WBSC/HCS/Q2101: Water Hyacinth Handicrafts Maker

Brief Job Description

A Water Hyacinth Handicrafts Maker is responsible for crafting a variety of handmade products using dried water hyacinth stems. This role involves the entire process from harvesting and preparing raw materials to designing and assembling finished items. They will use traditional techniques to create eco-friendly products such as ropes, coasters, baskets, trays and hand purses.

Personal Attributes

A Water Hyacinth Handicrafts Maker should be creative, patient, and detail-oriented, with a strong appreciation for traditional craftsmanship and eco-friendly practices. They need to have good hand-eye coordination, manual dexterity and need to be hardworking and disciplined.

Applicable National Occupational Standards (NOS)

Compulsory NOS:

1. [WBSC/HCS/N2101: Describe water hyacinth potential application.](#)
2. [WBSC/HCS/N2102: Demonstrate the process of harvesting and drying.](#)
3. [WBSC/HCS/N2103: Apply dye on water hyacinth stem.](#)
4. [WBSC/HCS/N2104: Make basic craft items like ropes, coasters etc.](#)
5. [WBSC/HCS/N2105: Make intricate items such as Baskets, Trays and Hand purses etc.](#)
6. [WBSC/HCS/N2106: Set up a small unit for water hyacinth handicraft products.](#)
7. [WBSC/HCS/N2107: Work in real job situation with emphasis on basic safety and hazards \(Water Hyacinth Handicrafts Maker\).](#)
8. [DGT/VSQ/N0101: Employability Skills \(30 Hours\)](#)

Qualification Pack

WBSC/HCS/N2101: Describe water hyacinth potential application.

Description

Describe water hyacinth potential application.

Scope

The scope covers the following :

- Various parts of the water hyacinth plant.
- The problems caused by water hyacinth for fishing communities.
- The environmental impacts of water hyacinth.
- Basic handicraft items made from water hyacinth.
- The economic benefits of using water hyacinth for crafts.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Identify various parts of the water hyacinth plant.
- PC2.** Highlight the problems caused by water hyacinth for fishing communities.
- PC3.** Describe the environmental impacts of water hyacinth.
- PC4.** Demonstrate basic handicraft items made from water hyacinth.
- PC5.** Illustrate the economic benefits of using water hyacinth for crafts.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Water Hyacinth and its components.
- KU2.** How water hyacinth grows and spreads in water bodies.
- KU3.** Fishing communities problems such as water way blocking, aquatic habitats, entanglement of fishing nets, difficulty navigating boats etc.
- KU4.** Its environmental impact such as oxygen level reduction for aquatic life, sunlight blocking from reaching submerged plants, fish movement hindrance etc.
- KU5.** Safety precaution at work place.
- KU6.** The potential for turning water hyacinth into profitable products.
- KU7.** The benefits to local economies and job creation.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Visit to a water body to observe water bodies and water hyacinth plant.
- GS2.** Identify the plants key components like stems, leaves and roots.

Qualification Pack

- GS3.** Demonstrate various types of handicrafts made from water hyacinth.
- GS4.** Prepare chart to illustrate the potential of opportunities for water hyacinth products.
- GS5.** Use of PPE (Personal Protective Equipment) viz. wears gloves, long sleeves and protective eye wear to avoid skin irritation and contact with potential contaminants.

WBSC/HCS/N2102: Demonstrate the process of harvesting and drying.

Description

Demonstrate the process of harvesting and drying.

Scope

The scope covers the following :

- Usage of the right tools for harvesting water hyacinth.
- Separating stems from leaves and roots.
- Arranging stems properly for drying.
- Turning stems at the right time for even drying.
- Checking moisture to prevent spoilage.
- Signs of good and bad drying.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Use the right tools for harvesting water hyacinth.
- PC2.** Separate stems from leaves and roots.
- PC3.** Arrange stems properly for drying.
- PC4.** Turn stems at the right time for even drying.
- PC5.** Check moisture to prevent spoilage.
- PC6.** Identify signs of good and bad drying.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Safe harvesting techniques and tool usage.
- KU2.** The process of separating stems from leaves and roots.
- KU3.** The method of drying the stems.
- KU4.** The importance of turning stems periodically during drying.
- KU5.** The effect of drying time on quality of the stems.
- KU6.** Moisture effect on product durability.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Demonstrate the process of harvesting the plant.
- GS2.** Collect the plant from the water and remove mud, debris from it.
- GS3.** Cut leave and roots off the stems.

