THC/Q4508: Paragliding Tandem Pilot

Brief Job Description

A Paragliding Tandem Pilot is responsible for taking one student or client at a time on an assisted paragliding flight in a controlled and evaluated environment. They plan and prepare for the flight and are responsible for flying along with the student or client while ensuring their safety.

Personal Attributes

The job requires individual to have a high level of fitness (both cardiovascular and motor) to withstand high endurance activity for long duration and the ability to adapt to rapidly changing wind and weather conditions. The person should have a friendly, approachable and motivating personality to deal with all kinds of clients as well as situations. They should also have the ability to pay attention to detail.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [THC/N9001: Prepare for the Flight as a Paragliding Tandem Pilot](#)
2. [THC/N9024: Conduct the flight as a paragliding tandem pilot](#)
3. [THC/N9003: Conduct Post Flight Closure & Debrief as a Paragliding Tandem Pilot](#)
4. [THC/N9004: Assess and Mitigate Risks for Paragliding Tandem Flight](#)
5. [THC/N9913: Communicate with Customers and Colleagues](#)
6. [THC/N9914: Follow Gender and Age Sensitive Practices](#)
7. [THC/N9915: Maintain Safe, Healthy and Hygienic Practices](#)
8. [THC/N9916: Follow and Maintain Green Practices](#)
9. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

Qualification Pack

THC/N9001: Prepare for the Flight as a Paragliding Tandem Pilot

Description

This unit is about assessing weather conditions for a safe flight, collating pre-activity information, performing pre-flight equipment checks and briefing the students/clients.

Scope

The scope covers the following :

- assess pre-flight information.
- conduct equipment and weather checks.
- welcome and brief the students/clients.

Elements and Performance Criteria

Assess pre-flight information

To be competent, the user/individual on the job must be able to:

- PC1.** obtain and assess detailed information about the students'/clients' age, gender, health issues(if any), special requests and past experience in paragliding (if any).
- PC2.** access and assess detailed itinerary and flight schedules from the organizer.
- PC3.** collate detailed equipment lists and procure paragliding gear and safety equipment based on the number of students/clients and their height/weight parameters.
- PC4.** ensure to check the validity of pilot and liability insurances.
- PC5.** ensure that the ATC and local authorities are informed about the planned route at the start of the season and before every flight day.
- PC6.** ensure equipment logbooks and service record books are updated and carried to the activity site.
- PC7.** ensure that documentation for flights with persons with disabilities has been logged and reported in advance.
- PC8.** ensure to brief the ground crew on the emergency action plan for the day.

Conduct equipment and weather checks

To be competent, the user/individual on the job must be able to:

- PC9.** ensure to inspect the condition of the Paragliding gear for self and the students/clients like tandem paraglider, harnesses, helmets, safety parachute and spreader bars.
- PC10.** ensure to inspect the main and reserve parachutes for appropriate connections, fittings, etc., before the flight.
- PC11.** access and assess detailed weather reports and decide the altitude limit for the paragliding flight.
- PC12.** ensure to inspect the take-off area and wind conditions for potential hazards and disturbances.
- PC13.** ensure that the first-aid kit is fully stocked and on the activity site.

Welcome and brief the students/clients

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC14.** welcome the students/clients and introduce oneself and the team in a loud, clear and friendly manner.
- PC15.** ensure to collect signed indemnity waivers from the students/clients and hand over to the organizer.
- PC16.** conduct a pre-flight briefing and demonstration for the students/clients on the use of paragliding equipment, clip in, clip out process, take-off and landing procedures, appropriate clothing for the flight, emergency procedures, etc.
- PC17.** brief the students/clients and make them practice essential flight communication terms and rescue signals to be followed in case emergencies.
- PC18.** ensure the students/clients are made aware of preexisting medical conditions that disqualify them from paragliding.
- PC19.** ensure to conduct a question/answer session for the students/clients addressing and clarifying all doubts before start of activity.
- PC20.** ensure that students/clients with asthma carry their inhalers.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** SOPs, safety and service quality standards followed in the organization.
- KU2.** the company's reporting structure and documentation procedures.
- KU3.** the use of safety equipment in paragliding like harness, helmet, etc.
- KU4.** how to check connections and fittings of the parachute and identify faulty or damaged equipment.
- KU5.** how to make adjustments to the Spreader Bar settings based on different pilot/student/client weights.
- KU6.** how to plan and execute flights based on student's/client's prior experience, weather conditions and time availability.
- KU7.** importance of respect for students/clients, colleagues and local communities .
- KU8.** process of equipment and service record logbook maintenance.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** be prompt, punctual and organized.
- GS2.** plan and organize equipment checks on time.
- GS3.** communicate effectively with students/clients/team.

