TEL/Q0200: Field Sales Executive

Brief Job Description

A Field Sales Executive is responsible for visiting customers to deliver prepaid telecom products and services to retailers. The individual's key responsibilities include achieving monthly revenue targets, expanding distribution networks, ensuring compliance in new customer enrollment, and growing the customer base. Additionally, the role may involve selling broadband subscriptions.

Personal Attributes

The individual should be smart, well-groomed, and presentable. The person should be a quick learner, adaptable to change, and skilled in communication and relationship management. A target-driven mindset, enthusiasm for long working hours, and strong active listening skills are essential in this role.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [TEL/N0216: Plan and execute field sales activities](#)
2. [TEL/N0217: Enroll and onboard new retailers](#)
3. [TEL/N0218: Sell broadband subscriptions](#)
4. [TEL/N9106: Follow sustainability practices in telecom retail and customer service operations](#)
5. [DGT/VSQ/N0101: Employability Skills \(30 Hours\)](#)

TEL/N0216: Plan and execute field sales activities

Description

This unit is about effectively planning, preparing for, and executing field sales activities by identifying potential customers, engaging with retailers, and ensuring compliance with organizational processes to achieve sales targets.

Scope

The scope covers the following :

- Identify and follow up on sales leads
- Prepare for retailer visits
- Conduct retailer visits and promote products
- Comply with sales and documentation processes

Elements and Performance Criteria

Identify and follow up on sales leads

To be competent, the user/individual on the job must be able to:

- PC1.** collect and document potential customer information from walk-ins, inquiries, campaigns, and referrals
- PC2.** categorize leads based on purchase interest and buying potential for effective follow-up
- PC3.** analyze sales data with supervisor to refine lead generation strategies
- PC4.** follow up with potential customers through calls, visits, or digital communication channels
- PC5.** maintain an updated database of leads, follow-ups, and conversions

Prepare for retailer visits

To be competent, the user/individual on the job must be able to:

- PC6.** maintain personal grooming and hygiene as per company standards
- PC7.** review assigned sales targets and plan field visits
- PC8.** schedule retailer visits based on the predefined route plan and market coverage strategy
- PC9.** follow updates on competitor offers, industry trends, and sales strategies
- PC10.** verify and collect the stock and promotional materials from the distributor
- PC11.** check stock and merchandise for quality, packaging, and accuracy before distribution
- PC12.** report defective or damaged stock to the distributor and request replacements

Conduct retailer visits and promote products

To be competent, the user/individual on the job must be able to:

- PC13.** visit retailers as per the planned route and scheduled appointments
- PC14.** arrange and display promotional materials to enhance brand visibility
- PC15.** monitor and update retailer stock levels and sales records
- PC16.** determine the product needs of retailers and address their concerns
- PC17.** present the product range, highlighting key features and benefits over competitor offerings

Qualification Pack

- PC18.** motivate retailers to increase sales by sharing success stories and market trends
- PC19.** deliver stock as per retailer requirements, and ensure proper documentation
- PC20.** collect payments from retailers, issue receipts, and record transactions as per company policy
- PC21.** assist in organizing promotional events to boost product awareness

Comply with sales and documentation processes

To be competent, the user/individual on the job must be able to:

- PC22.** assist customers in completing purchase documentation, including plan and personal details
- PC23.** follow KYC norms and verify customer documents before processing applications
- PC24.** issue official receipts and update sales records in the system
- PC25.** maintain proper documentation of all sales, payments, and customer details
- PC26.** submit daily sales reports to the Territory Sales Manager (TSM) for validation
- PC27.** report customer feedback, complaints, or unresolved issues to the relevant authority
- PC28.** seek customer referrals and recommendations to generate new business opportunities

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizational policies, sales procedures, and compliance requirements
- KU2.** importance of maintaining an updated database of leads and customer interactions
- KU3.** guidelines for personal presentation, dress code, and professional behaviour
- KU4.** sales targets, reporting structures, and performance evaluation criteria
- KU5.** market geography, key retail locations, and competitor activities
- KU6.** current product offerings, promotions, and pricing strategies
- KU7.** role of merchandising in increasing product visibility and retailer engagement
- KU8.** retailer stock management, ordering processes, and secondary sales tracking
- KU9.** techniques for handling objections, upselling, and cross-selling
- KU10.** documentation standards, KYC guidelines, and regulatory compliance
- KU11.** Standard Operating Procedures (SOPs) for sales calls and customer interactions
- KU12.** importance of collecting and analyzing sales data for business growth
- KU13.** customer relationship management and follow-up strategies
- KU14.** importance of maintaining accurate sales and transaction records

