SVO/FIC/Q0101: Basic Sweets Maker

Brief Job Description

Odisha has a very rich culture of sweets. The state has indigenously prepared sweets and has claimed for GI tag. There is a good market of sweets and good number of Sweets making Industries are running. In the absence of skilled manpower or technician the entire work is managed by unskilled personnel. This course has been designed to generate Skilled man power in the field of Sweets making with all associated knowledge and skill of handling of tools and equipment, hygiene and safety. The employment opportunity in this domain is higher. It would be a long-term course of one-year duration.

SVO/FIC/N0101: Sweets Production Preparation

Description

Sweets production preparation, often referred to as confectionery, involves a variety of processes depending on the specific sweet being made. Generally, it includes ingredient selection and preparation, mixing and cooking, shaping and molding, and finally, cooling, packaging, and storage.

Scope

The scope covers the following :

- The "Sweets Production Preparation" NOS (National Occupational Standard) is the primary stage of Sweet making in which the entire production line is prepared.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Summarize the key role and responsibilities of "Sweets Maker".
- PC2.** Explain the layout and arrangement of Sweets Workshop
- PC3.** Explain milk-based sweets, flours base sweets, vegetables, fruits base sweets and their characteristics
- PC4.** Summarize the sweeteners both natural and artificial.
- PC5.** Explain about canning, packaging, labelling, storage,
- PC6.** Demonstrate Maintenance of equipment in Sweet industry
- PC7.** Discuss about personal hygiene and safety.
- PC8.** Identify the markets of Sweets and career opportunities
- PC9.** Demonstrate the arrangements of machinery
- PC10.** Identify/familiarize Tools and equipments and their usage
- PC11.** Identify/familiarize commonly used food additives used in sweets
- PC12.** Demonstrate grooming and personal hygiene
- PC13.** Do's and Don'ts in Sweets industry workshop
- PC14.** Perform Elementary First Aid
- PC15.** Maintain cleanliness and hygiene
- PC16.** Practice of Fire fighting and use of Fire Extinguisher
- PC17.** Identify different raw materials for different sweet products
- PC18.** Demonstrate ratio and proportions of quantities of ingredients.
- PC19.** Demonstrate product preparation flow chart
- PC20.** Demonstrate product pre-preparation preservation required for some ingredients
- PC21.** Determine physical and chemical properties of milk and other materials
- PC22.** Demonstrate different types of oil and fats used for sweet making
- PC23.** Identify different raw materials for different sweet products

Qualification Pack

PC24. Demonstrate ratio and proportions of quantities of ingredients.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Hygiene requirements and standards relevant to food processing unit.
- KU2.** Standards and procedures followed in the organisation for cleaning process and to disinfect equipment/ tools.
- KU3.** Job responsibilities/duties to maintain hygiene standards.
- KU4.** Know how to properly clean and sanitise equipment and utensils.
- KU5.** Knowledge of food safety standards and regulations (as per FSSAI)
- KU6.** Identify different raw materials used in different traditional sweets.
- KU7.** Grasping the fundamentals of ingredient selection, processing techniques, and quality control
- KU8.** Plan and prioritize production activities of traditional sweets making
- KU9.** Define resource management for sweet making
- KU10.** Define ways to plan capacity utilization of machinery

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read and interpret organisational policies, SOP, production charts, etc.
- GS2.** Communicate effectively with subordinates as well as supervisors.
- GS3.** Plan and prioritise various tasks.
- GS4.** Be always punctual and courteous.
- GS5.** Organise all process/equipment manuals to access information easily.
- GS6.** Discuss task lists, schedules, and activities with the senior/supervisor.
- GS7.** Question in order to understand the nature of the problem and to clarify queries.
- GS8.** Analyse critical points in day to day tasks through experience and observation and identify control measures to solve the issue.
- GS9.** Plan and prioritise the work based on the instructions received.
- GS10.** Support the manager in scheduling tasks for helper(s).
- GS11.** Understand customer requirements and their priority and respond as per their needs.
- GS12.** Apply domain information about maintenance processes and technical knowledge about tools and equipment.
- GS13.** Use acquired knowledge of the process for identifying and handling issues.

SVO/FIC/N0102: Sweets Making

Description

A sweets making describes the skills and knowledge required for various tasks related to sweet production in the food processing industry. This includes planning production, maintaining work areas and equipment, and organizing for the manufacturing process.

