WBSC/HCS/Q0501: Jari and Thread Work Karigar

Brief Job Description

A Jari and Thread Work Karigar is responsible for creating designs using metallic threads, beads with various fabrics. They meticulously execute traditional patterns, ensuring precision and quality. The artisan inspects raw materials, maintains tools and upholds quality control standards to produce high-end decorative items and garments.

Personal Attributes

A Jari and Thread Work Karigar demonstrates exceptional attention to detail, patience and creativity. They possess strong hand eye coordination and manual dexterity, quality conscious and disciplined nature for upholding high craftsmanship standards. Adaptability, teamwork and entrepreneurial thinking further enhance their professional growth.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [WBSC/HCS/N0501: Explain the roles and responsibility of Jari and Thread Work Karigar.](#)
2. [WBSC/HCS/N0502: Identify different tools and materials for Jari and Thread work.](#)
3. [WBSC/HCS/N0503: Prepare the workplace for Jari and Thread work.](#)
4. [WBSC/HCS/N0504: Execute tracing technique by applying different methods.](#)
5. [WBSC/HCS/N0505: Apply different techniques with design and color.](#)
6. [WBSC/HCS/N0506: Ensure proper finishing of the Jari and Thread work product.](#)
7. [WBSC/HCS/N0507: Set up a small Jari and thread work Business unit.](#)
8. [WBSC/HCS/N0508: Work in real job situation with emphasis on basic safety and hazards \(Jari and Thread Work Karigar\).](#)
9. [DGT/VSQ/N0101: Employability Skills \(30 Hours\)](#)

Options(Not mandatory):

Option 1: Nakshi Kantha Embroidery

Make Nakshi Kantha Embroidery work on a fabric.

1. [WBSC/HCS/N0509: Make Nakshi Kantha Embroidery work on a fabric.](#)

Qualification Pack

Option 2: Crochet Embroidery

Produce a variety of Crochet items.

1. [WBSC/HCS/N0510: Produce a variety of Crochet items.](#)

Qualification Pack

WBSC/HCS/N0501: Explain the roles and responsibility of Jari and Thread Work Karigar.

Description

Explain the roles and responsibility of Jari and Thread Work Karigar.

Scope

The scope covers the following :

- The history and cultural significance associated with Jari and Thread work.
- Different types of Jari and their suitability on different fabrics.
- Maintenance of Safe Working Practices.
- Durability check including stretching and light washing of sample fabrics.
- Different types of fire extinguishers and their use.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Describe the history and cultural significance associated with Jari and Thread work.

PC2. Identify different types of Jari and their suitability on different fabrics.

PC3. Apply and maintain Safe Working Practices.

PC4. Perform durability check including stretching and light washing of sample fabrics.

PC5. Identify different fire extinguishers and use them as per requirements.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The history and cultural significance of Jari work.

KU2. The roles and responsibility of Jari worker.

KU3. Various safety hazards associated with jari work.

KU4. Different types of jari, categorized on material quality and application (e.g. real jari, imitation jari(metallic jari), plastic jari).

KU5. Fire and safety hazards and necessary precautions to ensure a safe working environment.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Identify different types of Jari (e.g., real Zari, imitation Zari, plastic Zari) and their suitability on different fabrics.

GS2. Demonstrate the use of Personal Productive Equipment (PPE).

Qualification Pack

- GS3.** Apply fire and safety precautions effectively to prevent accidents and maintain a secure workspace.
- GS4.** Perform durability check including stretching and light washing of sample fabrics.

WBSC/HCS/N0502: Identify different tools and materials for Jari and Thread work.

Description

Identify different tools and materials for Jari and Thread work.

Scope

The scope covers the following :

- Different tools and raw materials required for jari and thread work.
- Various types of threads (Real jari, imitation jari, plastic jari).
- Stencils and design patterns, tracing paper, design templates.
- Different types of needles for Jari work.
- Different types of Scissors for Jari work.
- Selection of threads & needles according to the texture and fiber of the material.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Identify different tools and raw materials required for jari and thread work.