THC/N9024: Conduct the flight as a paragliding tandem pilot

Description

This unit is about conducting the paragliding activity and ensuring safe flying and environmental practices

Scope

The scope covers the following :

- conduct the activity.
- manage persons with disabilities.
- adhere to environmental conservation practices.

Elements and Performance Criteria

Conduct the activity

To be competent, the user/individual on the job must be able to:

- PC1.** ensure that the activity area is safe and free of all hazards.
- PC2.** assess and identify wind conditions for a safe launch and choose a reverse or forward launch position depending on the direction of the wind.
- PC3.** ensure that the student/client does not unclip from the pilot unless told to do so on command.
- PC4.** ensure that the launch and landing phases are well timed for a safe and steady flight.
- PC5.** ensure to maintain active radio communication with the crew chief informing them of all inflight developments.
- PC6.** ensure to check instability in a glider and make the glider horizontal by using flying instruments.
- PC7.** communicate all flight developments and phases to the student/client as they are about to happen like landing and launch.
- PC8.** assess the mental state of the student/client during the flight, ensuring to reassure the student/client in case of a panic attack or unruly behavior.
- PC9.** ensure that the activity is called off or cancelled if the weather and wind conditions are not ideal.

Manage persons with disabilities

To be competent, the user/individual on the job must be able to:

- PC10.** offer help to persons with disabilities, when asked for.
- PC11.** empathize with and respect persons with disabilities.
- PC12.** accommodate persons with disabilities in the activities, as far as possible, without compromising safety.
- PC13.** coordinate and deploy additional personnel and safety measures to cater to the requirements of persons with disabilities.

Adhere to environmental conservation practices

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC14.** adhere to “minimum impact” policies at every level, do not burn/throw waste materials, discarded wrappers and plastic bottles into the river or any of the activity grounds.
- PC15.** ensure all non-biodegradable items like plastic, glass and tins are carried back to be disposed on reaching a town/city and that all leftover food/vegetables are buried in shallow pits covered with earth.
- PC16.** ensure not to cause damage to the fragile habitats and environments (animal life, flora and fauna) found there.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** company’s SOPs on safety and service quality standards, emergency and evacuation action plans, rescue procedures and minimum impact travel and camping policies.
- KU2.** weather conditions, wind speeds and directions.
- KU3.** tandem launch and landing techniques.
- KU4.** the theory of flight, meteorology of flying, flying instrument reading and glider instability and ways to correct it.
- KU5.** how to be polite, reassuring yet firm with the students/clients.
- KU6.** appropriate clothing and accessories required for the activity.
- KU7.** the importance of respecting persons with disabilities.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** manage time effectively and efficiently.
- GS2.** anticipate problems in advance.
- GS3.** analyse and generate solutions during any crisis.
- GS4.** be calm and assuring.

THC/N9003: Conduct Post Flight Closure & Debrief as a Paragliding Tandem Pilot

Description

This unit is about completing post flight requirements including equipment pack up, debrief and submitting trip reports.

Scope

The scope covers the following :

- pack up equipment and submit trip report.

Elements and Performance Criteria

Pack up equipment and submit trip report

To be competent, the user/individual on the job must be able to:

- PC1.** debrief the students/clients after each flight and obtain activity evaluation and written feedback.
- PC2.** conduct post-flight equipment inspections and maintain a record of any damages in the equipment logbook.
- PC3.** maintain a detailed record of all incidents and submit trip reports and logbooks to the organizer.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the manufacturer's recommended equipment maintenance policy.
- KU2.** proper methods of post activity equipment check and pack up.
- KU3.** company's documentation procedures including post trip equipment record logbook entries and equipment inspection recommendation.
- KU4.** the process for feedback exchange and documentation.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** writing equipment maintenance and service records.
- GS2.** communicate effectively.

