### THC/N5910: Manage Catering operations

#### Description

This OS unit is about arranging and managing resources, logistics, and ensuring sanitation at the site and quality of catering services.

#### Scope

The scope covers the following :

- Manage resources for catering service
- Manage logistics for outdoor catering
- Ensure food quality and sanitation
- Ensure catering business administration

#### Elements and Performance Criteria

##### *Manage resources for catering service*

To be competent, the user/individual on the job must be able to:

- PC1.** prepare weekly work schedule and duty rosters of staff, as required
- PC2.** brief the catering staff regarding the assigned duties
- PC3.** maintain daily operations and delegate day to day responsibilities accurately
- PC4.** handle and resolve staff problems like absenteeism, schedule change, etc.
- PC5.** arrange for backup in case of unplanned leaves of any employee
- PC6.** administer performance management and disciplinary actions as needed
- PC7.** give feedback to staff to help them improve their performance where appropriate
- PC8.** inform the management regarding human resource requirement
- PC9.** assist the catering manager in hiring the staff
- PC10.** implement the policies and procedures in operating the catering services
- PC11.** supervise the staff in maximising all resources to achieve high quality and excellent cost control
- PC12.** identify training needs and implement a staff training plan
- PC13.** train the staff about organizational work culture, quality standards, and job responsibilities

##### *Manage logistics for outdoor catering*

To be competent, the user/individual on the job must be able to:

- PC14.** obtain details from the manager regarding the booking like menu, pax, or any other special requirement
- PC15.** ensure availability of all supplies and equipment as per requirement
- PC16.** check the vehicle for cleanliness and sanitation before uploading the food items, supplies and equipment
- PC17.** make sure all food items are stored at appropriate temperature and as per standards

##### *Ensure food quality and sanitation*

## Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC18.** inspect supplies, equipment, and work areas to ensure efficient service and conformance to standards
- PC19.** inspect the food for quality during cooking and presentation while serving
- PC20.** check the food and beverage items for correct temperature while serving
- PC21.** ensure serving standards are maintained while serving the guests
- PC22.** make sure special requests of the guests are addressed, if any

### *Ensure catering business administration*

To be competent, the user/individual on the job must be able to:

- PC23.** assist catering manager with planning of special events like menu planning, logistics etc.
- PC24.** monitor working hours of the staff with appropriate break periods
- PC25.** analyse operational problems, such as theft and wastage, and establish procedures to alleviate these problems
- PC26.** control inventories of food, equipment, and beverages, and report shortages to designated personnel
- PC27.** develop equipment maintenance schedules and arrange for repairs
- PC28.** ensure self-availability on-site during Out Door Catering (ODC) at all times
- PC29.** handle and address client complaints promptly
- PC30.** submit the bills timely to client and collect money, if required
- PC31.** record production, operational, and personnel data on specified form

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** legislation, standards, policies, and procedures, service standards to be followed in the organization
- KU2.** organization culture and typical guest profile
- KU3.** occupational health and safety requirements are applicable in the workplace
- KU4.** FSSAI (Food Safety and Standards Authority of India) guidelines for food safety
- KU5.** methods of record-keeping
- KU6.** ways to give clear instructions to the staff
- KU7.** effective leadership and team management techniques
- KU8.** methods to provide constructive feedback
- KU9.** procedure to prepare work schedules and duty rosters
- KU10.** conflict management procedures
- KU11.** resource management techniques
- KU12.** effective de-briefing methods
- KU13.** strategies to manage staff attendance problems
- KU14.** team performance monitoring methods
- KU15.** inventory management and stock optimization methods
- KU16.** training need analysis techniques

## Qualification Pack

- KU17.** policy implementation procedure
- KU18.** appropriate handling procedures for various food items
- KU19.** ways to maintain cleanliness and hygiene at the workplace
- KU20.** appropriate temperature and serving standards for various food items and beverages
- KU21.** applicable statutory and regulatory requirements applicable to the catering business

## Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** read procedure manuals, instructions, organizational SOPs, and information applicable at the workplace
- GS2.** fill-in checklists and logs
- GS3.** prepare relevant reports and records
- GS4.** communicate effectively and accurately with the staff to provide work instructions
- GS5.** manage time effectively and efficiently
- GS6.** assess the competence level of staff
- GS7.** create a priority task list to ensure smooth functioning of staff activities
- GS8.** motivate the team to perform to its potential

### THC/N5910: Manage Catering Operations

#### Description

This OS unit is about arranging and managing resources, logistics, and ensuring sanitation at the site and quality of catering services.

