## Qualification Pack

### THC/N0134: Conduct Research and Formulate Strategies

#### Description

This OS unit is about conducting competitor and market research and analyzing the facts and figures to formulate and implement revenue generation strategies.

#### Scope

The scope covers the following :

- Analyze facts and figures to formulate strategies
- Conduct competitor analyses
- Create and implement pricing strategies

#### Elements and Performance Criteria

##### *Analyze facts and figures to formulate strategies*

To be competent, the user/individual on the job must be able to:

- PC1.** coordinate with front desk personnel to track guest trends and reservations
- PC2.** conduct analysis of citywide and special events
- PC3.** analyze trends in group inventories & rates to include occupancy, goals, product line, and strategic sales goals
- PC4.** examine and monitor marketing channels, and other account production
- PC5.** analyze economic trends to determine the demand for hotel reservations based on tourism and business travel

##### *Conduct competitor analysis*

To be competent, the user/individual on the job must be able to:

- PC6.** evaluate the prices of the competitor periodically to ensure increased reservations and more revenue
- PC7.** monitor competitors closely for the shift in demand and strategy
- PC8.** monitor and analyze the competition weekly through the internet, news reports, etc. to identify emerging trends
- PC9.** identify the business mix of the competitors to better understand which hotels are similar to their own business and also to identify where potential advantages may exist

##### *Create and implement pricing strategies*

To be competent, the user/individual on the job must be able to:

- PC10.** identify new revenue opportunities through market analysis
- PC11.** forecast future demand and pricing trends
- PC12.** forecast monthly revenue and identify and communicate revenue opportunities to management
- PC13.** develop pricing strategies, including building rates for rooms and packages and determining discounts and special rates

## Qualification Pack

- PC14.** set room rates and other prices in order to keep the hotel pricing competitive and earn revenue
- PC15.** develop and enforce organizational financial policies and regulations
- PC16.** develop revenue recognition strategies to maximize the organization's revenue
- PC17.** implement revenue management operations, procedures, and best practices to maximize demand generators
- PC18.** review and recommend improvements to existing revenue management functions
- PC19.** develop internal control system to support revenue management activities
- PC20.** establish appropriate goals and benchmarks in order to effectively measure revenue performance
- PC21.** implement tools to automate and streamline consultations as well as document action plans
- PC22.** explore and provide variations in the market mix which would stimulate additional revenue without increasing costs
- PC23.** assist senior management in creating promotional campaigns in order to generate business
- PC24.** provide financial expertise to management for revenue improvements
- PC25.** foster a culture of revenue management throughout all departments of the hotel
- PC26.** develop and implement innovative marketing strategies focused on attracting guests from different key segments
- PC27.** provide critical analysis of strategies, room's statistics, and demand factors

### THC/N0135: Manage Revenue and the Team

#### Description

This OS unit is about managing the hotel's revenue and handling the revenue management team to ensure maximum revenue.

#### Scope

The scope covers the following :

- Manage hotel revenue
- Handle revenue management team

#### Elements and Performance Criteria

##### *Manage hotel revenue*

To be competent, the user/individual on the job must be able to:

- PC1.** assist senior management in budget preparation and expense control activities
- PC2.** determine the hotel's revenue after expenditures using the accounting processes
- PC3.** generate revenue reports and financial statements
- PC4.** analyze financial statements and determine monthly revenues and expenses
- PC5.** report financial information to general managers periodically
- PC6.** make suggestions for increasing revenue through changes in pricing and efforts in generating more business
- PC7.** assist the management in revenue accounting and closing processes on a monthly, quarterly, and annual basis
- PC8.** identify and resolve revenue-related issues promptly
- PC9.** ensure the maintenance of revenue management standards
- PC10.** review and measure hotel revenue performance against established goals
- PC11.** ensure overall development and implementation of rate and occupancy
- PC12.** coordinate with each department to develop property-specific strategies to ensure positive growth
- PC13.** ensure that all major channels of distribution like the Internet, GDS, CRO, Wholesale effectively support the hotel and maintain rate parity
- PC14.** provide management with qualified analysis of how each booking will impact occupancy, average rate, and rooms profit over the dates in question
- PC15.** work on all revenue management projects as requested e.g., implementing formal end of the month reporting process, providing roll-up reporting for corporate users and the brand team, etc.
- PC16.** manage the digital presence of the hotel
- PC17.** analyze and determine whether the hotel is effectively marketing itself across electronic distribution channels

## Qualification Pack

**PC18.** ensure that all room statistics reports, including the financial statement, and any other related reports are accurate and consistent