Qualification Pack

- GS4.** Properly bundle and transport the stems.
- GS5.** Dry the stems in sunlight maintaining proper layout (evenly spaced).
- GS6.** Turn the stems periodically for even drying.
- GS7.** Demonstrate the process for drying not to over or under dry them.
- GS8.** Monitor moisture level to avoid spoilage.

Qualification Pack

WBSC/HCS/N2103: Apply dye on water hyacinth stem.

Description

Apply dye on water hyacinth stem.

Scope

The scope covers the following :

- Setting up of the boiling apparatus correctly.
- Measuring the right amount of dye to the water.
- Submerging water hyacinth stems evenly in the dye bath.
- Maintenance of proper boiling time for uniform color.
- Wash stems properly to remove excess dye.
- Drying of the dyed stems correctly for best results.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Set up the boiling apparatus correctly.

PC2. Measure the right amount of dye to the water.

PC3. Submerge water hyacinth stems evenly in the dye bath.

PC4. Maintain proper boiling time for uniform color.

PC5. Wash stems properly to remove excess dye.

PC6. Dry the dyed stems correctly for best results.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The steps involved in dyeing: boiling water, measuring dye, adding stems, removing excess color.

KU2. Dye ratio and timing for quality results.

KU3. How boiling time affects color depth and evenness.

KU4. The steps for washing stems post- dye to remove excess color.

KU5. The methods for achieving even color distribution.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Set up boiling apparatus and boil the water.

GS2. Add color into the hot water.

GS3. Maintain correct dye-to-water ratios for desired color.

Qualification Pack

- GS4.** Submerge the water hyacinth cut-pieces into the dye bath.
- GS5.** Maintain boiling time of stem with color for consistent color depth.
- GS6.** Wash the stem post-dyeing to remove excess color.
- GS7.** Dry the stem after wash to get the proper color.

WBSC/HCS/N2104: Make basic craft items like ropes, coasters etc.

Description

Make basic craft items like ropes, coasters etc.

Scope

The scope covers the following :

- Making of ropes by twisting & braiding water hyacinth stems.
- Creating chain designs using loops and knots.
- Weaving a flat surface for placemats or table mats.
- Usage of coil weaving to make a small basket.
- Forming circular mats for coasters with a flat base.
- Braiding and stitching of stems to create a simple bag or purse.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Make ropes by twisting & braiding water hyacinth stems.

PC2. Create chain designs using loops and knots.

PC3. Weave a flat surface for placemats or table mats.

PC4. Use coil weaving to make a small basket.

PC5. Form circular mats for coasters with a flat base.

PC6. Braid and stitch stems to create a simple bag or purse.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. The process involved in rope and chain making.

KU2. Versatility in product design using these techniques.

KU3. Weaving and braiding methods for varied shapes.

KU4. The steps for making items like coasters, mats, hand bags etc.

KU5. Design options including color combinations and patterns.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Practice on making ropes by twisting and braiding.

GS2. Make chain designs using loops and knots.

GS3. Create small items of different colors and designs.

GS4. Create a flat woven surface for placemats or table mats.

Qualification Pack

- GS5.** Use coil weaving technique to form a basket with a base and walls.
- GS6.** Weave small circular mats with a flat base to make Coaster.
- GS7.** Braid the stems and sew them together to form a simple bag or purse.

WBSC/HCS/N2105: Make intricate items such as Baskets, Trays and Hand purses etc.

Description

Make intricate items such as Baskets, Trays and Hand purses etc.

Scope

The scope covers the following :

- Advance weaving techniques to make a basket.
- Handling integration while making a tray.
- Creation of a plant holder with a woven lining.
- Attaching wooden buttons to canvas using adhesive or stitching.
- Creation of different items like baskets, trays, purses and bags using intricate techniques
- Checking of the final product for quality and finishing details.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

PC1. Use advanced weaving techniques to make a basket.

PC2. Demonstrate handle integration while making a tray.