PC2. Differentiate various types of threads (Real jari, imitation jari, plastic jari).

PC3. Explain Stencils and design patterns, tracing paper, design templates.

PC4. Identify different needles for Jari work.

PC5. Identify different Scissors for Jari work.

PC6. Select threads & needles according to the texture and fiber of the material.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The basic tools and materials used in Jari work, including needles, frames, various threads and base fabrics.

KU2. The purpose of essential tools such as tambour needles, frames (adda), scissors, and thimbles.

KU3. Categorization of basic hand embroidery stitches, demonstration of their techniques, and application of them in appropriate contexts.

KU4. Various base fabrics like silk, velvet, chiffon, cotton, and organza, and determine their suitability for Jari work.

KU5. Selection of supporting threads, such as cotton, silk, and polyester, based on the requirements of the design.

KU6. Usage of stencils, design patterns, tracing paper, and design templates to create accurate and intricate designs.

Qualification Pack

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Identify different tools, equipment and raw materials required for jari work.
- GS2.** Differentiate between various types of threads (Real jari, imitation jari, plastic jari) used, including gold, silver and coloured threads and understand their characteristics and suitability for different fabrics.
- GS3.** Identify different needles for Jari work.
- GS4.** Identify different Scissors for Jari work.
- GS5.** Demonstrate procurement procedure of materials from local market.
- GS6.** Identify Select threads & needles according to the texture and fiber of the material.

WBSC/HCS/N0503: Prepare the workplace for Jari and Thread work.

Description

Prepare the workplace for Jari and Thread work.

Scope

The scope covers the following :

- Preparation of the workplace for Jari and Thread work.
- Setting up large work table.
- Usage of cushions or pillows to support hands and arms.
- Fixing the fabric on the embroidery frame correctly positioned.
- Adjustment of lighting and temperature control for Jari work.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Prepare the workplace for Jari and Thread work.

PC2. Set up large work table.

PC3. Use cushions or pillows to support hands and arms based on comfort during the Jari Work.

PC4. Fix the fabric on the embroidery frame correctly positioned.

PC5. Explain the Adjustment of lighting and temperature control for Jari work.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The setup of an ideal workspace, focusing on environment and ergonomic considerations.

KU2. Implementation of ergonomic practices to reduce strain during extended hours of hand embroidery.

KU3. Determination of necessary tools, including embroidery frames, needles, scissors and tracing tools.

KU4. The effective storage systems for organizing tools and materials.

KU5. Adjustment of lighting and temperature to create an optimal environment for Jari work.

KU6. Recognition of potential hazards, such as sharp tools and handle them safely to prevent injuries.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Set up a large work table suited for Jari's work.

GS2. Arrange the embroidery frame (Adda).

Qualification Pack

- GS3.** Identify hazards such as sharp tools (needles, scissors) and how to handle them safely.
- GS4.** Use cushions or pillows to support hands and arms based on comfort during the Jari Work.
- GS5.** Fix the fabric on the embroidery frame correctly positioned.
- GS6.** Clean the workspace to avoid fabric contamination.

WBSC/HCS/N0504: Execute tracing technique by applying different methods.

Description

Execute tracing technique by applying different methods.

Scope

The scope covers the following :

- Different tracing technique.
- Application of the tracing in different clothes.
- Selection of the drawing to be traced.
- Different types of tracing of objects, flower, birds, monogram etc.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify different tracing technique.
- PC2.** Apply the tracing in different clothes.
- PC3.** Select the drawing to be traced.
- PC4.** Practice different tracing of objects, flower, birds, monogram etc.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Different tracing technique.
- KU2.** Comparison between traditional and modern methods of tracing.
- KU3.** The step -by-step procedure tracing technique in clothes.
- KU4.** The usage of appropriate materials and tools for tracing.
- KU5.** Recognition of the drawing to be traced.
- KU6.** The tracing technique in the clothes.
- KU7.** The importance of precision in tracing.
- KU8.** Preservation of the original designs.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Identify various tracing technique in the paper and clothes.
- GS2.** Apply the tracing in different clothes.
- GS3.** Demonstrate Freehand drawing technique.

