WBSC/AGR/Q3401: Vermi Composter

Brief Job Description

A Vermi composter farmer produces enough manure for organic farming. He or she produces compost through aerobic microorganisms. A Vermi-composter analyses the nutrition value of compost to retain the fertility in the soil.

Personal Attributes

A Vermi-composter farmer is hardworking, environmentally conscious with a strong sense of responsibility toward sustainable agriculture. He or she is knowledgeable about organic farming practices and understands the role of aerobic microorganisms in producing high-quality compost. Commitment to eco-friendly methods, attention to detail and a passion for improving soil health productive and sustainable farming.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [WBSC/AGR/N3401: Identify the species of earthworm capable for producing vermi compost from agriculture waste.](#)
2. [WBSC/AGR/N3402: Construct the compost pit and bed with Pit method.](#)
3. [WBSC/AGR/N3403: Prepare vermi and other compost.](#)
4. [WBSC/AGR/N3404: Collect the vermi wash, analyse the composition and apply to the field.](#)
5. [WBSC/AGR/N3405: Pack vermi compost and other compost for transportation.](#)
6. [WBSC/AGR/N3406: Apply the compost fertilizer in agricultural field according to the composition of the soil.](#)
7. [WBSC/AGR/N3407: Work in real job situation with special emphasis on basic safety and hazards in this domain \(Vermi Composter\).](#)
8. [DGT/VSQ/N0102: Employability Skills \(60 Hours\)](#)

Qualification Pack

WBSC/AGR/N3401: Identify the species of earthworm capable for producing vermi compost from agriculture waste.

Description

Identify the species of earthworm capable for producing vermi compost from agriculture waste.

Scope

The scope covers the following :

- Types of earthworm species.
- The role of earthworm in soil.
- Identification of earthworm through morphological and physiological examination.
- Selection of the agriculture waste for producing vermi compost.
- Preparation of vermi compost by using commercial Earthworms.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Identify and select types of earthworm species.

PC2. Illustrate the role of earthworm in soil.

PC3. Identify earthworm through morphological and physiological examination.

PC4. Select the agriculture waste for producing vermi compost.

PC5. Prepare vermi compost by using commercial Earthworms.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Types of organic manures.

KU2. Source of organic manures.

KU3. Use of Organic manures in field.

KU4. Importance of Organic manures.

KU5. Types of earthworm species.

KU6. Role of earthworms in soil.

KU7. Importance of vermi composting.

KU8. Benefits of vermi compost.

Generic Skills (GS)

User/individual on the job needs to know how to:

Qualification Pack

- GS1.** Practice on selection of commercial earthworm Species based on Morphological characteristics viz. Eiseniafoetida, Eudriluseuginae, Perionyexcavatus
- GS2.** Practice on preparation of vermicompost using commercial earthworms.
- GS3.** Practice on breeding of Earthworms in tray and rack.
- GS4.** Practice on rearing of earthworms in tray and rack.
- GS5.** Practice on segregating adult earthworms for vermi production.

Qualification Pack

Qualification Pack

WBSC/AGR/N3402: Construct the compost pit and bed with Pit method.

Description

Construct the compost pit and bed with Pit method.

Scope

The scope covers the following :

- Location for preparation of compost pit.
- Raw materials required to compost pit.
- Preparation of the pit as per requirement and size.
- Proper procedure for preparation of compost.
- Pit method of vermi composting.
- Heap method of vermi composting.
- Poly-vermi method.
- Hanging methods.
- Possible risks and hazards in the work environment.
- Safety exercise.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify and select the location for preparation of compost pit.
- PC2.** Select the raw materials required for compost pit.
- PC3.** Prepare the pit as per requirement and size.
- PC4.** Follow the proper procedure for preparation of compost.
- PC5.** Practice on Pit method of vermi composting.
- PC6.** Practice on Heap method of vermi composting.
- PC7.** Practice on Poly-vermi method.
- PC8.** Practice on Hanging methods.
- PC9.** Enumerate possible risks and hazards in the work environment.
- PC10.** Practice on safety exercise.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Description and methods of vermi composting.
- KU2.** Preparation of the pit as per requirement and size.
- KU3.** The raw materials required for compost pit.
- KU4.** Pit method of vermi composting.
- KU5.** The proper procedure for preparation of compost.

Qualification Pack

- KU6.** Heap method of vermi composting.
- KU7.** Poly- vermi method.
- KU8.** Hanging methods.
- KU9.** Possible risks and hazards in the work environment.
- KU10.** Awareness about safety exercise.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** • Identify and select the location for preparation of compost pit.
•
- GS2.** Select the raw materials required for compost pit.
- GS3.** Prepare the pit as per requirement and size.
- GS4.** Follow the proper procedure for preparation of compost.
- GS5.** Practice on Pit method of vermi composting.
- GS6.** Practice on Heap method of vermi composting.
- GS7.** Practice on Poly- vermi method.
- GS8.** Practice on Hanging methods.
- GS9.** Enumerate possible risks and hazards in the work environment.
- GS10.** Practice safety exercise.

