THC/N9923: Entrepreneurship & Innovation

Description

This NOS focuses on developing an entrepreneurial mindset and fostering innovative thinking to identify business opportunities, create value, and drive sustainable growth. It equips individuals with the skills to assess market trends, develop business models, and implement creative solutions for competitive advantage.

Scope

The scope covers the following :

- Key aspects of entrepreneurship,
- Opportunity identification,
- Business planning and financial management,
- Risk assessment and marketing strategies.
- Fostering innovation through problem-solving, design thinking, and emerging technologies.

Elements and Performance Criteria

Introducing Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC1.** Explain meaning and importance of entrepreneur, Entrepreneurship.
- PC2.** Factors influencing entrepreneurship, Pros and Cons of being an entrepreneur.
- PC3.** Women entrepreneurs- problems and promotion.
- PC4.** Types of Entrepreneurs, Characteristics of a successful entrepreneur
- PC5.** Competency requirement for entrepreneurs – Awareness of self-competency and its development.

Entrepreneurship Skills

To be competent, the user/individual on the job must be able to:

- PC6.**
 - Explain the personality attribute of an entrepreneur
 - a. Self-control-value attitude
 - b. Socio-culture factors
- PC7.**
 - Describe unique characters of the hospitality industry
 - a. Human psychology
 - b. Inter-personal relationship
 - c. Team building
 - d. Customer Orientation
- PC8.**
 - Discuss positive entrepreneurship behavior
 - a. Overcoming external constraints
 - b. Solving internal problems

Identification of business opportunities in the hospitality industry

To be competent, the user/individual on the job must be able to:

- PC9.** Explain Demand / Market analysis
- PC10.** Understand present and future competition

Qualification Pack

PC11. Elaborate Government policy regarding small enterprises

Organization of small enterprises - Form of organization

To be competent, the user/individual on the job must be able to:

PC12. Describe Sole ownership

PC13. Describe Partnership Private Ltd.

PC14. Explain Company Public Ltd.

PC15. Explain Company manpower requirement

Small Enterprises Risk Analysis

To be competent, the user/individual on the job must be able to:

PC16. Highlight motivational factors

PC17. Discuss developing achievements

PC18. Explain orientation strength and weakness of independent business

- PC19.**
- Define feasibility and viability of -
 - a. The site
 - b. The economy of the area
 - c. The hotel market
 - d. Identification of which hotel market segment to serve
 - e. Ten-year projection
 - f. Selection of appropriate hotel design
 - g. Selection of appropriate hotel brand
 - h. Ten-year projection

Establishment of an Enterprise

To be competent, the user/individual on the job must be able to:

PC20. Explain registration of hotel business

PC21. Discuss licenses and permits for hotel industry

PC22. Identify financial resources

PC23. Explain organizing material, human and technical resources

PC24. Describe launching the enterprises

PC25. Understand formulating and implanting business strategies

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Definition and importance of entrepreneurship and entrepreneurs.

KU2. Factors influencing entrepreneurship and the pros and cons of being an entrepreneur.

KU3. Challenges faced by women entrepreneurs and strategies for promotion.

- PC81.** Demonstrate the procedure of routine cleaning and sanitization of tools, equipment, and other articles
- PC82.** Employ different ways to keep work area clean, hygienic and hazard free
- PC83.** Demonstrate how to use and dispose of relevant protective equipment as per tasks and work conditions
- PC84.** Participate in mock safety drills for emergency situations
- PC85.** Perform waste disposal procedures at the workplace depending on the types of waste

Housekeeping

To be competent, the user/individual on the job must be able to:

- PC86.** Demonstrate cleaning activities at various places like guest rooms, public areas and back areas
- PC87.**
 - Apply professional expertise to make the bed as per the standard operating procedure
 -
- PC88.** Collect soiled linen and take it to the laundry and bring fresh linen
- PC89.** Employ proper practices to stack the linen appropriately in pantry and linen storeroom
- PC90.** Replenish supplies in guest room and washroom
- PC91.** Perform the tasks to maintain inventory record as per the format and report any material/supply shortages to the supervisor
- PC92.** Bring supplies/material from the main storeroom
- PC93.** Apply appropriate Inspection method to identify whether any maintenance is required in the guest rooms, public areas and back areas
- PC94.** Attend guests queries as per organizations standard operating procedures
- PC95.** Collect waste from all areas and dispose of in appropriate containers
- PC96.** Apply appropriate methods of operating, sanitizing, maintenance, and storage of equipment
- PC97.** Perform the activities for maintaining the inventory of the cleaning agents and equipment.
- PC98.** Store chemicals and equipment's per the organization standard operating procedure
- PC99.** Clean the carpets, upholstery, surface, guest room, guest bathroom, elevator, and other assigned common areas
- PC100.** Prepare appropriate cleaning solution
- PC101.** Use the tools, equipment, cleaning agent or solution, etc.
- PC102.** Perform the tasks of various cleaning, polishing, repairing, maintaining procedures