Qualification Pack

- GS4.** Select the drawing to be traced.
- GS5.** Practice different tracing of objects, flower, birds, monogram etc.
- GS6.** Align and position the design accurately the fabric for proper placement.
- GS7.** Correct tracing errors using erasing tools.
- GS8.** Handle complex designs by breaking into smaller section.
- GS9.** Prepare the fabric and traced design before embroidery.

WBSC/HCS/N0505: Apply different techniques with design and color.

Description

Apply different techniques with design and color.

Scope

The scope covers the following :

- Basic stitches.
- Selection of the cloth for suitable of colour and design.
- Application of Jari work on specific garments and products.
- Changing of a given design to modify it for a new design on a piece of given cloth.
- Contraction or enlargement of a given design according to size of cloth.
- Hand embroidery with flat, loop and knotted stitch.
- Different techniques Viz. Zardozi Embroidery, Couching (For Border), Kinari Work, Salma- Sitara Work, Badla Work, Aari Work, Kamdani Work, Chikankari with Jari Work.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Explain basic stitches.
- PC2.** Select the cloth for suitable of colour and design.
- PC3.** Apply Jari work on specific garments and products like sarees, lehengas, blouses, cushions, shoes and wall hangings.
- PC4.** Change a given design to modify it for a new design on a piece of given cloth.
- PC5.** Perform contract or enlarge a given design according to size of cloth.
- PC6.** Execute hand embroidery with flat, loop and knotted stitch.
- PC7.** Demonstrate different techniques Viz. Zardozi Embroidery, Couching (For Border), Kinari Work, Salma- Sitara Work, Badla Work, Aari Work, Kamdani Work, Chikankari with Jari Work.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Different types of jari work and their characteristics.
- KU2.** Basic stitches like satin stitch, chain stitch, couching and stem stitch and how these are used in Jari Work.
- KU3.** The procedure for Hand embroidery and basic stitches viz. Flat Stitch, Loop Stitches, Knotted Stitches
- KU4.** Various Applications of Jari Work in Fashion, Home Decor and Accessories.
- KU5.** The different types of garments and products that can be embellished with Jari work.
- KU6.** Different jari work patterns such as floral designs and geometric shapes.

Qualification Pack

KU7. Different Techniques viz. Zardozi Embroidery, Couching (For Border), Kinari Work, Salma-Sitara Work, Badla Work, Aari Work, Kamdani Work, Chikankari with Jari Work.

KU8. • Explain shade work, its kinds, techniques & characteristics of the followings:

- 1. Applique work.
- 2. Mocking its kinds and uses.
- 3. Cut work its kinds and uses.
- 4. Line and Types of lines Straight, curved, dotted, zigzag, etc.
- 5. Position of forms Vertical, horizontal, diagonal & oblique.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Select various types of jari work including zardozi, Kinari, Salma-sitara, Badla,, Aari, Chikankari and differentiate their unique features.
- GS2.** Use various fundamental stitches (satin, chain, couching, stem) on different types of fabric.
- GS3.** Apply Jari work on specific garments and products like sarees, lehengas, blouses, cushions, shoes and wall hangings.
- GS4.** Select the cloth for suitable of colour and design.
- GS5.** Demonstrate making a particular design on a cloth by choosing proper colour.
- GS6.** Modify a given design to create it for a new design on a piece of given cloth.
- GS7.** Perform contract or enlarge a given design according to size of cloth.
- GS8.** Perform hand embroidery with flat, loop and knotted stitch.
- GS9.** Demonstrate different techniques Viz. Zardozi Embroidery, Couching (For Border), Kinari Work, Salma-Sitara Work, Badla Work, Aari Work, Kamdani Work, Chikankari with Jari Work.

WBSC/HCS/N0506: Ensure proper finishing of the Jari and Thread work product.

Description

Ensure proper finishing of the Jari and Thread work product.