Scope

The scope covers the following :

- The scope for sweet-making is vast, encompassing diverse cultural traditions, technological advancements, and evolving consumer preferences. It's a global industry with strong roots in both traditional practices and modern innovations. The rise of vegan, gluten-free, and allergy-friendly options has created new markets for specialized sweets.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Test the properties and quality of milk.
- PC2.** Arrange Milk based products and other ingredients required in appropriate proportions.
- PC3.** Identify different Flavoring agents
- PC4.** Identify different Rising agents
- PC5.** Practice and perform milk based sweets
- PC6.** Practice and perform Flour based sweets
- PC7.** Practice and perform vegetable and Fruit based sweets
- PC8.** Demonstrate how to cool the products
- PC9.** Demonstrate leak detecting method with instruments

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Hygiene requirements and standards relevant to food processing unit.
- KU2.** Standards and procedures followed in the organisation for cleaning process and to disinfect equipment/ tools.
- KU3.** Job responsibilities/duties to maintain hygiene standards.
- KU4.** Know how to properly clean and sanitise equipment and utensils.
- KU5.** Knowledge of food safety standards and regulations (as per FSSAI)
- KU6.** Determine the use of different raw materials required in making sweet
- KU7.** Prepare raw materials required in making sweet
- KU8.** Demonstrate modern and traditional methods of Sweet making

Qualification Pack

- KU9.** Identify different equipment and machinery used for sweet making
- KU10.** operating procedure and general maintenance of food production machineries

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read and interpret organisational policies, SOP, production charts, etc.
- GS2.** Communicate effectively with subordinates as well as supervisors.
- GS3.** Plan and prioritise various tasks.
- GS4.** Be always punctual and courteous.

SVO/FIC/N0103: Sweets preservation, Packing and Labeling

Description

The "Sweets preservation, Packing and Labeling" NOS (National Occupational Standard) is an important part of the sweet manufacturing process. It protects food products from physical, chemical, and biological damage along with enhancing the outlook. Many reasons are considered for Preservation, Packing and Labeling of a given product such as display, convenience, handling, sale, security concerns, barrier protection, physical protection, information transmission, agglomeration or containment, marketing and finally portion control.

Scope

The scope covers the following :

- The scope covers the following :
- Ensure food safety and personal hygiene
- Manage infection control
- Provides information details regarding the Sweets.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify Commonly used packaging materials
- PC2.** Perform how to sterilize the canned products.
- PC3.** Perform how to pack using appropriate methods and machines appropriately.
- PC4.** Demonstrate canning of wet and dry products
- PC5.** Demonstrate the use of preservatives in different types of sweets
- PC6.** Demonstrate the standard practice followed in Labeling
- PC7.** Demonstrate how to do the maintenance of machines and equipments
- PC8.** Determine Acidity and pH.
- PC9.** Determine reducing sugar, sucrose, starch
- PC10.** Identify food components with respect to proteins, minerals, enzyme, carbohydrates, fatty acid etc.
- PC11.** Identify the different Microorganism in Sweets
- PC12.** Demonstrate the culture of Microorganism
- PC13.** Demonstrate food toxification effects
- PC14.** Demonstrate how to control microorganism
- PC15.** Demonstrate segregation of waste into different categories
- PC16.** Perform how to dispose recyclable and non recyclable waste
- PC17.** Perform how to dispose hazardous waste safely
- PC18.** Determine Acidity and pH.
- PC19.** Determine Adulteration of Milk and other ingredients

Qualification Pack

- PC20.** Determine Sulphur dioxide in the sweet product
- PC21.** Determine Benzoic Acid in the sweet product
- PC22.** Determine Fat in the product
- PC23.** Determine TSS(brix)
- PC24.** Test the product through the Analytical Instrumentation
- PC25.** Perform cut out analysis of canned sweets
- PC26.** Demonstrate quality standardization following FSSAI

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Hygiene requirements and standards relevant to food processing unit.
- KU2.** Job responsibilities/duties to maintain hygiene standards.
- KU3.** Knowledge of food safety standards and regulations (as per FSSAI)
- KU4.** Combining preservation techniques with MAP can significantly enhance shelf life and maintain product quality.
- KU5.** Types and categories of packaging materials and types of packaging machinery
- KU6.** storage procedures for raw materials, packaging materials and finished goods
- KU7.** cleaning procedures like CIP and COP
- KU8.** FSSAI regulations for handling additives as well as for packaging and labelling
- KU9.** Understanding Food Labels
- KU10.** understanding of product ingredients, nutritional content, allergens, and storage instructions to help consumers make informed choice

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Read and interpret organisational policies, SOP, production charts, etc.
- GS2.** Communicate effectively with subordinates as well as supervisors.
- GS3.** Plan and prioritise various tasks.

