THC/Q0420: Patisserie and Confectionery (WorldSkills)

Brief Job Description

The Patisserie and Confectionery trades have highly skilled professionals who produce a wide range of intricate and predominantly sweet items. They produce various confectionery products such as hand finished chocolates, candies, and petits fours for service in hotels and restaurants or for retail in specialist shops and outlets. Patissiers/Confectioners produce a full range of hot and cold desserts, cakes, biscuits, and iced products for service in luxury/boutique hotels, restaurants, and pastry shops for retail sale. They may also produce elaborate display pieces using chocolate, sugar, ice, marzipan, or other decorative materials and ingredients. Some may specialize in producing decorated and themed cakes for special events.

Personal Attributes

The job requires the individual to be hospitable, patient, polite, and service-oriented with great interpersonal and communication skills.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [THC/N0454: Maintain and Organize Work \(Patisserie and Confectionery\)](#)
2. [THC/N0455: Food hygiene and health and safety](#)
3. [THC/N0456: Prepare Cakes, gateaux, and entremets](#)
4. [THC/N0457: Hot, cold, iced and plated desserts](#)
5. [THC/N0458: Prepare Confectionery and chocolate](#)
6. [THC/N0459: Prepare miniatures, individual cakes, and petits fours](#)
7. [THC/N0460: Present Creative Designs](#)
8. [THC/N0461: Practice techniques of modelling, moulding, coloring, and presenting](#)

Remarks:

There is no specified minimum job entry age for the skill competitions, however, the competitor(s) must not be older than 22 years in the year of the competition as per WorldSkills Standards.

Qualification Pack

THC/N0454: Maintain and Organize Work (Patisserie and Confectionery)

Description

This NOS describes efficiently maintaining and organizing work in the patisserie and confectionery unit/workstation, ensuring a seamless production flow, meticulous presentation, and adherence to quality standards

Scope

The scope covers the following :

- Planning production schedules, coordinating tasks
- Ensuring timely delivery of high-quality pastries and confections
- Optimizes resource utilization

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Check and prepare tools and equipment to maximize workflow and efficiency
- PC2.** Prioritize and plan work effectively to work within a given timeframe
- PC3.** Show respect for raw materials and finished goods
- PC4.** Use ingredients cost effectively and to minimize waste
- PC5.** Pre-order goods and materials accurately for planned work
- PC6.** Demonstrate inspiration, gastronomic flair and innovation in design and work techniques
- PC7.** Work within given themes
- PC8.** Follow detailed written and verbal instructions and copy from images
- PC9.** Produce portfolios for clients that include images of products and methods of making and presentation, along with visionary statements if requested
- PC10.** React professionally and effectively to unexpected situations and requests
- PC11.** Formulate and substitute other ingredients to overcome unforeseen shortages
- PC12.** Communicate effectively with colleagues, teams, and clients
- PC13.** Produce a varied range of products within given timeframes and present at stipulated times

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Basic principles involved in accurately combining ingredients to achieve optimum results and troubleshooting when results are not as planned.
- KU2.** The manipulation of raw materials through production techniques
- KU3.** Range of ingredients used in pastry work and confectionery including seasons, availability, costs, storage, and use
- KU4.** Colour applications, taste combinations and texture co-ordination

Qualification Pack

- KU5.** Finesse and artistic appreciation in finishing products
- KU6.** The importance of minimization of waste and of sustainability and respect for all ingredients
- KU7.** The importance of effective teamwork and effective communication within the team and with customers
- KU8.** Responsiveness to unexpected situations and demands
- KU9.** Planning for good time management

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively with the guests and team members
- GS2.** read and interpret instructions, procedures and information
- GS3.** read organisational documents, information displayed at the workplace, and comments received from guest and supervisor
- GS4.** resolve conflicts and problems arising at workplace

THC/N0457: Hot, cold, iced and plated desserts

Description

This NOS describes the preparation and presentation of Hot, cold, iced, and plated desserts

Scope

The scope covers the following :

- Preparation and presentation of various desserts

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Produce a comprehensive range of hot, cold, and iced desserts to a consistently high standard with or without allergens and other dietary considerations
- PC2.** Use appropriate cooking methods and ensure all products are safe and desirable to eat
- PC3.**
 - Present plated desserts that are tidy, appropriately flavoured, and textured, well-co-ordinated, innovative, and balanced
 -
- PC4.**
 - Present desserts for service for a range of settings and occasions such as street-food concepts, buffets, banquets and for fine dining
 -
- PC5.** Produce hot, cold, iced, and plated desserts within time constraints and to a consistently high standard
- PC6.**
 - Follow instructions, recipes, and dish specifications in order to produce desserts spontaneously by applying prior experience & knowledge
 -
- PC7.** React to ingredient shortages or changes and supplement appropriately
- PC8.** Safeguard against over-production
- PC9.** Utilize excess with other products
- PC10.** Use methods which are feasible to the equipment available
- PC11.** Present at optimum safe temperatures