Scope

The scope covers the following :

- Different raw materials (threads, fabrics).
- Neatness and Precision in Stitching.
- Maintenance of the records of the production process.
- Different tracing of objects, flower, birds, monogram etc.
- Inspection of the final product for defects and repair the same.
- Proper packaging and storage of the product.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Describe different raw materials (threads, fabrics).
- PC2.** Ensure Neatness and Precision in Stitching to Maintain the Quality of Jari's Work.
- PC3.** Maintain the records of the production process.
- PC4.** Practice different tracing of objects, flower, birds, monogram etc.
- PC5.** Inspect the final product for defects and repair the same.
- PC6.** Execute proper packaging and storage of the product.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The common defects and quality issues in raw materials.
- KU2.** Maintenance of consistent tension during stitching.
- KU3.** Effect of surface finish and texture in the final appearance of Jari's work.
- KU4.** The labeling process.
- KU5.** Maintenance of the records of production process, materials used and final inspection results.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Ensure Neatness and Precision in Stitching to Maintain the Quality of Jari's Work.
- GS2.** Apply finishing touches to completed Jari pieces such as securing threads, trimming excess and pressing the fabric.

Qualification Pack

- GS3.** Perform cleaning and washing of Jari work to maintain its quality.
- GS4.** Perform pressing and ironing techniques specific to Jari work.
- GS5.** Inspect the final product for defects or imperfections.
- GS6.** Demonstrate proper package and storage techniques to maintain the quality of the Jari work.

WBSC/HCS/N0507: Set up a small Jari and thread work Business unit.

Description

Set up a small Jari and thread work Business unit.

Scope

The scope covers the following :

- The mission, vision and goals of the Jari work business unit.
- Target markets, industry trends and competitors.
- Identify various funding sources and their applications.
- A comprehensive operational plan covering production and logistics.
- Creation of realistic financial projections including income and expenses.
- The system for tracking business performance using KPIs.
- Recording of various cash transactions accurately using appropriate methods.
- Compliance with GST concepts.
- Utilization of inventory management tools to maintain accurate stock levels.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Define the mission, vision and goals of the Jari work business unit.
- PC2.** Identify target markets, industry trends and competitors.
- PC3.** Identify various funding sources and their applications.
- PC4.** Create a comprehensive operational plan covering production and logistics.
- PC5.** Create realistic financial projections including income and expenses.
- PC6.** Explain the system for tracking business performance using KPIs.
- PC7.** Record various cash transactions accurately using appropriate methods.
- PC8.** Practice compliance with GST concepts.
- PC9.** Utilize inventory management tools to maintain accurate stock levels.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** The mission, vision, goals of the business and the range of products or services offered in its industry.
- KU2.** The entire business concept, unique selling points (USPs) and competitive advantages.
- KU3.** The target market, current industry trends, and competitors strategies for better positioning.
- KU4.** Collaboration with sales and marketing teams to gather insights on promotions, seasonal variations and market changes.

Qualification Pack

- KU5.** • Different Sources of funding for Start-up such as state Government schemes:
 - Smami Vivekanda SwanibharKarmasanthanPrakalpa (SVSKP)
 - West Bengal Swanirbhar Sahayak Prakalpa (WBSSP)
 - Bhavisyat Credit Card
 - WBMDFC Schemes
- KU6.** Product/service details, pricing and positioning in the market.
- KU7.** The operational aspects including production processes, logistics management and facility requirements.
- KU8.** Determination of financial performance using income statements, balance sheets, and risk assessments.
- KU9.** The system for regular monitoring and evaluation of the business plan's implementation.
- KU10.** Differentiation between various forms of payments (cash, card, UPI).
- KU11.** The purpose and importance of invoices, cash receipts, vouchers and cash memos.
- KU12.** The e-payment systems such as debit and credit cards, UPI and mobile applications.
- KU13.** Concepts like event, transaction, account, capital, asset, liabilities, income, expenses, profit, loss, cost and vouchers.
- KU14.** The key aspects of GST including applicability, exemptions, SGST, CGST, IGST, input tax, output tax, TCS, TDS and compliance rates.
- KU15.** Categorization of products into A, B and C classes based on their importance and value.
- KU16.** Implementation of Just-In-Time (JIT) inventory systems with reliable suppliers to reduce excess inventory.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Estimate the amount of funding required and the purpose, whether through loans, investments or other means.
- GS2.** Demonstrate detailed financial projections based on realistic assumptions and market trends.
- GS3.** Provide the operational plan on how the business will function, covering processes, technology and resources.
- GS4.** Demonstrate step-by-step plan for implementing the business strategy along with key metrics (KPIs) to track the business's progress.
- GS5.** Hands-on practice in identifying and recording various cash transactions.
- GS6.** Demonstrate e-payment methods, debit/credit cards, UPI and mobile applications.
- GS7.** Generate cash memos and related documents.
- GS8.** Role-play scenarios for effectively managing returns, refunds and exchanges.
- GS9.** Practice on using accounting software or manual methods, record various financial transactions.
- GS10.** Practice preparing invoices, receipts, and vouchers.
- GS11.** Apply GST concepts through practical exercises, including calculations and compliance.
- GS12.** Implement inventory management software to automate processes, track stock levels in real-time and generate accurate reports.

