC9.** guide trekkers to set up tents and create temporary campsites to spend the night immersed in the outdoor environment
- PC10.** conduct activities to provide opportunities for trekkers to appreciate starry nights, and enjoy the serenity of nature

Guide trekkers on nature observation

To be competent, the user/individual on the job must be able to:

- PC11.** guide trekkers to engage in observing and appreciating the diverse flora and fauna found in the outdoor environment
- PC12.** help trekkers in spotting various species of birds, animals, and plants and learn about their behaviors and habitats
- PC13.** guide trekkers, if required, to capture images of landscapes, wildlife, and natural wonders encountered during the activities

Qualification Pack

PC14. discuss the benefits and limitations of using photography or journaling as a means of self-reflection and preserving memories of the outdoor adventure

Manage waste during camping and trekking

To be competent, the user/individual on the job must be able to:

PC15. ensure that trekkers, practice responsible waste management during the hike or trek

PC16. ensure that trekkers carry a garbage bag to collect and properly dispose of any litter they encounter along the trail

PC17. promote the concept of "pack it in, pack it out" to ensure that no trace of the group's presence is left behind

Work effectively with others

To be competent, the user/individual on the job must be able to:

PC18. interact (verbal, non-verbal and written) in a gender, disability, and culturally sensitive manner

PC19. promote a safe and interactive environment

PC20. identify and report inappropriate behavior (e.g. sexual harassment) to appropriate authority

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. instructional strategies

KU2. the human body, including the musculoskeletal system, cardiovascular system, and respiratory system

KU3. the principles of exercise science, including muscle strength and endurance, flexibility, and cardiovascular fitness

KU4. usage of technology tools and resources

KU5. health and wellness principles, including nutrition, stress management, and overall well-being

KU6. cultural diversity and respecting the backgrounds and traditions of trekkers

KU7. the ways to maintain confidentiality and personal health information of trekkers in compliance with privacy laws and regulations

KU8. the professional standards and ethical guidelines

KU9. current research, trends, new training methodologies, emerging technologies, or evidence-based strategies and best practices

KU10. the importance of creating a supportive and inclusive environment

KU11. wildlife act and other compliances

KU12. importance of personal hygiene

KU13. importance of gender and its related concepts such as gender roles, gender equality, gender power relations etc

KU14. POSH (Prevention of Sexual Harassment) Act

Generic Skills (GS)

User/individual on the job needs to know how to:

SPF/N1203: Conclude camping and trekking activities

Description

This unit is about performing post camping and trekking activities

Scope

The scope covers the following :

- Evaluate the effectiveness of the camping and trekking program
- Maintain camping and trekking equipment post usage

Elements and Performance Criteria

Evaluate the effectiveness of the camping and trekking program

To be competent, the user/individual on the job must be able to:

- PC1.** debrief with the trekkers to review their achievements and reflect on the challenges faced
- PC2.** organize a post-trip celebration or gathering to commemorate the adventure
- PC3.** compile and curate photos and videos to create a memorable trip album or slideshow
- PC4.** write a trip report summarizing the highlights, challenges, and lessons learned
- PC5.** share the trip experiences and recommendations on social media or a personal blog
- PC6.** send personalized thank-you notes or emails to trekkers for their participation
- PC7.** follow up with trekkers to offer additional resources or answer any lingering questions
- PC8.** update personal knowledge and skills by researching new routes, camping spots, or trekking techniques
- PC9.** engage in professional development activities, such as attending workshops or certifications related to outdoor guiding
- PC10.** conduct a comprehensive post-trip analysis to identify areas for improvement in future outings
- PC11.** share trip stories and insights with fellow guides or colleagues in the outdoor industry
- PC12.** collaborate with local organizations or communities to support conservation efforts in the area visited
- PC13.** evaluate and refine safety protocols and risk management strategies based on the experience
- PC14.** seek opportunities for continued learning and growth in outdoor leadership and guiding skills
- PC15.** coordinate with local authorities or land management agencies to ensure compliance with regulations and permits
- PC16.** research and recommend local businesses or services that align with sustainable and eco-friendly practices
- PC17.** reflect on personal growth and achievements gained through guiding the outdoor, camping, and trekking experience

Maintain camping and trekking equipment post usage

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC18.** conduct a thorough inspection of camping gear and equipment for cleaning and maintenance
- PC19.** restock and replenish camping supplies and equipment for future trips
- PC20.** collect equipment and return them to their designated storage areas
- PC21.** wipe surfaces and any other equipment used during the trip, to maintain cleanliness and hygiene
- PC22.** empty the trash bins and recycling containers, ensuring that waste is disposed of properly and the space remains clean and tidy
- PC23.** maintain an inventory of the equipment, noting any items that need restocking or replenishment
- PC24.** follow manufacturer guidelines and recommendations for the maintenance and care of specific outdoor equipment
- PC25.** sanitize all equipment and store for future use

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the ways to assess the success of the trip, gather feedback, and identify areas for improvement
- KU2.** the importance of minimizing environmental impact and promoting sustainable practices
- KU3.** the ways to properly clean, inspect, and store camping gear and equipment
- KU4.** policies and procedures to enable ethical and compliant collection, use and storage of trekkers information
- KU5.** industry trends, new techniques, and best practices
- KU6.** methods of collecting feedback
- KU7.** trip metrics
- KU8.** POSH (Prevention of Sexual Harassment) Act

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** maintain a positive and professional demeanor
- GS2.** communicate in a professional and polite manner
- GS3.** build rapport
- GS4.** read and comprehend documents/questionnaire
- GS5.** seek input and feedback from trekkers

SPF/N1204: Maintain health & safety standards during the trekking activities

Description

This unit is about maintaining health & safety standards during the trekking activities