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** record and maintain sales-related data accurately
- GS2.** read and comprehend sales reports, product details, and company guidelines
- GS3.** communicate effectively with retailers and customers in a clear and professional manner
- GS4.** plan daily activities to ensure maximum territory coverage and productivity

Qualification Pack

- GS5.** adapt communication style to address different customer needs and retailer concerns
- GS6.** use basic arithmetic to track sales figures, payments, and stock levels
- GS7.** coordinate with team members and superiors for smooth workflow and issue resolution
- GS8.** listen actively to customer requirements and respond with relevant product solutions
- GS9.** build and maintain long-term relationships with retailers to encourage repeat business
- GS10.** adhere to organizational and regulatory guidelines for ethical sales practices

TEL/N0217: Enroll and onboard new retailers

Description

This unit covers the process of expanding the retailer base by enrolling new retailers to sell prepaid telecom products and services while ensuring compliance with company policies and regulatory requirements.

Scope

The scope covers the following :

- Identify and onboard new retailers
- Comply with enrollment policies and regulations

Elements and Performance Criteria

Identify and onboard new retailers

To be competent, the user/individual on the job must be able to:

- PC1.** identify potential retail outlets in high-footfall areas to maximize distribution reach
- PC2.** approach retailers and present the business opportunity, highlighting revenue potential
- PC3.** calculate and present the Return on Investment (ROI) based on sales potential and inventory turnover
- PC4.** offer a product portfolio aligned with retailer needs and market demand
- PC5.** guide retailers through the onboarding process, including document submission and approvals
- PC6.** arrange and position branding materials such as posters, standees, and signage at retail outlets
- PC7.** provide demo SIM cards or trial packs as per company guidelines

Comply with enrollment policies and regulations

To be competent, the user/individual on the job must be able to:

- PC8.** explain key regulatory requirements, including Mobile Number Portability (MNP), Know Your Customer (KYC) norms, and Telecom Regulatory Authority of India (TRAI) guidelines
- PC9.** verify submitted retailer documents for authenticity and compliance with KYC norms
- PC10.** collect and securely process retailer documents for activation and enrollment

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** criteria for selecting retail outlets, such as footfall, location, and business hours
- KU2.** organizational guidelines and procedures for enrolling new retailers
- KU3.** business communication etiquette for engaging with retailers professionally
- KU4.** methods for calculating investment, profit margins, and inventory turnover

Qualification Pack

- KU5.** range of telecom products and services, including activation, recharge, and bundling options
- KU6.** local market dynamics, cultural nuances, and retailer expectations
- KU7.** branding and merchandising guidelines to enhance product visibility at retail outlets
- KU8.** regulatory framework, including TRAI guidelines and retailer compliance obligations
- KU9.** KYC documentation processes for different customer categories, including local, outstation, and foreign customers
- KU10.** common challenges faced by retailers and strategies for addressing their concerns

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively in the local language to build strong retailer relationships
- GS2.** manage time efficiently to cover multiple retail locations and enrollments
- GS3.** identify and resolve issues related to retailer onboarding and documentation
- GS4.** adapt to market feedback and retailer concerns while maintaining business objectives
- GS5.** use digital tools and applications for customer enrollment and transaction processing
- GS6.** maintain accurate records of retailer details and document submissions
- GS7.** follow organizational and regulatory guidelines while handling customer data
- GS8.** work collaboratively with distributors, sales teams, and support staff for smooth operations
- GS9.** demonstrate professionalism in handling retailer feedback and objections
- GS10.** uphold ethical sales practices and compliance standards during retailer interactions

TEL/N0218: Sell broadband subscriptions

Description

This unit is about increasing broadband sales by identifying potential customers and enrolling new retailers to expand service reach.

Scope

The scope covers the following :

- Plan for broadband sales
- Sell broadband services

Elements and Performance Criteria

Plan for broadband sales

To be competent, the user/individual on the job must be able to:

- PC1.** collect and verify the previous day's Customer Enrollment Forms (CEFs) for completeness and accuracy
- PC2.** check daily reports to identify potential customers and target areas
- PC3.** evaluate the market and geographical area to identify demand and sales opportunities
- PC4.** follow sales strategies to achieve daily targets and address pending sales backlogs
- PC5.** select suitable promotional and engagement strategies based on customer segments
- PC6.** analyze competitor offerings and leverage organizational data to determine key selling points

Sell broadband services

To be competent, the user/individual on the job must be able to:

- PC7.** visit target locations and interact with potential customers as per the planned schedule
- PC8.** introduce broadband services to customers following standard engagement protocols
- PC9.** assess customer needs by asking relevant questions and understanding their usage requirements
- PC10.** recommend suitable broadband plans based on customer preferences and budget
- PC11.** explain value-added services, offers, and benefits provided by the organization
- PC12.** address customer queries and objections with accurate information
- PC13.** highlight key differentiators of broadband plans compared to competitor offerings
- PC14.** facilitate the subscription process based on customer interest
- PC15.** assist customers in completing necessary documentation and digital/on-paper enrollment processes
- PC16.** inform customers about available payment options, including online, card, and cash transactions

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** company policies and regulatory requirements for broadband subscription and CEF compliance
- KU2.** geographical segmentation and prime locations for targeted sales efforts
- KU3.** importance of sales reports and data analysis for strategic planning
- KU4.** various promotional tools such as brochures, digital marketing, and social media for customer outreach
- KU5.** ethical sales practices and professional standards for customer interactions
- KU6.** techniques to identify high-potential customers through profiling and engagement strategies
- KU7.** questioning and active listening techniques to assess customer needs effectively
- KU8.** broadband service features, pricing structures, and troubleshooting basics for customer guidance
- KU9.** key differentiators and advantages of the organization's broadband services over competitors
- KU10.** financial documentation and subscription processing to ensure a smooth onboarding experience

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** engage customers with a confident and persuasive approach
- GS2.** analyze customer responses to tailor sales pitches effectively
- GS3.** maintain a positive and customer-friendly demeanor
- GS4.** communicate clearly in English and local language as required
- GS5.** uphold professionalism in appearance and interactions
- GS6.** use digital tools and mobile applications for customer enrollment and service tracking
- GS7.** build trust and rapport with potential customers to enhance conversions
- GS8.** adapt communication style to different customer segments
- GS9.** manage time efficiently to maximize daily sales outreach
- GS10.** document and report sales activities accurately for tracking and follow-ups

TEL/N9106: Follow sustainability practices in telecom retail and customer service operations

Description

This focuses on following sustainable practices in telecom retail and customer service operations to minimize environmental impact and ensure compliance with environmental regulations.

Scope

The scope covers the following :

- Use resources efficiently
- Handle e-waste and waste disposal responsibly
- Promote sustainable products and practices
- Comply with environmental standards

Elements and Performance Criteria

Use resources efficiently

To be competent, the user/individual on the job must be able to:

- PC1.** use energy-efficient equipment and optimize electricity consumption by switching off unused devices
- PC2.** follow water conservation measures to reduce wastage
- PC3.** promote paperless operations by utilizing digital documentation and billing systems

Handle e-waste and waste disposal responsibly

To be competent, the user/individual on the job must be able to:

- PC4.** follow proper procedures for collecting, segregating, and disposing of e-waste
- PC5.** encourage customers to return used telecom products for recycling
- PC6.** segregate biodegradable and non-biodegradable waste and ensure safe disposal of hazardous materials

Promote sustainable products and practices

To be competent, the user/individual on the job must be able to:

- PC7.** offer eco-friendly and energy-efficient telecom products
- PC8.** educate customers on sustainable choices and their benefits
- PC9.** support responsible packaging initiatives by minimizing plastic usage

Comply with environmental standards

To be competent, the user/individual on the job must be able to:

- PC10.** follow government and company-specific environmental policies
- PC11.** assist in maintaining records of sustainability efforts for audits and regulatory compliance

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** the relevant environmental laws and policies
- KU2.** e-waste disposal regulations and approved recycling methods
- KU3.** company-specific sustainability policies and procedures
- KU4.** the importance of resource conservation in telecom retail and customer service operations
- KU5.** sustainable product features, including energy efficiency and eco-friendly materials
- KU6.** the impact of e-waste on the environment and sustainable disposal methods
- KU7.** the methods to minimize resource wastage, including electricity, water, and packaging materials
- KU8.** the techniques for optimizing operational efficiency through sustainable practices
- KU9.** the guidelines for engaging with customers on sustainability awareness
- KU10.** energy-efficient devices, such as LED lights, and smart power strips
- KU11.** digital billing and documentation
- KU12.** use of waste segregation containers and e-waste disposal bins

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret environmental policies, guidelines, and sustainability-related documentation
- GS2.** document sustainability initiatives and maintain records
- GS3.** explain sustainability measures and eco-friendly product benefits to customers and colleagues
- GS4.** identify and resolve issues related to sustainability, such as improper waste disposal
- GS5.** work with colleagues to implement and promote sustainability initiatives in the workplace
- GS6.** educate customers on sustainability practices and encourage responsible behaviour
- GS7.** manage tasks effectively while ensuring compliance with sustainability standards
- GS8.** use digital platforms for paperless operations, online customer interactions, and sustainability tracking
- GS9.** learn new sustainable technologies and practices to improve telecom retail operations

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