Qualification Pack

- GS13.** Conduct regular physical audits and cycle counts to ensure the accuracy of inventory records.
- GS14.** Collaborate with key partners in the supply chain for shared demand forecasting and planning.
- GS15.** Utilize data analytics tools to analyze historical data, identify trends and make informed decisions.
- GS16.** Practice on creating detail project report template.

WBSC/HCS/N0508: Work in real job situation with emphasis on basic safety and hazards (Jari and Thread Work Karigar).

Description

Work in real job situation with emphasis on basic safety and hazards.

Scope

The scope covers the following :

- Work in the real job situation.
- Report preparation on the competency developed.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Work in the real job situation with special emphasis on basic safety and hazards in this domain.
- PC2.** Prepare report for this component of training of the course to ensure whether competency has been developed.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Work in the real job situation with special emphasis on basic safety and hazards in this domain.
- GS2.** Prepare report for this component of training of the course to ensure whether competency has been developed.

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

WBSC/HCS/N0509: Make Nakshi Kantha Embroidery work on a fabric.

Description

Make Nakshi Kantha Embroidery work on a fabric.

Scope

The scope covers the following :

- Different types of materials needed for Nakshi kantha embroidery.
- Different types of Nakshi kantha embroidery.
- Various types of stitches.
- Selection of appropriate fabrics, thread and tools for creating Nakshi kantha embroidery.
- Creation of the embroidery designs incorporating traditional motifs, colors and pattern.
- Usage of Nakshi kantha techniques to modern application in fashion and home decorative items.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Identify and select different materials needed for Nakshi kantha embroidery.

PC2. Explain different types of Nakshi kantha embroidery.

PC3. Describe the various types of stitches.

PC4. Select appropriate fabrics, thread and tools for creating Nakshi kantha embroidery.

PC5. Create the embroidery designs incorporating traditional motifs, colors and pattern.

PC6. Use Nakshi kantha techniques to modern application in fashion and home decorative items.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The history and cultural significance of Nakshi Kantha in West Bengal, emphasizing its association with traditional practices.

KU2. The various types of stitches, including Running stitch, Kantha stitch, Chatai stitch, Anarasi stitch, Kashmiri stitch, Herringbone stitch, Back stitch, and Cross stitch.

KU3. The procedure of how Nakshi Kantha traditionally uses old, softened cotton saris and dhotis, with thread often derived from the fabric itself for stitching.

KU4. Different types of Nakshi Kantha embroidery styles found in Bengal.

KU5. Classification of embroidery threads based on their types, textures, and usage.

KU6. Examination of tools and equipment essential for creating Nakshi Kantha embroidery.

KU7. Selection of appropriate threads and needles according to the textures and fibers of the chosen material.

KU8. Various fabrics used in Nakshi Kantha embroidery.

KU9. Different embroidery accessories required for detailed work.

