SPF/Q8109: Gym Equipment Service Supervisor

Brief Job Description

The Gym Equipment Service Supervisor is responsible for overseeing the maintenance and repair of gym equipment, ensuring that it is in optimal condition for use by gym members. This role involves supervising a team of technicians, coordinating equipment inspections, scheduling repairs, and ensuring efficient service delivery.

Personal Attributes

Individuals in this role should have an excellent interpersonal skill, communication skill, and the ability to work with and lead team members. Their excellent communication skills enable effective coordination with team members and stakeholders, while adaptability allows them to handle dynamic situations with ease.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

SPF/N8123: Prepare for the service of gym equipment

Description

This unit is about planning for the service of gym equipment

Scope

The scope covers the following :

- Plan for gym equipment service
- Manage vendor and inventory

Elements and Performance Criteria

Plan for gym equipment service

To be competent, the user/individual on the job must be able to:

- PC1.** develop and implement a preventive maintenance schedule for gym equipment
- PC2.** create a plan for routine inspections and identify maintenance needs
- PC3.** schedule and coordinate equipment repairs with minimal disruption
- PC4.** prioritize service tasks based on urgency and member needs
- PC5.** collaborate with the service team to establish efficient work schedules
- PC6.** assess equipment performance data and service records for improvement
- PC7.** conduct meetings with the team to address challenges and provide guidance
- PC8.** coordinate warranty services and procure necessary parts from vendors
- PC9.** analyze data for equipment upgrades or replacements
- PC10.** optimize the service planning process

Manage vendor and inventory

To be competent, the user/individual on the job must be able to:

- PC11.** establish relationships with vendors and suppliers for equipment parts and tools
- PC12.** negotiate pricing and contracts for equipment repairs and replacements
- PC13.** coordinate with vendors to ensure timely delivery of necessary materials
- PC14.** manage inventory levels of spare parts and tools for efficient equipment repairs
- PC15.** conduct regular inventory audits to track stock and identify replenishment needs
- PC16.** maintain accurate records of inventory, purchases, and service history
- PC17.** develop and implement inventory control procedures to minimize waste and loss
- PC18.** collaborate with vendors to stay updated on new equipment models and technology
- PC19.** evaluate vendor performance and seek alternative suppliers when necessary
- PC20.** monitor equipment warranty periods and coordinate warranty services with vendors
- PC21.** optimize procurement processes to streamline vendor management and inventory control

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** various types of gym equipment, their components, and functionality
- KU2.** safety protocols and regulations related to equipment maintenance and repair
- KU3.** maintenance requirements and schedules of various gym equipment types
- KU4.** equipment inspection procedures to identify potential issues or maintenance needs
- KU5.** electrical, non-electrical systems and hydraulic systems, and other technical aspects related to gym equipment
- KU6.** inventory management systems and procedures

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate and coordinate with the service team and equipment manufacturers/vendors
- GS2.** maintain accurate records of equipment maintenance, repairs, and service history
- GS3.** make informed recommendations for equipment upgrades, replacements, or modifications
- GS4.** facilitate process improvements
- GS5.** prepare report

SPF/N8124: Supervise the service of gym equipment

Description

This unit is about the management of gym equipment service processes, systems and methodologies

Scope

The scope covers the following :

- Resolve, diagnose service-related issues
- Supervise service quality
- Recommend improvement for service process
- Work effectively with others

Elements and Performance Criteria

Resolve, diagnose service related issues

To be competent, the user/individual on the job must be able to:

- PC1.** assist service technicians in troubleshooting and resolving equipment service-related issues
- PC2.** provide technical guidance and expertise to ensure efficient and effective service delivery
- PC3.** collaborate with the service team to allocate resources and prioritize tasks
- PC4.** coordinate with other departments, such as facilities or operations, to ensure smooth service activities
- PC5.** utilize problem-solving skills to identify root causes of equipment issues
- PC6.** implement appropriate solutions to resolve equipment malfunctions or failures
- PC7.** diagnose complex service problems and recommend corrective actions
- PC8.** collaborate with manufacturers or suppliers to obtain technical support for complex issues

Supervise service quality

To be competent, the user/individual on the job must be able to:

- PC9.** ensure service tasks are performed to high-quality standards and within specified timelines
- PC10.** conduct inspections and quality checks to verify the effectiveness of service activities such as equipment
- PC11.** functionality, wear and tear, proper alignment, calibration, loose or damaged parts
- PC12.** monitor and maintain compliance with safety protocols and regulations
- PC13.** provide feedback and guidance to service technicians to improve their work quality
- PC14.** implement initiatives to enhance service outcomes

Recommend improvement for service process

To be competent, the user/individual on the job must be able to:

- PC15.** evaluate service processes to identify areas for enhancement
- PC16.** implement improvements to streamline service operations and increase efficiency
- PC17.** collaborate with the team to develop and implement preventive maintenance programs

Work effectively with others

Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC18.** interact (verbal, non-verbal and written) in a gender, disability, and culturally sensitive manner
- PC19.** promote a safe and interactive environment
- PC20.** build profession relationship with the colleagues to enhance productivity

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** service procedures and protocols for routine maintenance, repairs, and inspections
- KU2.** correct sequence of steps to perform service activities on various types of gym equipment
- KU3.** components and mechanisms within gym equipment and their interconnections
- KU4.** safety protocols and regulations related to gym equipment service activities
- KU5.** best practices for ensuring the safety of both technicians and gym members during service procedures
- KU6.** quality assurance process
- KU7.** stay updated with industry trends and best practices to enhance diagnostic capabilities
- KU8.** utilize data analysis and performance metrics to identify bottlenecks and recommend improvements
- KU9.** importance of gender and its related concepts such as gender roles, gender equality, gender power relations etc.
- KU10.** POSH (Prevention of Sexual Harassment) Act

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** interpret technical documentation, diagrams, and schematics related to gym equipment
- GS2.** identify solutions to service issues and customer complaints
- GS3.** organize personnel and tasks according to service needs
- GS4.** maintain effective communication channels with team members and stakeholders for seamless coordination
- GS5.** seek feedback from stakeholders to identify opportunities for service process optimization

SPF/N8125: Manage service technicians and clients

Description

This unit is about managing service technicians and clients.

Scope

The scope covers the following :

- Assist with staffing and training of technicians
- Perform administrative duties
- Manage client relationship

Elements and Performance Criteria

Assist with staffing and training of technicians

To be competent, the user/individual on the job must be able to:

- PC1.** assess the skills and knowledge gaps of technicians and provide training and development opportunities
- PC2.** provide training on specific gym equipment models, their functionality, and service procedures
- PC3.** conduct hands-on training sessions to familiarize technicians with tools, diagnostic equipment, and software used in gym equipment service
- PC4.** offer ongoing training and development opportunities to enhance technicians' technical skills and knowledge
- PC5.** provide training on proper documentation practices to ensure accurate recording of service activities, repairs, and maintenance
- PC6.** mentor and coach technicians to enhance their performance and professional growth
- PC7.** provide constructive feedback and conduct performance evaluation
- PC8.** evaluate the effectiveness of training programs and make adjustments to improve their quality and impact
- PC9.** provide effective leadership and guidance to a team of technicians
- PC10.** delegate tasks, set priorities, and manage workloads
- PC11.** motivate and inspire technicians to achieve high-quality work and meet service goals

Perform administrative duties

To be competent, the user/individual on the job must be able to:

- PC12.** approve leave requests (e.g., vacations, personal leave, family leave)
- PC13.** prepare timesheets
- PC14.** communicate with clients or stakeholders regarding service updates, scheduling, and any administrative matters
- PC15.** assist in budgeting and financial tracking related to equipment service and maintenance

Manage client relationship

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC16.** identify clients' needs and expectations regarding gym equipment service
- PC17.** provide updates on service progress and address any concerns or issues
- PC18.** conduct regular client meetings to review service performance, gather feedback, and identify opportunities for improvement
- PC19.** identify and address any client dissatisfaction or complaints, striving for swift resolution
- PC20.** ensure that service technicians adhere to client-specific protocols or requirements when servicing equipment

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** performance metrics and key performance indicators to monitor technician performance quality control processes and procedures
- KU2.** proactive approach to implementing enhancements
- KU3.** importance of training and development to improve the efficiency of the workforce
- KU4.** different models and styles of leadership and how to select and successfully apply these to different people and situations
- KU5.** ways to motivate and inspire technicians to achieve high-quality work and meet service goals
- KU6.** types and usage of CRM (Customer Relationship Management) software