#### Scope

The scope covers the following :

- Manage resources for catering service
- Manage logistics for outdoor catering
- Ensure food quality and sanitation
- Ensure catering business administration

#### Elements and Performance Criteria

##### *Manage resources for catering service*

To be competent, the user/individual on the job must be able to:

- PC1.** prepare weekly work schedule and duty rosters of staff, as required
- PC2.** brief the catering staff regarding the assigned duties
- PC3.** maintain daily operations and delegate day to day responsibilities accurately
- PC4.** handle and resolve staff problems like absenteeism, schedule change, etc.
- PC5.** arrange for backup in case of unplanned leaves of any employee
- PC6.** administer performance management and disciplinary actions as needed
- PC7.** give feedback to staff to help them improve their performance where appropriate
- PC8.** inform the management regarding human resource requirement
- PC9.** assist the catering manager in hiring the staff
- PC10.** implement the policies and procedures in operating the catering services
- PC11.** supervise the staff in maximising all resources to achieve high quality and excellent cost control
- PC12.** identify training needs and implement a staff training plan
- PC13.** train the staff about organizational work culture, quality standards, and job responsibilities

##### *Manage logistics for outdoor catering*

To be competent, the user/individual on the job must be able to:

- PC14.** obtain details from the manager regarding the booking like menu, pax, or any other special requirement
- PC15.** ensure availability of all supplies and equipment as per requirement
- PC16.** check the vehicle for cleanliness and sanitation before uploading the food items, supplies and equipment
- PC17.** make sure all food items are stored at appropriate temperature and as per standards

##### *Ensure food quality and sanitation*

## Qualification Pack

To be competent, the user/individual on the job must be able to:

- PC18.** inspect supplies, equipment, and work areas to ensure efficient service and conformance to standards
- PC19.** inspect the food for quality during cooking and presentation while serving
- PC20.** check the food and beverage items for correct temperature while serving
- PC21.** ensure serving standards are maintained while serving the guests
- PC22.** make sure special requests of the guests are addressed, if any

### *Ensure catering business administration*

To be competent, the user/individual on the job must be able to:

- PC23.** assist catering manager with planning of special events like menu planning, logistics etc.
- PC24.** monitor working hours of the staff with appropriate break periods
- PC25.** analyse operational problems, such as theft and wastage, and establish procedures to alleviate these problems
- PC26.** control inventories of food, equipment, and beverages, and report shortages to designated personnel
- PC27.** develop equipment maintenance schedules and arrange for repairs
- PC28.** ensure self-availability on-site during Out Door Catering (ODC) at all times
- PC29.** handle and address client complaints promptly
- PC30.** submit the bills timely to client and collect money, if required
- PC31.** record production, operational, and personnel data on specified form

## Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** legislation, standards, policies, and procedures, service standards to be followed in the organization
- KU2.** organization culture and typical guest profile
- KU3.** occupational health and safety requirements are applicable in the workplace
- KU4.** FSSAI (Food Safety and Standards Authority of India) guidelines for food safety

## Assessment Guidelines and Assessment Weightage

### Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down the proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the theory part will be based on the knowledge bank of questions created by the SSC.
3. Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS.
4. Individual assessment agencies will create unique question papers for the theory part for each candidate at each examination/training center (as per assessment criteria below).
5. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/ training center based on these criteria.
6. To pass the Qualification Pack assessment, every trainee should score a minimum of 70% of % aggregate marks to successfully clear the assessment.

## Qualification Pack

7. In case of unsuccessful completion, the trainee may seek reassessment on the Qualification Pack.

### Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

### Glossary

|                                              |                                                                                                                                                                                                                                                                                                  |
|----------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Sector</b>                                | Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.                                                                      |
| <b>Sub-sector</b>                            | Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.                                                                                                                                                                                     |
| <b>Occupation</b>                            | Occupation is a set of job roles, which perform similar/ related set of functions in an industry.                                                                                                                                                                                                |
| <b>Job role</b>                              | Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.                                                                                                                                                                                |
| <b>Occupational Standards (OS)</b>           | OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts. |
| <b>Performance Criteria (PC)</b>             | Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.                                                                                                                                                                    |
| <b>National Occupational Standards (NOS)</b> | NOS are occupational standards which apply uniquely in the Indian context.                                                                                                                                                                                                                       |
| <b>Qualifications Pack (QP)</b>              | QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.                                                                                                                       |
| <b>Unit Code</b>                             | Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'                                                                                                                                                                                                        |
| <b>Unit Title</b>                            | Unit title gives a clear overall statement about what the incumbent should be able to do.                                                                                                                                                                                                        |
| <b>Description</b>                           | Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.                                                                                                                   |
| <b>Scope</b>                                 | Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.                                                                                            |

## Qualification Pack

|                                         |                                                                                                                                                                                                                                                                                                                                                                        |
|-----------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Knowledge and Understanding (KU)</b> | Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.                                                                                                                                               |
| <b>Organisational Context</b>           | Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.                                                                                                                                                                       |
| <b>Technical Knowledge</b>              | Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.                                                                                                                                                                                                                                                               |
| <b>Core Skills/ Generic Skills (GS)</b> | Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles. |
| <b>Electives</b>                        | Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.                                                                            |
| <b>Options</b>                          | Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.                                                                                                                                                          |