Qualification Pack

- KU10.** Common motifs, including human and animal figures, floral symbols, mythological stories, and patterns like fishes, birds, Kalka, and mandala.
- KU11.** Application of traditional colors such as yellow, red, green, black, and blue to enhance the designs.
- KU12.** Applications of Nakshi Kantha in modern fashion and lifestyle products.
- KU13.** The importance of preserving and promoting Nakshi Kantha as a cultural heritage.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Identify and Select different materials needed for Nakshi kantha embroidery.
- GS2.** Demonstrate the process of creating stitches such as Running stitch, Kantha stitch, Chatai stitch, Anarasi stitch, Kashmiri stitch, Herringbone stitch, Back stitch, and Cross stitch.
- GS3.** Choose appropriate fabric, needle, thread.
- GS4.** Prepare the fabric by lightly drawing the design with a pencil or chalk in Nakshi kantha styles.
- GS5.** Categorize and select embroidery threads based on their texture and suitability for specific designs.
- GS6.** Use suitable threads and needles based on fabric texture.
- GS7.** Cut a piece of thread, knot the end and thread the needle.
- GS8.** Run stitch along the drawn lines.
- GS9.** Use darning, Shadow work, herringbone stitches to add texture and definition.
- GS10.** Choose and mix threads in traditional colors to enhance the design.
- GS11.** Create motifs such as human, animal figures, floral symbols, mythological stories, fishes, birds, Kalka, mandala etc. on fabric.
- GS12.** Use traditional colors like yellow, red, green, black and blue in the designs.
- GS13.** Apply Nakshi Kantha embroidery techniques to craft modern fashion items and lifestyle products.
- GS14.** Make small utility items like coasters, cushion covers, decorative items, curtain, table cover, wall hanging with Nakshi kantha techniques.
- GS15.** Finish the embroidery: Secure the stitches by knotting the thread on the backside and trim excess fabric or threads.
- GS16.** Assemble and package finished embroidery works attractively for retail purposes.

Qualification Pack

WBSC/HCS/N0510: Produce a variety of Crochet items.

Description

Produce a variety of Crochet items.

Scope

The scope covers the following :

- The creation of intricate crochet designs using various stitches and techniques.
- Appropriate thread tension and fabric selection.
- Different types of crochet tools and materials, choosing the right ones for specific tasks.
- Read crochet patterns and charts to follow instructions accurately.
- Creation of a range of crochet items, including borders, trims and accessories.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Demonstrate the creation of intricate crochet designs using various stitches and techniques.

PC2. Apply appropriate thread tension and fabric selection.

PC3. Identify different crochet tools and materials, choosing the right ones for specific tasks.

PC4. Able to read crochet patterns and charts to follow instructions accurately.

PC5. Create a range of crochet items, including borders, trims and accessories.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Crochet embroidery and trace its historical origins.

KU2. The cultural significance of crochet embroidery across various regions.

KU3. Differentiation between crochet embroidery and traditional embroidery.

KU4. Crochet terminology, symbols, and patterns.

KU5. The procedure of basic stitches and techniques.

KU6. Proper thread tension and suitable fabrics.

KU7. Motifs, borders and designs.

KU8. Different types of crochet hooks (steel, bamboo, plastic).

KU9. The uses of needles, scissors and other embroidery tools.

KU10. Selection of appropriate threads, including cotton, silk, polyester and metallic options.

KU11. The method of choosing suitable base fabrics, such as cotton, linen or silk.

KU12. The utilization of tracing tools, such as design templates and carbon paper.

KU13. Single crochet, double crochet, treble crochet and their variations.

KU14. The techniques of stitches and finish edges.