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** A comprehensive range of classical and contemporary hot, cold, and iced desserts including methods of production, ingredients, alternative presentations, and costs of production
- KU2.** Allergies and dietary restrictions
- KU3.** The range of ingredients used to produce hot, cold, iced, and plated desserts, storage seasons, availability, and costs
- KU4.** How hot, cold, iced, and plated desserts can be presented and safely served in a range of settings and occasions to reflect traditional/classical and contemporary trends

Qualification Pack

- KU5.** The use and impact of raising agents including yeast, baking powder, egg whites, and any innovative, modern commodities
- KU6.** The range and scope of hot, cold, iced, and plated dessert products
- KU7.** Waste management when producing and serving hot, cold, iced, and plated desserts

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively with the guests and team members

THC/N0458: Prepare Confectionery and chocolate

Description

This NOS emphasises on preparation of confectionery and exquisite chocolates and blending premium ingredients with meticulous craftsmanship to deliver a harmonious symphony of flavors and textures, ensuring a delightful treat for every palate

Scope

The scope covers the following :

- Artisanal confectionery creations
- Prepare chocolates and confectionery

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Temper chocolate couvertures in order to produce a product with shine and “snap” that does not show signs of fat or sugar bloom
- PC2.** Work with dark, milk, and white chocolate couvertures effectively and economically within limited timescales
- PC3.** Pipe, fill, layer, cut etc. chocolates and confectionery of even size and character
- PC4.**
 - Combine and co-ordinate textures and tastes
 -
- PC5.** Dip and coat products using hand dipping forks to achieve neat and fine coverings
- PC6.** Use moulds to achieve acceptable lining and capping
- PC7.** Produce and use ganache effectively
- PC8.**
 - Present confectionery and chocolates with style for service or sale
 -
- PC9.** Store confectionery, chocolate and chocolate ingredients and products to maximize life and quality
- PC10.** Produce and use decorations appropriately including caramelized and candied fruits, nuts, herbs, and chocolate shapes(piped, cut etc.)
- PC11.** Accurately produce chocolates and confectionery to specific weights and sizes and quantity.
- PC12.** Minimize and care for waste
- PC13.** Produce & present a range of confectionery products using a variety of skills and ingredients and pay attention to any overriding dietary factors
- PC14.** Accommodate unexpected requests and plan work accordingly
- PC15.** Work systematically and safely with hot products
- PC16.** Ensure all Health, Safety and Hygiene requirements are followed

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

Qualification Pack

- KU1.** Range of chocolate and confectionery items and relative H&S requirements
- KU2.** The methods of tempering chocolate couverture by manual techniques
- KU3.**
 - The types, qualities, and uses of various chocolate couverture and chocolate products
- KU4.**
 - The principle of producing a range of sugar-based products, such as fruit jelly, marshmallow, nougat, nougatine, or any other specialities with a variety of sugars and sugar replacements to respond to dietary needs
- KU5.** Sustainability and ethics of chocolate sources
- KU6.** Safety issues when handling hot sugar products
- KU7.**
 - Dietary and allergen information about the ingredients being used to produce confectionery and chocolates and effective substitution possibilities

THC/N0459: Prepare miniatures, individual cakes, and petits fours

Description

This NOS emphasis upon the art of creating delightful, bite-sized confections through hands-on techniques, flavor pairing mastery, and the intricacies of presenting visually appealing desserts and other items

Scope

The scope covers the following :

- Prepare and present Artisanal Miniature Confections
- Prepare and present Individual Cakes and Petits Fours

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Produce a comprehensive range of pastries and use them appropriately including puff, short, choux, sweet, sable, etc.
- PC2.** Produce a comprehensive range of individual cakes, biscuits and petits fours
- PC3.** Produce finished products within a brief to consistent and accurate quality, weight, and size within set timeframes
- PC4.**
- Produce miniatures, individual cakes, and petits fours based on sweet biscuits and cake combinations including
 - o Dry cakes and pastries;
 - o Glazed and coated cakes and pastries;
 - o Mousses;
 - o Variety of fillings: sponge, crunchy, creams, jellies etc;
 - o Decorations;
 - o Fruits
- PC5.** Present miniatures, individual cakes, and petits fours accordingly to market demands
- PC6.** Handle piping bag and tubes to produce and present individual products consistently