PC3. Create a plant holder with a woven lining.

PC4. Attach wooden buttons to canvas using adhesive or stitching.

PC5. Create different items like baskets, trays, purses and bags using intricate techniques.

PC6. Check the final product for quality and finishing details.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. Complex crafting techniques for advanced products.

KU2. The techniques for creating sturdy, functional products.

KU3. Patterns for items like baskets, trays and handbags.

KU4. Various material used for handicraft design like canvas cloth, wooden button, wooden hammer, scissors etc.

KU5. Precise measurements and pattern alignment techniques.

KU6. The importance of attention to detail in final items.

Generic Skills (GS)

User/individual on the job needs to know how to:

GS1. Make a basket using advanced weaving techniques.

Qualification Pack

- GS2.** Demonstrate techniques for making Trays including handle integration.
- GS3.** Create a woven basket with a lining to hold small plants.
- GS4.** Practice on wooden button art work on canvas using adhesive or stitching techniques.
- GS5.**
- Make the following items using advanced weaving and stitching techniques:
 - Lady Hand Purse (4 inch X 6 inch),
 - Lady Coin Purse (10 inch),
 - Baby Hand Purse (3 inch X 6 inch),
 - Picnic Bag (12 inch X 14 inch)
- GS6.** Focus on precision in measurements and finishing details.
- GS7.** Conduct quality checks of the final product to ensure market readiness.

WBSC/HCS/N2106: Set up a small unit for water hyacinth handicraft products.

Description

Set up a small unit for water hyacinth handicraft products.

Scope

The scope covers the following :

- The mission, vision, and goals of the Water Hyacinth Handicrafts business unit.
- Target markets, industry trends and competitors.
- Various funding sources and their applications.
- A comprehensive operational plan covering production and logistics.
- Realistic financial projections including income and expenses.
- The system for tracking business performance using KPIs.
- Various cash transactions accurately using appropriate methods.
- Compliance with GST concepts.
- Inventory management tools to maintain accurate stock levels.

Elements and Performance Criteria

To be competent, the user/individual on the job must be able to:

- PC1.** Define the mission, vision, and goals of the Water Hyacinth Handicrafts business unit.
- PC2.** Identify target markets, industry trends and competitors.
- PC3.** Identify various funding sources and their applications.
- PC4.** Create a comprehensive operational plan covering production and logistics.
- PC5.** Create realistic financial projections including income and expenses.
- PC6.** Explain the system for tracking business performance using KPIs.
- PC7.** Record various cash transactions accurately using appropriate methods.
- PC8.** Practice compliance with GST concepts.
- PC9.** Utilize inventory management tools to maintain accurate stock levels.

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** Introduction to the business, its mission, vision, goals and the products or services offered in its industry.
- KU2.** The entire business concept, unique selling points (USPs) and competitive advantages.
- KU3.** Identification of the target market, industry trends and analysis of competitors.
- KU4.** Collaboration with sales and marketing teams to gather insights on promotions, seasonal variations and market changes.

Qualification Pack

- KU5.** • Different Sources of Fund for Start-up such as state Government schemes:
 - Smami Vivekanda SwanibharKarmasanthanPrakalpa (SVSKP)
 - West Bengal Swanirbhar Sahayak Prakalpa (WBSSP)
 - Bhavisyat Credit Card
 - WBMDFC Schemes
- KU6.** Product/service details, pricing and positioning in the market.
- KU7.** Details on day-to-day operations (production, logistics and facilities), financial forecasts (income, balance sheets) and potential risks the business may face.
- KU8.** A system for regular monitoring and evaluation of the business plan's implementation.
- KU9.** Differentiate between various forms of payments (cash, card, UPI).
- KU10.** Definitions and significance of invoices, cash receipts, vouchers, and cash memos.
- KU11.** Introduction to e-payment concepts, debit and credit cards, UPI and mobile applications.
- KU12.** Definitions and explanations of terms such as event, transaction, account, capital, asset, liabilities, income, expenses, profit, loss, cost and vouchers.
- KU13.** GST concepts, applicability, exemptions, SGST, CGST, IGST, input tax, output tax, TCS, TDS, including rates and compliance.
- KU14.** Categorization of products into A, B and C classes based on their importance and value.
- KU15.** Implement Just-In-Time (JIT) inventory systems with reliable suppliers to reduce excess inventory.