THC/N9004: Assess and Mitigate Risks for Paragliding Tandem Flight

Description

This unit is about conducting risk/hazard evaluation and taking measures to mitigate them.

Scope

The scope covers the following :

- ensure to take safety measures and respond to emergency situations.
- disaster management.

Elements and Performance Criteria

Ensure to take safety measures and respond to emergency situations

To be competent, the user/individual on the job must be able to:

- PC1.** perform a risk assessment of the activity area and ensure that it is free from hazards or disturbances before initiating the flight.
- PC2.** create a detailed evacuation/emergency plan to be carried out on site and brief the rest of the team on the same.
- PC3.** ensure that the team is aware of the emergency communication protocols between pilot and crew using two way radios and has quick access to contacts of emergency response and rescue teams.
- PC4.** ensure that evacuation routes are obstruction free and easily accessible.
- PC5.** ensure that only standardized and certified equipment is used.
- PC6.** access and assess the weather forecast to determine if the paragliding activity can take place and avoid strong wind and thunderstorm conditions.
- PC7.** verify the medical condition and the extent of students/clients ailment in person on site and ensure that students/clients with heart or spinal issues, recent surgery, epilepsy, asthma, etc., are closely monitored and pregnant ladies/underage children are not allowed to participate in the activity.
- PC8.** ensure that students/clients are properly attired, e.g., slippers and loose pants/pajamas should be discouraged and long hair should be tied securely before starting the activity.
- PC9.** ensure that nil wind launches are not attempted early and aerobatic maneuvers are not performed with the students/clients in the air.
- PC10.** ensure to weight the students/clients before the activity to balance the pilot/passenger weight as well as to avoid over or under loading of equipment.
- PC11.** ensure that the two way radio is carried for the flight and always on.
- PC12.** conform to the Visual Flight Rules (VFR) in Visual Meteorological Conditions (VMC) guidelines and ensure that no flights are conducted at night or in cloudy conditions.
- PC13.** identify emergency situations and respond promptly, e.g., manage students'/clients' movement away from the emergency and provide the necessary on spot first-aid/CPR to the students/clients in case of injuries.

Qualification Pack

PC14. handle the media and family members of the injured person in a sensitive manner in case of a serious accident.

Disaster management

To be competent, the user/individual on the job must be able to:

PC15. choose activity site carefully to safeguard from rockfall, flooding and lightning, etc.

PC16. evacuate students/clients from the danger zone and provide shelter till rescue arrives, in case of disasters.

PC17. establish communication and organize air and land rescue in case of any disaster.

PC18. maintain calm and be composed in an emergency situation.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. organisational policies and procedures to enable safe response to an emergency situation according to one's own role and level of responsibility.

KU2. contingency management techniques.

KU3. use of safety equipment, rescue techniques and wilderness first-aid methods.

KU4. the use of two-way radios for inflight communication and corresponding protocols.

KU5. how to create a detailed evacuation/emergency action plans.

KU6. communication norms for handling media.

KU7. methods for conducting risk assessment.

KU8. how to identify and avoid unfavorable winds.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. communicate effectively with the students/clients/team to be risk averse.

GS2. be polite but firm with the students/clients without compromising safety.

GS3. perform risk assessment of different situations.

GS4. take decisions to mitigate potential risks.

GS5. handle complicated situations in a sensitive manner.

THC/N9913: Communicate with Customers and Colleagues

Description

This OS unit is about communicating effectively with superiors, colleagues and customers while maintaining a customer-centric service orientation.