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** identify and resolve technician and service-related issues
- GS2.** make informed decisions quickly and effectively, especially during high-pressure situations
- GS3.** identify root causes of recurring problems and implement preventive measures
- GS4.** managing conflicts and resolving issues within the team
- GS5.** seek feedback from technicians and clients
- GS6.** maintain a customer-centric approach
- GS7.** build a strong reputation and enhance client retention

SPF/N1169: Improve workplace resource usage

Description

This unit is about increasing efficiencies and maximizing the use of materials, particularly resources, energy, and trash, in workplace operations.

Scope

The scope covers the following :

- conservation procedures for materials
- power conservation methods
- waste management/recycling procedures

Elements and Performance Criteria

conservation procedures for materials

To be competent, the user/individual on the job must be able to:

- PC1.** determine ways to optimize usage of material including water in various tasks/activities/processes
- PC2.** examine various tasks/activities/processes for spills/leaks
- PC3.** eliminate spills/leaks and escalate to appropriate authorities if they cannot be corrected
- PC4.** conduct routine cleaning of tools, machines, and equipment

power conservation practices

To be competent, the user/individual on the job must be able to:

- PC5.** determine ways to optimize usage of electricity/energy in various tasks/activities/processes
- PC6.** ensure if the equipment/machine is functioning normally before commencing work and rectify wherever required
- PC7.** report equipment malfunctions (fumes/sparks/emission/vibration/noise) and lapses in maintenance
- PC8.** ensure that all electrical equipment and appliances are correctly connected and turned off when not in use

waste management/recycling procedures

To be competent, the user/individual on the job must be able to:

- PC9.** determine recyclable and non-recyclable, and hazardous waste generated
- PC10.** separate waste into different categories
- PC11.** discard non-recyclable waste appropriately
- PC12.** store recyclable and reusable materials in a designated spot

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** potential hazards, risks and threats based on the nature of work
- KU2.** layout of the workstation and electrical and thermal equipment used
- KU3.** organizations' procedures for minimizing waste
- KU4.** efficient and inefficient utilization of material and water
- KU5.** ways of efficiently managing material and water in the process
- KU6.** basics of electricity and prevalent energy efficient devices
- KU7.** ways to recognize common electrical problems
- KU8.** common practices of conserving electricity
- KU9.** usage of different colours of dustbins
- KU10.** categorization of waste into dry, wet, recyclable, non-recyclable and items of single-use plastics
- KU11.** waste management and methods of waste disposal
- KU12.** common sources of pollution and ways to minimize it

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record data on waste disposal at workplace
- GS2.** complete statutory documents relevant to safety and hygiene
- GS3.** read Standard Operating Practices (SOP) documents
- GS4.** communicate with colleagues on the significance of greening of jobs
- GS5.** make timely decisions for efficient utilization of resources
- GS6.** complete tasks efficiently and accurately within stipulated time
- GS7.** work with supervisors/team members to carry out work related tasks
- GS8.** identify cause and effect of greening of jobs

DGT/VSQ/N0103: Employability Skills (90 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC5.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC6.** recognize the significance of 21st Century Skills for employment

Qualification Pack

- PC7.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC8.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC9.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC10.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC11.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC12.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC13.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC14.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC15.** use active listening techniques for effective communication
- PC16.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC17.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC18.** communicate and behave appropriately with all genders and PwD
- PC19.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC20.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC21.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC22.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC23.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC24.** operate digital devices and use their features and applications securely and safely
- PC25.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC26.** display responsible online behaviour while using various social media platforms

Qualification Pack

- PC27.** create a personal email account, send and process received messages as per requirement
- PC28.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC29.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC30.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC31.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC32.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of customers and ways to communicate with them
- PC34.** identify and respond to customer requests and needs in a professional manner
- PC35.** use appropriate tools to collect customer feedback
- PC36.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC37.** create a professional Curriculum vitae (Résumé)
- PC38.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC39.** apply to identified job openings using offline /online methods as per requirement
- PC40.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC41.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of aggregate marks to successfully clear the assessment.

Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Minimum Aggregate Passing % at QP Level : 70

(**Please note:** Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