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.**
- A comprehensive range of products, ingredients including dietary and allergy information, techniques, and methods of presentation for miniatures, small cakes, and petits fours
- KU2.**
- Types of pastries, cakes, sponges etc. and their use in the production and presentation of individual cakes, pastries, miniatures, and petits fours
- KU3.**
- The use of raising agents for the production of miniatures, individual cakes, and pastries
- KU4.**
- Specialist tools and equipment used in producing miniatures, individual cakes, and pastries and petits fours

Qualification Pack

- KU5.** • Storage and display of miniatures, individual cakes, pastries, and petits
• fours
- KU6.** The importance of portion control in a commercial catering operation
- KU7.** Hand piping and preparing products when moulds are not available

THC/N0460: Present Creative Designs

Description

This NOS describes to prepare and present pieces using sugar and chocolate by techniques such as poured sugar, pulled sugar, blown sugar, moulded sugar, pastillage, nougatine, etc

Scope

The scope covers the following :

- Prepare and present various sugar pieces
- Creating designs using chocolate presentation

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Creative designs that reflect personal style or assigned to them and produce elegance with neat forms and finishing
- PC2.** Design presentation pieces demonstrating artistic flair, innovation whilst taking account of the client's needs and any restrictions related to the venue or environment
- PC3.** Produce a chocolate presentation piece employing techniques such as pouring, moulding, cutting, piping, brushing, polishing, and modelling chocolate
- PC4.** Produce a presentation piece using sugar employing techniques such as poured sugar, pulled sugar, blown sugar, moulded sugar, pastillage, nougatine, etc.
- PC5.** Produce presentation pieces designed to be eaten
- PC6.** Colour sugar and chocolate pieces
- PC7.** Use special tools for sugar and chocolate work with minimum pre-made moulds
- PC8.** Work effectively from a brief and manage work programme within allotted timescales
- PC9.** Produce presentation pieces within prescribed sizes, adjust and manipulate to suit changes which may arise

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The impact of a display or presentation piece
- KU2.** The situations where a presentation piece may be used
- KU3.** The impact of the environment (exposure to heat, light, exposure to dampness) on a presentation piece
- KU4.** The range of materials, tools and techniques that can be used to produce a presentation piece
- KU5.** Specific safety issues relating to sugar work and the handling of specialist equipment
- KU6.** How to achieve dramatic and adept results without relying on specialistmade moulds

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** communicate effectively with the guests and team members
- GS2.** read and interpret instructions, procedures, information
- GS3.** read organisational documents, information displayed at the workplace, and comments received from guest and supervisor
- GS4.** resolve conflicts and problems arising at workplace

THC/N0461: Practice techniques of modelling, moulding, coloring, and presenting

Description

This unit emphasises upon learning of advanced techniques in modeling, molding, coloring, and presenting confections

Scope

The scope covers the following :

- Molding Techniques and Innovation
- Coloring and Presentation of confectionary
- Harmonizing colors, utilizing various mediums for vibrant results

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Hand mould smooth and crack-free marzipan and sugar paste forms to include a theme or topic assigned to them as figures, fruits, animals, flowers, etc
- PC2.** Visualize and produce any piece as requested by the client verbally or pictorially
- PC3.** Produce hand-moulded forms to correct size and weight
- PC4.** Colour modelled pieces using a variety of techniques including air brushing, painting, flaming, and the use of colours
- PC5.** When appropriate, effectively use modelling tools such as cutters, moulds, and presses
- PC6.** Creatively and harmoniously design figures in form and colour
- PC7.** Present stylish and co-ordinated displays of models
- PC8.** Decorate with royal icing and chocolate to highlight features
- PC9.** Observe extreme health and safety procedures when hand-modelling
- PC10.** Work within time constraints

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** • The effect that the process of modelling and moulding has on materials
• used
- KU2.** The visual impact of displays using modelled forms
- KU3.** The range of materials that can be effectively used to produce modelled forms
- KU4.** Techniques and methods of modelling, moulding, colouring, and presenting modelled forms
- KU5.** Where and when modelling is effective and appropriate to use

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Judgement uses a scale of 0-3. To apply the scale with rigour and consistency, judgement must be conducted using:

- benchmarks (criteria) for detailed guidance for each Aspect (in words, images, artefacts or separate guidance notes)
- the 0-3 scale to indicate:
 - 0: performance below industry standard
 - 1: performance meets industry standard
 - 2: performance meets and, in specific respects, exceeds industry standard
 - 3: performance wholly exceeds industry standard and is judged as excellent

Three Experts will judge each Aspect, normally simultaneously, and record their scores. A fourth Expert coordinates and supervises the scoring, and checks their validity. They also act as a judge when required

Qualification Pack

to prevent compatriot marking

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