**PC19.** ensure that all revenue management related systems are maintained like Opera/Fidelio/Protel, etc.

### *Handle revenue management team*

To be competent, the user/individual on the job must be able to:

**PC20.** assess the resource requirement for the revenue management team

**PC21.** set clear team goals and targets

**PC22.** delegate tasks to the team members and set deadlines

**PC23.** organize regular meeting with the team to get feedback, update, and maintaining a good relationship with the team members

**PC24.** manage orientation for new hires and training programs for the existing employees to train them on the revenue management of the organization

**PC25.** prepare training materials training schedules for the team members

**PC26.** complete and administer employee performance appraisals

**PC27.** analyze and resolve conflicts in the team, in a timely and accurate manner

**PC28.** implement new initiatives to improve the performance of the team

**PC29.** ensure that team members follow standard procedures at all times

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

**KU1.** budget preparation process

**KU2.** principles of financial management and accounting

**KU3.** ways to increase revenue

**KU4.** revenue and expenditure analysis techniques

**KU5.** revenue maintenance standards

**KU6.** maintenance procedures of distribution channels

**KU7.** impact analysis techniques

**KU8.** maintenance procedures of revenue management systems

**KU9.** ways to delegate tasks to the team members

**KU10.** effective ways to debrief the team

**KU11.** procedure to conduct team meetings, orientations, and training

**KU12.** employee performance parameters

**KU13.** ways to give constructive feedback

**KU14.** team management techniques

**KU15.** conflict management strategies

## Generic Skills (GS)

User/individual on the job needs to know how to:

## Qualification Pack

- GS1.** read and interpret financial information
- GS2.** analyze revenue management policies
- GS3.** communicate effectively with the revenue management team and senior management
- GS4.** resolve staff conflicts

### THC/N9910: Ensure to maintain organisational confidentiality and guest's privacy

#### Description

This unit is about ensuring that confidentiality of the organisational information and the privacy of the guests is maintained at all times.

#### Scope

The scope covers the following :

- Ensure organisational confidentiality
- Ensure guests' privacy

#### Elements and Performance Criteria

##### *Maintain organisational confidentiality*

To be competent, the user/individual on the job must be able to:

- PC1.** prevent leak of new plans and designs to competitors
- PC2.** ensure protection of employee information
- PC3.** prevent leak of organisation's policies like pricing strategies, revenue management policies, marketing plans etc.
- PC4.** take immediate and appropriate action in case of any IPR violation
- PC5.** make sure that the subordinates report any infringement observed by anyone in the organisation to the immediate supervisor
- PC6.** protect sensitive data with strong passwords and change passwords on a regular basis
- PC7.** ensure policies around confidential information are followed by all staff members

##### *Maintain guests' privacy*

To be competent, the user/individual on the job must be able to:

- PC8.** ensure the team refrains from infringing upon guest's professional deals and plans
- PC9.** make sure guest's personal information and financial data is protected all times
- PC10.** ensure proper disposal of guest's information like booking details, credit card slips etc.

#### Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** basics of IPR Laws, Trademark Laws, Patent Laws, etc. in the country, and penalties associated with them
- KU2.** organisation's policies on intellectual property rights and confidential information
- KU3.** organisation's product, service or design patents
- KU4.** how Intellectual property protection is important for competitiveness of an organisation
- KU5.** guidelines for crafting effective SOPs regarding IPR

## Qualification Pack

**KU6.** procedure for disposal of confidential documents

**KU7.** confidential data protection methods

### Generic Skills (GS)

User/individual on the job needs to know how to:

**GS1.** read and follow IPR and related information documents

**GS2.** manage communication regarding IPR infringement, prevention, and management

**GS3.** identify measures that can prevent potential infringements within the team

**GS4.** evaluate organisation policies and procedures and assess its robustness to prevent IPR infringements

**GS5.** analyse the impact of IPR infringement on the guests and the organization

### THC/N9907: Monitor and maintain health, hygiene and safety at workplace

#### Description

This OS unit is about ensuring a hazard free working environment along with maintaining health and hygiene and adoption of sustainable practices at workplace.