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** Estimate the amount of funding required and the purpose, whether through loans, investments or other means.
- GS2.** Demonstrate detailed financial projections based on realistic assumptions and market trends.
- GS3.** Provide the operational plan on how the business will function, covering processes, technology and resources.
- GS4.** Demonstrate step-by-step plan for implementing the business strategy along with key metrics (KPIs) to track the business's progress.
- GS5.** Hands-on practice in identifying and recording various cash transactions.
- GS6.** Practically experience with e-payment methods, debit/credit cards, UPI and mobile applications.
- GS7.** Generate cash memos and related documents.
- GS8.** Role-play scenarios for effectively managing returns, refunds and exchanges.
- GS9.** Use accounting software or manual methods, record various financial transactions.
- GS10.** Practice preparing invoices, receipts, and vouchers.
- GS11.** Practically apply GST concepts, including calculations and compliance.
- GS12.** Implement inventory management software to automate processes, track stock levels in real-time and generate accurate reports.
- GS13.** Conduct regular physical audits and cycle counts to ensure the accuracy of inventory records.

Qualification Pack

- GS14.** Collaborate with key partners in the supply chain for shared demand forecasting and planning.
- GS15.** Utilize data analytics tools to analyze historical data, identify trends and make informed decisions.
- GS16.** Practice on creating detail project report template.

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values – Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Qualification Pack

Diversity & Inclusion

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

Qualification Pack

- KU10.** how to compute income and expenses
- KU11.** importance of maintaining safety and security in financial transactions
- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

Assessment will be based on the concept of Independent Assessors empaneled with West Bengal State Council of Technical & Vocational Education & Skill Development (WBSCT&VE&SD), identified, selected, trained and certified on Assessment techniques. These Assessors would be aligned to assess as per the laid down criteria.

WBSCT&VE&SD would conduct assessment only at the training centers or designated testing centers authorized by WBSCT&VE&SD. Ideally, the assessment will be a continuous process comprising of two distinct steps:

- Continuous assessment by Trainers
- Term end /Final Assessment by WBSCT&VE&SD

Each National Occupational Standard (NOS) in the respective QPs will be assigned weightage. Each Performance Criteria in the NOS will be assigned marks for theory and/or practical based on relative importance and criticality of function. This will facilitate preparation of question bank / paper sets for each of the QPs. Each of these papers sets/question banks created by subject matter experts through WBSCT&VE&SD, especially with regard to the practical test and the defined tolerances, finish, accuracy

Qualification Pack

etc. The following tools are proposed to be used for final assessment:

i. Written Test: This will comprise of (i) True/False Statements and/or (ii) Multiple Choice Questions and/or (iii) Matching Type Questions. Online system for this will be preferred.

ii. Practical Test: This will comprise a test job to be prepared as per project briefing following appropriate working steps, using necessary tools, equipment and instruments. Through observation it will be possible to ascertain candidate's aptitude, attention to details, quality consciousness etc.

iii. Structured Viva-voce: This tool will be used to assess the conceptual understanding and the behavioral aspects as regards the job role and the specific task at hand.

Minimum Aggregate Passing % at QP Level : 70

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Assessment Weightage

Compulsory NOS

National Occupational Standards	Theory Marks	Practical Marks	Project Marks	Viva Marks	Total Marks	Weightage
WBSC/HCS/N2101. Describe water hyacinth potential application.	20	100	-	-	120	12
WBSC/HCS/N2102. Demonstrate the process of harvesting and drying.	20	100	-	-	120	12
WBSC/HCS/N2103. Apply dye on water hyacinth stem.	20	100	-	-	120	12
WBSC/HCS/N2104. Make basic craft items like ropes, coasters etc.	20	110	-	-	130	13
WBSC/HCS/N2105. Make intricate items such as Baskets, Trays and Hand purses etc.	20	110	-	-	130	13
WBSC/HCS/N2106. Set up a small unit for water hyacinth handicraft products.	50	130	-	-	180	18

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.
Technical Knowledge	Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.
Core Skills/ Generic Skills (GS)	Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.
Electives	Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.
Options	Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.