Qualification Pack

- PC103.** Apply basic skills to operate, maintain, clean and sanitize various relevant equipment
- PC104.** Perform the post-cleaning activities for carpet and upholstery
- PC105.** Remove both soft and stubborn stains according to the stain and surface type
- PC106.** Demonstrate how to polish various surfaces manually as well as using machine
- PC107.** Collect all the required linen, equipment, supplies, personal protective gears, room keys, etc. to prepare for the cleaning activities
- PC108.** Apply appropriate practices to collect waste from all areas and dispose of in appropriate containers
- PC109.** Perform the various activities to prepare and maintain the records as well relevant documents
- PC110.** Escalate issues and report damage to the Supervisor/Control desk as per Standard Operating Procedures

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Principles of organizing and maintaining a clean work area.
- KU2.** Proper usage, handling, and maintenance of equipment.
- KU3.** Fundamentals of food preparation techniques (e.g., chopping, mixing, marinating) and recipe writing.
- KU4.** Proper storage practices for finished and raw products.
- KU5.** Scaling, measuring, and mathematical skills for accurate ingredient use.
- KU6.** Stock-taking procedures for perishable and non-perishable items and Inventory management.
- KU7.** Personal hygiene and grooming practices in different areas of a hotel.
- KU8.** Identifying workplace hazards and reporting procedures.
- KU9.** Waste segregation and disposal standards.
- KU10.** Guest interaction and hospitality etiquette
- KU11.** Techniques for recording and communicating guest orders.
- KU12.** Proper methods for serving food and beverages.
- KU13.** Anticipating guest needs during service.
- KU14.** Effective communication skills with guests and colleagues.
- KU15.** Sensitivity towards diverse age groups, genders, and people with disabilities.
- KU16.** Standard procedures for greeting and assisting guests.
- KU17.** Use of property management systems and relevant tools.
- KU18.** Reporting and addressing safety/security breaches effectively.
- KU19.** Familiarity with the operation of tools and equipment in all departments.
- KU20.** Understanding inventory management practices for supplies and equipment.
- KU21.** Knowledge of waste disposal procedures and the handling of hazardous materials.
- KU22.** Awareness of emergency protocols, including mock safety drills and escalation procedures.

Qualification Pack

Search Engine Marketing

Qualification Pack

To be competent, the user/individual on the job must be able to:

PC18. Explain Google AdWords

PC19. • Elaborate different types of Campaign

- a. Google Ads Campaign
- b. Search Campaign
- c. Sale Campaign

PC20. Explain how to use Banner and Search Ads

PC21. Demonstrate how to create successful Ads

Social Media Marketing

To be competent, the user/individual on the job must be able to:

PC22. Explain Social Media Marketing

PC23. • Explain different types of social media marketing

- a. Facebook Marketing
- b. Facebook Campaign Creation
- c. Facebook for lead generation
- d. Facebook Pixel
- e. Instagram Marketing
- f. Instagram Promotion or ad creation
- g. YouTube Introduction
- h. Understanding YouTube Algorithm
- i. Growing YouTube Channel
- j. LinkedIn Marketing
- k. Twitter Marketing
- l. Quora Marketing

PC24. Describe social media Analytical Tools

Email Marketing

To be competent, the user/individual on the job must be able to:

PC25. Explain Email Marketing

PC26. Create newsletter for emails.

PC27. Elaborate how to Increase open rate of emails.

PC28. Elaborate on Sending Bulk Emails

PC29. Use auto responder. Explain various Email Marketing Tools

E-commerce Marketing

To be competent, the user/individual on the job must be able to:

PC30. Describe Ecommerce Marketing

PC31. Discuss how to use SEO for Ecommerce website

PC32. Explain Ecommerce sales through Facebook.

PC33. Create Google Shopping Ads for Ecommerce Website

PC34. Write an effective strategy plan for Ecommerce website

Content Marketing

To be competent, the user/individual on the job must be able to:

PC35. Understand Content Marketing

PC36. Explain how to Use Omni-channel Approach with content marketing

PC37. Elaborate various Content Ideas

Qualification Pack

PC38. Create content for social media.

PC39. Create Content for Website

Mobile Marketing

To be competent, the user/individual on the job must be able to:

PC40. Explain Mobile Marketing

PC41. Elaborate various Mobile Marketing platforms.

PC42. Create Ads for Mobile Apps

PC43. Devise a strategy as how to Increase downloads through Facebook Ads

PC44. Explain how to do business from mobile marketing?

PC45. Strategize an Effective mobile marketing

Viral Marketing

To be competent, the user/individual on the job must be able to:

PC46. Understand about Trends

PC47. Create Content to go viral

Video Marketing and Editing

To be competent, the user/individual on the job must be able to:

PC48. Define Video Marketing?

PC49. Describe how Video Marketing works.

PC50. Explain the Importance of Video Marketing Today

PC51. Explain different Video Marketing Strategies

PC52. Describe types of Videos used in Marketing?

PC53. Use different hacks of Video Making

Google Search Console

To be competent, the user/individual on the job must be able to:

PC54. Describe google search console?

PC55. Define how google search console works?

PC56. Explain how to add website to google search console

PC57. Explain different google search console dimensions and metrics

PC58. Explain the key components of a google search console.

PC59. Describe the benefits of using a google search console

Web Analytics

To be competent, the user/individual on the job must be able to:

PC60. Explain Web Analytics

PC61. • Explain Application of the following –

- a. Google Analytics
- b. Facebook Analytics
- c. Twitter Analytics
- d. YouTube Analytics
- e. Instagram Analytics

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of aggregate marks to successfully clear the assessment.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