WBSC/AGR/N3403: Prepare vermi and other compost.

Description

Prepare vermin and other compost.

Scope

The scope covers the following :

- Raw materials require for compost.
- Planning and selection of the size of the tank.
- Collection of the bio mass.
- Preparation of the bed for compost.
- Raw materials requirement in the tank.
- Regular observation and frequent checks.
- Breeding of earthworms in the tray and rack.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify the raw materials require for compost.
- PC2.** Plan and select the size of the tank.
- PC3.** Collect the bio mass.
- PC4.** Prepare the bed for compost.
- PC5.** Put the raw materials require in the tank.
- PC6.** Observe regularly and have a frequent check.
- PC7.** Practice breeding of earthworms in the tray and rack.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Various steps used in preparation of vermi compost.
- KU2.** Various steps involved in application of bed wash in field (Dilution by water, foliar spraying and soil application).
- KU3.** Various steps involved in application of vermiwash in filed (Dilution by water, foliar spraying and soil application).

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Practice on selecting compostable and non- compostable raw materials.
- GS2.** Practice on mixing of raw materials in proper proportion.

Qualification Pack

- GS3.** Select proper method of decomposition from various methods viz. open system, poly system and pit system.
- GS4.** Prepare the bed for compost.
- GS5.** Put the raw materials require in the tank.
- GS6.** Observe regularly and have a frequent check.
- GS7.** Practice breeding of earthworms in the tray and rack.

WBSC/AGR/N3404: Collect the vermi wash, analyse the composition and apply to the field.

Description

Collect the vermi wash, analyse the composition and apply to the field.

Scope

The scope covers the following :

- Vermi wash procedure.
- Setting up the collection device in proper place.
- Collection of vermi wash.
- The composition of vermi wash.
- The role of vermi wash in crop production.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Set up the vermi wash procedure.
- PC2.** Set up the collection device in proper place.
- PC3.** Collect the vermi wash.
- PC4.** Identify the composition of vermi wash.
- PC5.** Recognize the role of vermi wash in crop production.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The vermi wash procedure.
- KU2.** Setting up the collection device in proper place.
- KU3.** Collection of vermi wash.
- KU4.** The composition of vermi wash.
- KU5.** The role of vermi wash in crop production.
- KU6.** Application of vermicompost based on soil profile, field area and crop types.
- KU7.** Application of bedwash in field by foliar spraying .
- KU8.** Application of vermiwash in field by foliar spraying.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Set up the vermi wash procedure.

Qualification Pack

- GS2.** Set up the collection device in proper place.
- GS3.** Collect the vermi wash.
- GS4.** Identify the composition of vermi wash.
- GS5.** Recognize the role of vermi wash in crop production.
- GS6.** Practice on application of vermi compost based on soil profile, field area and crop types.

WBSC/AGR/N3405: Pack vermi compost and other compost for transportation.

Description

Pack vermi compost and other compost for transportation.

Scope

The scope covers the following :

- Materials required for packaging of vermi compost.
- Packaging of vermi compost.
- Different weight of vermi compost for farmers and domestic users

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Identify the materials required for packaging of vermi compost.

PC2. Practice on packaging of vermi compost.

PC3. Practice for different weight of vermi compost for farmers and domestic users,

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The materials required for packaging.

KU2. Packaging of vermi compost.

KU3. Weight of vermi compost for the users of farmers and domestic users.

Generic Skills (GS)

User/individual on the job needs to know how to:

DGT/VSQ/N0102: Employability Skills (60 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Career Development & Goal Setting
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

- PC1.** identify employability skills required for jobs in various industries
- PC2.** identify and explore learning and employability portals

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

- PC3.** recognize the significance of constitutional values, including civic rights and duties, citizenship, responsibility towards society etc. and personal values and ethics such as honesty, integrity, caring and respecting others, etc.
- PC4.** follow environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

- PC5.** recognize the significance of 21st Century Skills for employment
- PC6.** practice the 21st Century Skills such as Self-Awareness, Behaviour Skills, time management, critical and adaptive thinking, problem-solving, creative thinking, social and cultural awareness, emotional awareness, learning to learn for continuous learning etc. in personal and professional life

Basic English Skills

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC7.** use basic English for everyday conversation in different contexts, in person and over the telephone
- PC8.** read and understand routine information, notes, instructions, mails, letters etc. written in English
- PC9.** write short messages, notes, letters, e-mails etc. in English

Career Development & Goal Setting

To be competent, the user/individual on the job must be able to:

- PC10.** understand the difference between job and career
- PC11.** prepare a career development plan with short- and long-term goals, based on aptitude

Communication Skills

To be competent, the user/individual on the job must be able to:

- PC12.** follow verbal and non-verbal communication etiquette and active listening techniques in various settings
- PC13.** work collaboratively with others in a team

