## Qualification Pack

### THC/N0244: Manage Laundry Operation

#### Description

This NOS is about managing the staff, maintaining laundry inventory, controlling costs, and supervising laundry activities to ensure guest satisfaction.

#### Scope

The scope covers the following :

- Manage laundry staff
- Manage laundry inventory and control cost
- Supervise laundry activities
- Resolve guest issues

#### Elements and Performance Criteria

##### *Manage laundry staff*

To be competent, the user/individual on the job must be able to:

- PC1.** ensure availability of adequate staff to perform laundry activities
- PC2.** prepare work schedule and duty roster of the laundry staff
- PC3.** brief the staff about the assigned duties
- PC4.** check staff workload and prioritize the work among the staff as per the requirement
- PC5.** hire new employees as per the requirement
- PC6.** identify the training requirement of the staff
- PC7.** train the staff about job responsibilities and quality standards
- PC8.** monitor the attendance of the staff and ensure that a backup is ready in case of unplanned leaves
- PC9.** resolve staff conflict, if any, for the smooth functioning of the department
- PC10.** maintain required records of work hours, payrolls, and other staff information
- PC11.** evaluate staff performance and recommend personnel actions, such as promotions, transfers, and dismissals, etc.

##### *Manage laundry inventory and control cost*

To be competent, the user/individual on the job must be able to:

- PC12.** identify the chemicals, detergents and equipment required in laundry department
- PC13.** estimate the quantity of materials that will be required in the next day's/week, as applicable
- PC14.** prepare weekly/daily requisition to procure stock from the store
- PC15.** check quantity of the stock received from the stores against requisition
- PC16.** perform the stock rotation of materials in the inventory
- PC17.** maintain stock records of the items in the inventory
- PC18.** ensure that all laundry equipment and supplies are stored properly

## Qualification Pack

- PC19.** ensure upkeep and maintenance of tools, equipment, or machinery provided for laundry department
- PC20.** liaison with the engineering department for the repair of faulty tools and equipment
- PC21.** prepare month-end inventory records
- PC22.** ensure that all activities in the laundry department are done within the planned budget
- PC23.** schedule working times and uptime the laundry, dry-cleaning, and finishing processes to ensure maximum utilization of water and energy
- PC24.** implement possible energy savings in the laundry department
- PC25.** develop new methods for increasing laundry efficiency
- PC26.** maintain records for all the expenses of the department

### *Supervise laundry activities*

To be competent, the user/individual on the job must be able to:

- PC27.** monitor the standard of operation for the department
- PC28.** inspect the flow of activities of the department as per the standards
- PC29.** make sure the laundry area is kept clean and tidy at all times
- PC30.** inspect guest laundry, dry cleaning and press work on a daily basis
- PC31.** supervise laundry staff to use laundry materials optimally
- PC32.** ensure that guest clothes and linen are washed as per the prescribed standard
- PC33.** ensure prompt pick-up and delivery of garments to the guest
- PC34.** supervise the uniform laundry process and ensure it reaches the concerned department as per the schedule
- PC35.** monitor the laundry process to ensure planned schedule
- PC36.** ensure distribution of linen to guestrooms and food and beverage department as per the standards
- PC37.** prepare monthly laundry and dry-cleaning summary report

### *Resolve guest issues*

To be competent, the user/individual on the job must be able to:

- PC38.** identify the issues or problems received from the guest
- PC39.** resolve the laundry service problems as per the organisational standards
- PC40.** inform the guest about the resolution and maintain guest satisfaction
- PC41.** ensure that there is no repetition of similar issue in the future

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** performance monitoring methods
- KU2.** human resource management procedure
- KU3.** staff scheduling and rostering procedure
- KU4.** conflict handling techniques
- KU5.** workplace training methods
- KU6.** effective team handling technique

## Qualification Pack

- KU7.** ways to handle guest complaints and issues
- KU8.** SOP for laundry operations
- KU9.** procedure to record staff attendance and information
- KU10.** inventory management process
- KU11.** various records and reports prepared by laundry department
- KU12.** materials, tools and equipment used in laundry department
- KU13.** general maintenance procedure of laundry equipment and machines
- KU14.** various activities carried out by the laundry department

## Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read and interpret instructions, procedures, information, and signages at the workplace

### THC/N9902: Ensure effective communication and service standards at workplace

#### Description

This OS unit is about communicating effectively, maintaining standards of etiquette at workplace, and engaging with guests to provide specific services.

#### Scope

The scope covers the following :

- Promote effective communication
- Maintain professional etiquette
- Ensure rendering of specific services as per the guests' requirements

#### Elements and Performance Criteria

##### *Promote effective communication*

To be competent, the user/individual on the job must be able to:

- PC1.** greet the guests promptly and appropriately as per organization's procedure
- PC2.** communicate with the guests in a polite and professional manner
- PC3.** build effective yet impersonal relationship with guests
- PC4.** identify guests' dissatisfactions and address complaints effectively
- PC5.** inform guests of any issue/problem well in advance
- PC6.** seek feedback from the guests and incorporate them to improve the guest experience
- PC7.** ensure essential information is passed on in a timely manner
- PC8.** ensure team members to maintain etiquette while interacting with each other
- PC9.** ensure the team members provide feedback to their peers

##### *Maintain professional etiquette*

To be competent, the user/individual on the job must be able to:

- PC10.** ensure self and team members report to work on time
- PC11.** use the guests' names as many times as possible during the conversation with proper salutation
- PC12.** maintain personal integrity & ethical behaviour
- PC13.** make sure personal hygiene is maintained by self and others at all times
- PC14.** ensure self and team members adhere to the dress code as per organizational policy
- PC15.** respect privacy of others at the workplace

##### *Ensure rendering of specific services as per the guests' requirements*

To be competent, the user/individual on the job must be able to:

- PC16.** provide assistance to Persons with Disability, if asked
- PC17.** ensure self and team members comply to the organizational policies towards Persons with Disability

## Qualification Pack

- PC18.** make sure gender and age sensitive service practices are followed at all times
- PC19.** ensure compliance to the organizational policies related to prevention of sexual harassment, both physical and verbal by self and team members
- PC20.** support PwD team members in overcoming any challenges faced at work
- PC21.** make sure the workplace is accessible for the Persons with Disability

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organizational policies on behavioural etiquette and professionalism
- KU2.** organizational policies on gender sensitive service practices at workplace
- KU3.** organizational reporting and hierarchy structure
- KU4.** documentation policy and procedures of the organization
- KU5.** service quality standards as per organizational policies
- KU6.** complaint handling policy and procedures
- KU7.** SOP on personal hygiene
- KU8.** procedure of giving and receiving feedback positively
- KU9.** specific requirements of different age-groups of guests
- KU10.** age and gender specific etiquette
- KU11.** organizational policy with regards to Persons with disability
- KU12.** significance of professional etiquette and behaviour

## Generic Skills (GS)

### THC/N9910: Ensure to maintain organisational confidentiality and guest's privacy

#### Description

This unit is about ensuring that confidentiality of the organisational information and the privacy of the guests is maintained at all times.

#### Scope

The scope covers the following :

- Ensure organisational confidentiality
- Ensure guests' privacy

#### Elements and Performance Criteria

##### *Maintain organisational confidentiality*

To be competent, the user/individual on the job must be able to:

- PC1.** prevent leak of new plans and designs to competitors
- PC2.** ensure protection of employee information
- PC3.** prevent leak of organisation's policies like pricing strategies, revenue management policies, marketing plans etc.
- PC4.** take immediate and appropriate action in case of any IPR violation
- PC5.** make sure that the subordinates report any infringement observed by anyone in the organisation to the immediate supervisor
- PC6.** protect sensitive data with strong passwords and change passwords on a regular basis
- PC7.** ensure policies around confidential information are followed by all staff members

##### *Maintain guests' privacy*

To be competent, the user/individual on the job must be able to:

- PC8.** ensure the team refrains from infringing upon guest's professional deals and plans
- PC9.** make sure guest's personal information and financial data is protected all times
- PC10.** ensure proper disposal of guest's information like booking details, credit card slips etc.

#### Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** basics of IPR Laws, Trademark Laws, Patent Laws, etc. in the country, and penalties associated with them
- KU2.** organisation's policies on intellectual property rights and confidential information
- KU3.** organisation's product, service or design patents
- KU4.** how Intellectual property protection is important for competitiveness of an organisation
- KU5.** guidelines for crafting effective SOPs regarding IPR

## Qualification Pack

**KU6.** procedure for disposal of confidential documents

**KU7.** confidential data protection methods

### Generic Skills (GS)

User/individual on the job needs to know how to:

**GS1.** read and follow IPR and related information documents

**GS2.** manage communication regarding IPR infringement, prevention, and management

**GS3.** identify measures that can prevent potential infringements within the team

**GS4.** evaluate organisation policies and procedures and assess its robustness to prevent IPR infringements

**GS5.** analyse the impact of IPR infringement on the guests and the organization

## Assessment Guidelines and Assessment Weightage

### Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of % aggregate marks to successfully clear the assessment.

## Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

### Minimum Aggregate Passing % at QP Level : 70

(**Please note:** Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Sector</b>                                | Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.                                                                      |
| <b>Sub-sector</b>                            | Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.                                                                                                                                                                                     |
| <b>Occupation</b>                            | Occupation is a set of job roles, which perform similar/ related set of functions in an industry.                                                                                                                                                                                                |
| <b>Job role</b>                              | Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.                                                                                                                                                                                |
| <b>Occupational Standards (OS)</b>           | OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts. |
| <b>Performance Criteria (PC)</b>             | Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.                                                                                                                                                                    |
| <b>National Occupational Standards (NOS)</b> | NOS are occupational standards which apply uniquely in the Indian context.                                                                                                                                                                                                                       |
| <b>Qualifications Pack (QP)</b>              | QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.                                                                                                                       |
| <b>Unit Code</b>                             | Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'                                                                                                                                                                                                        |
| <b>Unit Title</b>                            | Unit title gives a clear overall statement about what the incumbent should be able to do.                                                                                                                                                                                                        |
| <b>Description</b>                           | Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.                                                                                                                   |
| <b>Scope</b>                                 | Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.                                                                                            |

## Qualification Pack

|                                         |                                                                                                                                                                                                                                                                                                                                                                        |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Knowledge and Understanding (KU)</b> | Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.                                                                                                                                               |
| <b>Organisational Context</b>           | Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.                                                                                                                                                                       |
| <b>Technical Knowledge</b>              | Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.                                                                                                                                                                                                                                                               |
| <b>Core Skills/ Generic Skills (GS)</b> | Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles. |
| <b>Electives</b>                        | Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.                                                                            |
| <b>Options</b>                          | Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.                                                                                                                                                          |