Qualification Pack

- KU15.** Interpretation of crochet charts.
- KU16.** Filet crochet and crochet lace techniques.
- KU17.** Raised stitches and textured patterns.
- KU18.** Crochet borders, trims and edgings for garments.
- KU19.** Incorporation of crochet into mixed-media designs with fabric, beads and threads.
- KU20.** Usage of crochet as a decorative technique for home decor, such as pillows and curtains.
- KU21.** Application of crochet embroidery to clothing items like sweaters, dresses and scarves, accessories, including hats, bags and jewellery, using crochet.
- KU22.** Washing and storing of crochet-embroidered items properly.
- KU23.** Prevention of damage to crochet work with careful handling.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Identify crochet terminology, symbols, and patterns (e.g., reading charts and written instructions).
- GS2.** Make a simple Chain stitch.
- GS3.** Practice of making a Slip stitch for crochet designs.
- GS4.** Make a simple pattern of single crochet stitch.
- GS5.** Execute a double crochet stitch.
- GS6.** Practice basic stitch formation on fabric or thread.
- GS7.** Create a simple design using the basic stitches.
- GS8.** Hands-on practice with different crochet hooks and their uses.
- GS9.** Demonstrate tension control using hooks.
- GS10.** Practice choosing the right thread for different fabrics.
- GS11.** Test various thread materials on sample fabrics.
- GS12.** Practice creating different crochet stitches on fabric.
- GS13.** Work on different types of borders using crochet techniques.
- GS14.** Create a simple flower or geometric motif using crochet stitches.
- GS15.** Incorporate these motifs into fabric or wearable items.
- GS16.** Work on raised stitches, lace, and textured crochet patterns.
- GS17.** Create a lace panel or textured border for a garment.
- GS18.** Add crochet motifs or borders on a fabric piece or garment.
- GS19.** Join multiple motifs into a larger design such as a shawl or tablecloth.
- GS20.** Integrate crochet work into the body of a garment (e.g., neckline or sleeve detailing).
- GS21.** Practice using crochet embroidery on unconventional surfaces like shoes, bags and furniture for creative experimentation.
- GS22.** Create a crochet-embellished accessory (e.g., a crochet belt, bag, or hairband).
- GS23.** Add crochet flowers or lace elements to a fashion item.
- GS24.** Evaluate the quality of work, focusing on stitch uniformity, tension and overall aesthetic appeal.

Qualification Pack

GS25. Repair crochet-embellished garments or items.

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Assessment will be based on the concept of Independent Assessors empaneled with West Bengal State Council of Technical & Vocational Education & Skill Development (WBSCT&VE&SD), identified, selected, trained and certified on Assessment techniques. These Assessors would be aligned to assess as per the laid down criteria.

WBSCT&VE&SD would conduct assessment only at the training centers or designated testing centers authorized by WBSCT&VE&SD. Ideally, the assessment will be a continuous process comprising of two distinct steps:

- Continuous assessment by Trainers
- Term end /Final Assessment by WBSCT&VE&SD

Each National Occupational Standard (NOS) in the respective QPs will be assigned weightage. Each Performance Criteria in the NOS will be assigned marks for theory and/or practical based on relative importance and criticality of function. This will facilitate preparation of question bank / paper sets for each of the QPs. Each of these papers sets/question banks created by subject matter experts through WBSCT&VE&SD, especially with regard to the practical test and the defined tolerances, finish, accuracy

Qualification Pack

etc. The following tools are proposed to be used for final assessment:

i. Written Test: This will comprise of (i) True/False Statements and/or (ii) Multiple Choice Questions and/or (iii) Matching Type Questions. Online system for this will be preferred.

ii. Practical Test: This will comprise a test job to be prepared as per project briefing following appropriate working steps, using necessary tools, equipment and instruments. Through observation it will be possible to ascertain candidate's aptitude, attention to details, quality consciousness etc.

iii. Structured Viva-voce: This tool will be used to assess the conceptual understanding and the behavioral aspects as regards the job role and the specific task at hand.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.

Core Skills/ Generic Skills	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
Qualification	A formal outcome of an assessment and validation process which is obtained when a competent body determines that an individual has achieved learning outcomes to given standards.
Qualification File	A Qualification File is a template designed to capture necessary information of a Qualification from the perspective of NSQF compliance. The Qualification File will be normally submitted by the awarding body for the qualification.
Long Term Training	Long-term skilling means any vocational training program undertaken for a year and above. https://ncvet.gov.in/sites/default/files/NCVET.pdf .