Scope

The scope covers the following :

- Conduct risk assessment
- Maintain equipment
- Prevent and attend to injuries

Elements and Performance Criteria

Conduct risk assessment

To be competent, the user/individual on the job must be able to:

- PC1.** conduct a thorough inspection of the trek, camping site to identify any potential hazards or risks that could pose a danger to trekkers
- PC2.** assess the severity and likelihood of identified hazards to determine the level of risk they pose
- PC3.** identify risks based on their severity and develop a plan to mitigate or eliminate them effectively
- PC4.** carry out proactive measures to minimize risks, such as implementing safety signage, setting up protective barriers, and providing necessary safety equipment
- PC5.** monitor and review the effectiveness of risk mitigation measures, making necessary adjustments and updates to maintain a safe environment

Maintain equipment

To be competent, the user/individual on the job must be able to:

- PC6.** conduct routine inspections of equipment to identify any signs of damage, wear, or malfunction
- PC7.** get the equipment cleaned and sanitized to maintain cleanliness, hygiene, and prevent the spread of germs or infections
- PC8.** take immediate action to repair or replace any equipment that is damaged, faulty, or poses a safety risk to trekkers
- PC9.** ensure proper storage of equipment when not in use, protecting it from environmental factors, such as moisture
- PC10.** maintain detailed records of equipment maintenance activities, including inspections, repairs, and replacements, to track the history and condition of equipment

Prevent and attend to injuries

To be competent, the user/individual on the job must be able to:

- PC11.** ensure that trekkers warm up before physical activities and guide them in performing dynamic stretches and exercises to prepare their muscles and prevent injuries

Qualification Pack

- PC12.** demonstrate proper technique and form for different movements and exercises to minimize the risk of strains, sprains, or other musculoskeletal injuries
- PC13.** supervise trekkers during activities to ensure they are using proper techniques, following safety guidelines, and engaging in safe behaviors
- PC14.** carry out rest and recovery session to prevent overuse injury
- PC15.** perform first aid and Cardiopulmonary Resuscitation (CPR) when required

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** safety protocols, including emergency procedures, first aid, and CPR
- KU2.** safety rules, guidelines, and practices specific to different activities to develop their awareness and adherence to safety protocols
- KU3.** emergency response procedures
- KU4.** how to assess physical injuries
- KU5.** administration of basic first aid including CPR
- KU6.** anatomy and physiology
- KU7.** the effect of various exercises according to physical characteristics of a person

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** seek medical assistance
- GS2.** consider environmental factors such as weather conditions, temperature, and terrain when planning and conducting activities
- GS3.** maintain accurate records of incidents, injuries, and safety checks
- GS4.** collaborate with other staff members
- GS5.** facilitate open and effective communication channels
- GS6.** create a safe and inclusive space for athletes
- GS7.** read and comprehend all usage and safety manuals for exercise equipment
- GS8.** provide counselling
- GS9.** remain emphatic and sensitive towards trekkers
- GS10.** uphold professional standards and ethical guidelines

SPF/N1169: Improve workplace resource usage

Description

This unit is about increasing efficiencies and maximizing the use of materials, particularly resources, energy, and trash, in workplace operations.

Scope

The scope covers the following :

- conservation procedures for materials
- power conservation methods
- waste management/recycling procedures

Elements and Performance Criteria

conservation procedures for materials

To be competent, the user/individual on the job must be able to:

- PC1.** determine ways to optimize usage of material including water in various tasks/activities/processes
- PC2.** examine various tasks/activities/processes for spills/leaks
- PC3.** eliminate spills/leaks and escalate to appropriate authorities if they cannot be corrected
- PC4.** conduct routine cleaning of tools, machines, and equipment

power conservation practices

To be competent, the user/individual on the job must be able to:

- PC5.** determine ways to optimize usage of electricity/energy in various tasks/activities/processes
- PC6.** ensure if the equipment/machine is functioning normally before commencing work and rectify wherever required
- PC7.** report equipment malfunctions (fumes/sparks/emission/vibration/noise) and lapses in maintenance
- PC8.** ensure that all electrical equipment and appliances are correctly connected and turned off when not in use

waste management/recycling procedures

To be competent, the user/individual on the job must be able to:

- PC9.** determine recyclable and non-recyclable, and hazardous waste generated
- PC10.** separate waste into different categories
- PC11.** discard non-recyclable waste appropriately
- PC12.** store recyclable and reusable materials in a designated spot

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** potential hazards, risks and threats based on the nature of work
- KU2.** layout of the workstation and electrical and thermal equipment used
- KU3.** organizations' procedures for minimizing waste
- KU4.** efficient and inefficient utilization of material and water
- KU5.** ways of efficiently managing material and water in the process
- KU6.** basics of electricity and prevalent energy efficient devices
- KU7.** ways to recognize common electrical problems
- KU8.** common practices of conserving electricity
- KU9.** usage of different colours of dustbins
- KU10.** categorization of waste into dry, wet, recyclable, non-recyclable and items of single-use plastics
- KU11.** waste management and methods of waste disposal
- KU12.** common sources of pollution and ways to minimize it

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record data on waste disposal at workplace
- GS2.** complete statutory documents relevant to safety and hygiene
- GS3.** read Standard Operating Practices (SOP) documents
- GS4.** communicate with colleagues on the significance of greening of jobs
- GS5.** make timely decisions for efficient utilization of resources
- GS6.** complete tasks efficiently and accurately within stipulated time
- GS7.** work with supervisors/team members to carry out work related tasks
- GS8.** identify cause and effect of greening of jobs

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of aggregate marks to successfully clear the assessment.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