DGT/VSQ/N0104: Employability Skills (120 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** understand the significance of employability skills in meeting the current job market requirement and future of work
- PC2.** identify and explore learning and employability relevant portals
- PC3.** research about the different industries, job market trends, latest skills required and the available opportunities

Constitutional values - Citizenship

To be competent, the user/individual on the job must be able to:

- PC4.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. for personal growth and the nation's progress
- PC5.** follow personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC6.** follow and promote environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC7.** recognize the significance of 21st Century Skills for employment

Qualification Pack

- PC8.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life
- PC9.** adopt a continuous learning mindset for personal and professional development

Basic English Skills

To be competent, the user/individual on the job must be able to:

- PC10.** use English as a medium of formal and informal communication while dealing with topics of everyday conversation in different contexts
- PC11.** speak over the phone in English, in an audible manner, using appropriate greetings, opening, and closing statements both on personal and work front
- PC12.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC13.** write short messages, notes, letters, e-mails etc., using accurate English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC14.** identify career goals based on the skills, interests, knowledge, and personal attributes
- PC15.** prepare a career development plan with short- and long-term goals

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC16.** follow verbal and non-verbal communication etiquette while communicating in professional and public settings
- PC17.** use active listening techniques for effective communication
- PC18.** communicate in writing using appropriate style and format based on formal or informal requirements
- PC19.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC20.** • ensure personal behaviour, conduct, and use appropriate communication by taking gender into consideration
- PC21.** empathize with a PwD and aid a PwD, if asked
- PC22.** escalate any issues related to sexual harassment at the workplace in accordance with the POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC23.** identify and select reliable institutions for various financial products and services such as bank account, debit and credit cards, loans, insurance etc.
- PC24.** carry out offline and online financial transactions, safely and securely, using various methods and check the entries in the passbook
- PC25.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC26.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Qualification Pack

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC27.** operate digital devices and use their features and applications securely and safely
- PC28.** carry out basic internet operations by connecting to the internet safely and securely, using the mobile data or other available networks through Bluetooth, Wi-Fi, etc.
- PC29.** display responsible online behaviour while using various social media platforms
- PC30.** create a personal email account, send and process received messages as per requirement
- PC31.** carry out basic procedures in documents, spreadsheets and presentations using respective and appropriate applications
- PC32.** utilize virtual collaboration tools to work effectively

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC33.** identify different types of Entrepreneurship and Enterprises
- PC34.** use research and networking skills to identify and assess opportunities for potential business
- PC35.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC36.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC37.** identify different types of customers
- PC38.** identify and respond to customer requests and needs in a professional manner
- PC39.** use appropriate tools to collect customer feedback
- PC40.** follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

- PC41.** create a professional Curriculum vitae (Résumé)
- PC42.** search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively
- PC43.** apply to identified job openings using offline /online methods as per requirement
- PC44.** answer questions politely, with clarity and confidence, during recruitment and selection
- PC45.** identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** need for employability skills
- KU2.** different learning and employability related portals
- KU3.** various constitutional and personal values
- KU4.** different environmentally sustainable practices and their importance

Qualification Pack

- KU5.** Twenty first (21st) century skills and their importance
- KU6.** how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up
- KU7.** importance of career development and setting long- and short-term goals
- KU8.** Do's and don'ts of effective communication
- KU9.** POSH Act
- KU10.** inclusivity and its importance
- KU11.** different types of disabilities and appropriate verbal and non-verbal communication and behaviour towards PwD
- KU12.** different types of financial institutes, products, and services
- KU13.** components of salary and how to compute income and expenditure
- KU14.** importance of maintaining safety and security in offline and online financial transactions
- KU15.** different legal rights and laws
- KU16.** different types of digital devices and the procedure to operate them safely and securely
- KU17.** how to create and operate an e- mail account
- KU18.** use applications such as word processors, spreadsheets etc.
- KU19.** different types of Enterprises and ways to identify business opportunities
- KU20.** types and needs of customers
- KU21.** how to apply for a job and prepare for an interview
- KU22.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and write different types of documents/instructions/correspondence in English and other languages
- GS2.** communicate effectively using appropriate language in formal and informal settings
- GS3.** behave politely and appropriately with all to maintain effective work relationship
- GS4.** how to work in a virtual mode, using various technological platforms
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Assessment System Overview:

- ☐ Batches assigned to the assessment agencies for conducting the assessment on SIP or email.
- ☐ Assessment agencies send the assessment confirmation to VTP/TC looping SCTE&VT.
- ☐ SCTE&VT deploys the ToA certified Assessor for executing the assessment.
- ☐ SCTE&VT monitors the assessment process & records.

2. Testing Environment:

- ☐ Check the Assessment location, date and time.
- ☐ If the batch size is more than 30, then there should be 2 Assessors.
- ☐ Check that the allotted time to the candidates to complete Theory & Practical Assessment is correct.

Qualification Pack

3. Assessment Quality Assurance levels/Framework:

- ☐ Question bank is created by the Subject Matter Experts(SME) are verified/moderated by the other SME.
- ☐ Questions are mapped to the specified assessment criteria.
- ☐ Assessor must be SCTE&VT certified & trainer must be SCTE&VT Certified.

4. Types of evidence or evidence-gathering protocol:

- ☐ Time-stamped & geo tagged reporting of the assessor from assessment location.
- ☐ Centre photographs with sign boards and scheme specific branding.

5. Method of verification or validation:

- ☐ Surprise visit to the assessment location.

6. Method for assessment documentation, archiving, and access

- ☐ Hard copies of the documents are stored.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