#### Scope

The scope covers the following :

- Ensure personal and workplace hygiene
- Maintain safe and secure working environment
- Follow effective waste management and recycling practices at workplace

#### Elements and Performance Criteria

##### *Ensure personal and workplace hygiene*

To be competent, the user/individual on the job must be able to:

- PC1.** ensure that self and team's work area is clean and tidy
- PC2.** ensure washing and sanitizing hands at regular intervals using hand wash & alcohol-based sanitizers by self as well as team members
- PC3.** make sure workplace is cleaned with appropriate cleaning solution and disinfectants as recommended
- PC4.** ascertain cleaning of the crockery and other articles as per established standards
- PC5.** monitor sanitization of all tools, equipment and machine touch-points at regular intervals
- PC6.** ensure that the trashcans are cleared regularly following the cleanliness and maintenance schedule
- PC7.** maintain personal hygiene and ensure the team members do the same
- PC8.** report to the concerned authority in case any co-worker is unwell
- PC9.** report personal health issues related to injury, food, air and infectious disease and avoid going to work if unwell

##### *Maintain safe and secure working environment*

To be competent, the user/individual on the job must be able to:

- PC10.** ensure safety procedures are followed while handling materials, tools, acids etc. and lifting or moving equipment and supplies
- PC11.** ensure use of appropriate PPE (gloves, three layered masks, long gown, headwear, glasses, goggles, footwear, etc.) by self and others at all times
- PC12.** make sure first aid procedures are followed appropriately
- PC13.** identify hazards at the workplace and report to the concerned person in time

##### *Follow effective waste management and recycling practices at workplace*

To be competent, the user/individual on the job must be able to:

- PC14.** identify and segregate recyclable, non-recyclable and hazardous waste at workplace

## Qualification Pack

- PC15.** segregate waste into different coloured dustbins
- PC16.** handle waste as per SOP
- PC17.** recycle waste wherever applicable
- PC18.** dispose of PPEs in a plastic bag, sealed and labelled as infectious waste

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizational policies on safety procedures at workplace
- KU2.** procedure to maintain cleanliness standards at workplace
- KU3.** compliance norms for established health and hygiene procedures at workplace
- KU4.** importance of preventive health check-up and healthy living
- KU5.** purpose and usage of PPE such as gloves, protective goggles, masks, etc.
- KU6.** basic first aid procedures
- KU7.** methods to minimize accidental risks
- KU8.** the significance of safe handling of chemicals, acids, etc. for cleaning
- KU9.** instructions for operating and handling equipment as per standard
- KU10.** emergency procedures to be followed in case of a mishappening such as fire accidents, etc.

## Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read organizational policy documents, manuals, instructions and information displayed at the workplace
- GS2.** fill in relevant forms, formats and checklist accurately
- GS3.** communicate effectively with visitors, co-workers and supervisors
- GS4.** analyze importance of personal hygiene
- GS5.** analyze the impact of not adhering to the health and safety procedures

## Assessment Guidelines and Assessment Weightage

### Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of % aggregate marks to successfully clear the assessment.

## Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

### Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

## Assessment Weightage

Compulsory NOS

| National Occupational Standards                                                  | Theory Marks | Practical Marks | Project Marks | Viva Marks | Total Marks | Weightage  |

### Glossary

|                                              |                                                                                                                                                                                                                                                                                                  |
|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Sector</b>                                | Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.                                                                      |
| <b>Sub-sector</b>                            | Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.                                                                                                                                                                                     |
| <b>Occupation</b>                            | Occupation is a set of job roles, which perform similar/ related set of functions in an industry.                                                                                                                                                                                                |
| <b>Job role</b>                              | Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.                                                                                                                                                                                |
| <b>Occupational Standards (OS)</b>           | OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts. |
| <b>Performance Criteria (PC)</b>             | Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.                                                                                                                                                                    |
| <b>National Occupational Standards (NOS)</b> | NOS are occupational standards which apply uniquely in the Indian context.                                                                                                                                                                                                                       |
| <b>Qualifications Pack (QP)</b>              | QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.                                                                                                                       |
| <b>Unit Code</b>                             | Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'                                                                                                                                                                                                        |
| <b>Unit Title</b>                            | Unit title gives a clear overall statement about what the incumbent should be able to do.                                                                                                                                                                                                        |
| <b>Description</b>                           | Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.                                                                                                                   |
| <b>Scope</b>                                 | Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.                                                                                            |

## Qualification Pack

|                                         |                                                                                                                                                                                                                                                                                                                                                                        |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Knowledge and Understanding (KU)</b> | Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.                                                                                                                                               |
| <b>Organisational Context</b>           | Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.                                                                                                                                                                       |
| <b>Technical Knowledge</b>              | Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.                                                                                                                                                                                                                                                               |
| <b>Core Skills/ Generic Skills (GS)</b> | Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles. |
| <b>Electives</b>                        | Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.                                                                            |
| <b>Options</b>                          | Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.                                                                                                                                                          |