Scope

The scope covers the following :

- Interacting with superiors and colleagues
- Communicating effectively with guests

Elements and Performance Criteria

Interacting with superiors and colleagues

To be competent, the user/individual on the job must be able to:

- PC1.** exhibit trust, support and respect to all colleagues and superiors
- PC2.** escalate unresolved problems or complaints to the relevant senior
- PC3.** respond positively to the feedback and seek assistance from colleagues/superiors when required
- PC4.** maintain etiquette with colleagues and superiors
- PC5.** identify potential and existing conflicts with the colleagues and resolve them

Communicating effectively with guests

To be competent, the user/individual on the job must be able to:

- PC6.** brief guests clearly and in a polite, professional and friendly manner
- PC7.** build effective and impersonal relationship with the guests
- PC8.** use appropriate language and tone with guests
- PC9.** listen actively in a two-way communication
- PC10.** identify guest's expectations correctly and provide appropriate solutions
- PC11.** Identify reasons for guest's dissatisfaction and address their complaints effectively
- PC12.** maintain proper body language, dress code, gestures and etiquette while interacting with guests
- PC13.** ensure guests are not subjected to any negative questions and statements
- PC14.** inform the guests on any issues or problems before hand and also on the developments involving them
- PC15.** ensure minimum response time to guests for any messages/feedback
- PC16.** seek regular feedback from guests on current service, complaints, and improvements to be made, etc.
- PC17.** engage with guests without intruding on their privacy

Knowledge and Understanding (KU)

Qualification Pack

The individual on the job needs to know and understand:

- KU1.** company's policies on personnel management, effective teamwork at workplace
- KU2.** importance of customer centricity
- KU3.** methods for effective communication with various people
- KU4.** importance of effective listening, use of appropriate voice tone and pitch for communication
- KU5.** methods of engaging with the guests effectively and professionally

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** engage with guests to set their expectations
- GS2.** handle concerns effectively

THC/N9914: Follow Gender and Age Sensitive Practices

Description

This OS unit is about following gender and age sensitivity practices by treating all genders, children and senior citizens appropriately and offering them service as per their unique requirements.

Scope

The scope covers the following :

- Providing different age and gender specific customer service

Elements and Performance Criteria

Providing different age and gender specific customer service

To be competent, the user/individual on the job must be able to:

- PC1.** provide appropriate service keeping in mind their unique needs and diverse cultural backgrounds
- PC2.** make arrangement to cater for varied age group
- PC3.** conduct activities so as to involve guests across all age groups and genders

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** company's policies on gender sensitive practices at workplace
- KU2.** safety measures and procedures available for female colleagues and customers
- KU3.** how to brief female customers and colleagues on available facilities so that they feel safe and secure
- KU4.** how to be vigilant for breach of safety at smallest level
- KU5.** the unique needs and wants of each category of customer, e.g., for an infant, for a young woman, for an old person, for others

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively with different age groups.
- GS2.** analyse the needs of different genders and age groups

THC/N9915: Maintain Safe, Healthy and Hygienic Practices

Description

This OS unit is about following workplace safety standards and maintaining hygiene to have a hazard-free work environment and avoid downtime because of disruption from personal injuries, health issues and hazardous system failures.

Scope

The scope covers the following :

- Following standard safety procedures to avoid work hazards
- Ensuring cleanliness around workplace
- Following personal hygiene practices
- Taking precautionary health measures

Elements and Performance Criteria

Following standard safety procedures to avoid work hazards

To be competent, the user/individual on the job must be able to:

- PC1.** assess the various hazards in the work areas and take necessary steps to eliminate or minimize them
- PC2.** follow organisational safety procedures
- PC3.** ensure guests have access to first aid kit when needed
- PC4.** implement correct emergency procedures
- PC5.** read the manufacturer's manual carefully before using any equipment
- PC6.** use health and safety practices for storing, cleaning, and maintaining tools, equipment, and supplies
- PC7.** practice ergonomic lifting, bending, or moving equipment and supplies
- PC8.** display safety signs at places where necessary
- PC9.** comply with the established safety procedures of the workplace
- PC10.** report to the supervisor on any problems and hazards identified
- PC11.** use physical safety equipment/personal protective equipment and clothing, wash hands etc.
- PC12.** use fire safety equipment such as fire extinguisher, fire blanket, fire hose, etc.
- PC13.** use first aid equipment such as Automated External Defibrillator (AED) at emergency meeting points
- PC14.**
 - follow hazard symbols such as general warning, health hazard, biohazard, harmful irritant, poison/toxic material, carcinogen hazard, explosive hazard, electrical hazard, hot surface, low temperature warning symbol
 - etc.