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

- PC14.** communicate and behave appropriately with all genders and PwD
- PC15.** escalate any issues related to sexual harassment at workplace according to POSH Act

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

- PC16.** select financial institutions, products and services as per requirement
- PC17.** carry out offline and online financial transactions, safely and securely
- PC18.** identify common components of salary and compute income, expenses, taxes, investments etc
- PC19.** identify relevant rights and laws and use legal aids to fight against legal exploitation

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

- PC20.** operate digital devices and carry out basic internet operations securely and safely
- PC21.** use e-mail and social media platforms and virtual collaboration tools to work effectively
- PC22.** use basic features of word processor, spreadsheets, and presentations

Entrepreneurship

To be competent, the user/individual on the job must be able to:

- PC23.** identify different types of Entrepreneurship and Enterprises and assess opportunities for potential business through research
- PC24.** develop a business plan and a work model, considering the 4Ps of Marketing Product, Price, Place and Promotion
- PC25.** identify sources of funding, anticipate, and mitigate any financial/ legal hurdles for the potential business opportunity

Customer Service

To be competent, the user/individual on the job must be able to:

- PC26.** identify different types of customers
- PC27.** identify and respond to customer requests and needs in a professional manner.

Qualification Pack

PC28. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC29. create a professional Curriculum vitae (Résumé)

PC30. search for suitable jobs using reliable offline and online sources such as Employment exchange, recruitment agencies, newspapers etc. and job portals, respectively

PC31. apply to identified job openings using offline /online methods as per requirement

PC32. answer questions politely, with clarity and confidence, during recruitment and selection

PC33. identify apprenticeship opportunities and register for it as per guidelines and requirements

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills and different learning and employability related portals

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use English language for effective verbal (face to face and telephonic) and written communication in formal and informal set up

KU6. importance of career development and setting long- and short-term goals

KU7. about effective communication

KU8. POSH Act

KU9. Gender sensitivity and inclusivity

KU10. different types of financial institutes, products, and services

KU11. how to compute income and expenditure

KU12. importance of maintaining safety and security in offline and online financial transactions

KU13. different legal rights and laws

KU14. different types of digital devices and the procedure to operate them safely and securely

KU15. how to create and operate an e- mail account and use applications such as word processors, spreadsheets etc.

KU16. how to identify business opportunities

KU17. types and needs of customers

KU18. how to apply for a job and prepare for an interview

KU19. apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. read and write different types of documents/instructions/correspondence

GS2. communicate effectively using appropriate language in formal and informal settings

Qualification Pack

- GS3.** behave politely and appropriately with all
- GS4.** how to work in a virtual mode
- GS5.** perform calculations efficiently
- GS6.** solve problems effectively
- GS7.** pay attention to details
- GS8.** manage time efficiently
- GS9.** maintain hygiene and sanitization to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Assessment will be based on the concept of Independent Assessors empaneled with West Bengal State Council of Technical & Vocational Education & Skill Development (WBSCT&VE&SD), identified, selected, trained and certified on Assessment techniques. These Assessors would be aligned to assess as per the laid down criteria.

WBSCT&VE&SD would conduct assessment only at the training centers or designated testing centers authorized by WBSCT&VE&SD. Ideally, the assessment will be a continuous process comprising of two distinct steps:

- Continuous assessment by Trainers
- Term end /Final Assessment by WBSCT&VE&SD

Each National Occupational Standard (NOS) in the respective QPs will be assigned weightage. Each Performance Criteria in the NOS will be assigned marks for theory and/or practical based on relative importance and criticality of function. This will facilitate preparation of question bank / paper sets for each of the QPs. Each of these papers sets/question banks created by subject matter experts through WBSCT&VE&SD, especially with regard to the practical test and the defined tolerances, finish, accuracy

Qualification Pack

etc. The following tools are proposed to be used for final assessment:

i. Written Test: This will comprise of (i) True/False Statements and/or (ii) Multiple Choice Questions and/or (iii) Matching Type Questions. Online system for this will be preferred.

ii. Practical Test: This will comprise a test job to be prepared as per project briefing following appropriate working steps, using necessary tools, equipment and instruments. Through observation it will be possible to ascertain candidate's aptitude, attention to details, quality consciousness etc.

iii. Structured Viva-voce: This tool will be used to assess the conceptual understanding and the behavioral aspects as regards the job role and the specific task at hand.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
WBSC/AGR/N3401. Identify the species of earthworm capable for producing vermi compost from agriculture waste.	24	60	-	-	84	8
WBSC/AGR/N3402. Construct the compost pit and bed with Pit method.	24	60	-	-	84	9
WBSC/AGR/N3403. Prepare vermi and other compost.	26	60	-	-	86	9
WBSC/AGR/N3404. Collect the vermi wash, analyse the composition and apply to the field.	24	60	-	-	84	8
WBSC/AGR/N3405. Pack vermi compost and other compost for transportation.	24	60	-	-	84	8

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