Ensuring cleanliness around workplace

To be competent, the user/individual on the job must be able to:

- PC15.** keep the surroundings clean and clear of food waste or other litter

Qualification Pack

PC16. ensure that waste is disposed-off as per prescribed standards for waste disposal

PC17. maintain cleanliness records

PC18. ensure safe and clean handling of accommodation, public areas etc.

Following personal hygiene practices

To be competent, the user/individual on the job must be able to:

PC19. clean hands on a regular basis using soap, sanitisers and other accepted industry and government norms to run adventure operations

PC20. clean cups, glasses or other cutlery before and after using them

PC21. maintain personal hygiene by taking daily bath, using clean clothing, footwear, head gear, trimming nails, etc.

PC22. maintain dental hygiene in terms of brushing teeth every day, avoiding smoke at workplace, etc.

Taking precautionary health measures

To be competent, the user/individual on the job must be able to:

PC23. report personal health issues related to injury and infectious diseases

PC24. ensure not to go to work if unwell, to avoid the risk of spreading infection to other people

PC25. cover the mouth with elbow/handkerchief and/or turn away from people while sneezing or coughing

PC26. coordinate for the provision of adequate clean drinking water

PC27. ensure regular vaccinations to avoid transmission of diseases

PC28. undergo preventive health check-ups at regular intervals and take prompt treatment from the doctor in case of illness

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. company's policies on safety procedures at the workplace

KU2. methods to minimize accidental risks

KU3. standard operating procedure (SOP) for maintaining cleanliness

KU4. precautionary activities to be followed for workplace safety

KU5. emergency procedures to be followed in case of a mishap

KU6. health risks to the employees and customers

KU7. healthy work practices

KU8. safe disposal methods for waste

KU9. municipal or community rules for handling and disposing-of waste

KU10. symbols and use of physical safety equipment/ personal protective equipment such as gloves required, protective clothing, safety glasses, wash hands etc.

KU11. symbols and use of fire safety equipment such as fire extinguisher, fire blanket, fire hose, etc.

KU12. symbols and use of first aid equipment such as Automated External Defibrillator (AED) at emergency meeting points

Qualification Pack

- KU13.** • use of waste disposal equipment at workplace such as large bins, waste disposal stations, and
• others
- KU14.** eco-friendly practices

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** fill up any documentation required to maintain health and hygiene
- GS2.** communicate effectively with colleagues and supervisor about work safety issues

THC/N9916: Follow and Maintain Green Practices

Description

This unit is about adopting sustainable practices and optimizing use of resources, especially energy and waste, in day-to-day operations at work.

Scope

The scope covers the following :

- Following material conservation practices
- Ensuring effective waste management/recycling practices
- Ensuring use of eco-friendly practices

Elements and Performance Criteria

Following material conservation practices

To be competent, the user/individual on the job must be able to:

- PC1.** identify ways to optimize usage of material including water in various tasks/activities
- PC2.** check for spills/leakages, plug them and escalate to appropriate authority if unable to rectify
- PC3.** ensure electrical equipment and appliances are switched off when not in use

Ensuring effective waste management/recycling practices

To be competent, the user/individual on the job must be able to:

- PC4.** identify recyclable and non-recyclable, and hazardous waste generated
- PC5.** dispose non-recyclable waste appropriately
- PC6.** follow processes specified for disposal of hazardous waste
- PC7.** ensure reuse and recycling of waste wherever applicable

Ensuring use of eco-friendly practices

To be competent, the user/individual on the job must be able to:

- PC8.** identify materials which can be replaced by environment friendly substitutes
- PC9.** follow SOPs to conserve and re-use water

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** organization's procedures for minimizing waste
- KU2.** common sources of pollution and ways to minimize it
- KU3.** methods of optimum utilization of waste and best practices for waste disposal
- KU4.** categorization of waste into dry, wet, recyclable, non-recyclable and items of single-use plastics

Generic Skills (GS)

Qualification Pack

User/individual on the job needs to know how to:

- GS1.** decide on appropriate waste disposal methods
- GS2.** analyse and select best suited environment friendly practices

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e- mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Element/ Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each Element/ PC.
2. The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score the Recommended Pass % aggregate for the QP.
7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

Qualification Pack

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.

Qualification Pack

Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.
Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
NOS	NOS are Occupational Standards which apply uniquely in the Indian context
